Joachim Josewan's TRUTH LETTER is primarily designed to-keep the resders of his manifold writings about the assassination of Procident John F. Kennedy (eight printed books, three mimeographed reports) abroast of latest developments in the case. Every book on current affairs must needs stop at a certain point. If it deals with a subject as poignant and disturbing as The Kennedy Murdor Fraud, the reader is bound to be left in suspense, anxious to find out what happened next.

TRUTH LETTER is intended to fill this gap by constantly bringing you up to date in the matter with news items, special reports and elucidating comment on the aftermath of Dallas, especially the Garrison enquiry in New Orgleans, the continuing extermination of witnesses, the machinations of the FBI and CIA with a view to blocking the breakthrough of truth etc. In addition, TRUTH LETTER will keep you informed about new developments in, and hidden expects of, the other two political murder cases intimately linked to the "Crimo of the Century," to wit the assassination of Senator Robert Konnedy and the slaying of Dr. Martin Luther King.

TRUTH LETTER is a biweekly newscheet, published in mineographed form the 1st and 15th of each month. Each issue will average five single-spaced agos of the same format as the present announcement, with occasional extra space as required by events. Escause TRUTH LETTER must be made wholly self-supporting from the start, subscription rates are comparatively high:

One year, \$45.00; six months, \$25.00; 3-months-trial, \$15.00

Single issues: \$5.00 per copy (all prices in U.S. dollars)

If you want to give some extra help in spreading the truth, take an additional subscription for a friend!

The first issue of TRUTH LETTER (Vol.I, No.1) is scheduled to appear on September 15, 1968. It contains, among other items, the following features:
