Judith Campbell Emer, a woman now living in San Diego, said last year that she had sexual relationships with both Kennedy and Giancana. Rosselli and Giancana also were involved in a CIA-backed plot to kill Premier Fidel Castro of Cuba.

Giancana was killed while the Senate Intelligence Committee was drying to arrange for him to testify about the Castro plot. Resselli did answer questions put to him by that committee but was not asked about possible links to the Kennedy assassination.

There have been no arrests in ether the Giancana or Rosselli murders. Sprague said that the committee had been promised the full cooperation of both the FBI and the CIA, including an apparently unprecedented agreement to give committee investigators access to the "raw" files of the two agencies.

He also said he would insist on obtaining autopsy information and other evidence that has been placed under seal at the request of the Kennedy family.
