MEMORANDUM FOR THE RECORD

FROM: Bill Ashbaugh
Office of General Counsel

SUBJECT: Merrill McCollough -- Contact with House Select
Committee on Assassinations

1. Subject, an Office of Security employee under Department of Defense cover, was contacted by a staff member of the House Select Committee on Assassinations on 27 February 1978. Mr. Jeremiah Aker arranged a meeting with the subject to take place on 2 March 1978 in order to discuss subject's knowledge of the Dr. King assassination. Subject came to work for the Agency in 1974 but worked for the Memphis Police Department at the time of the assassination. Subject has previously been questioned about his knowledge of the Dr. King assassination by the Department of Justice.

2. Subject came to the Office of General Counsel for guidance concerning protection of his cover while dealing with the Committee. It was the initial opinion of the undersigned that a member of this Office should accompany the subject to the 2 March meeting in order to advise those present of subject's true employer and ask that such cover be protected since current employment was not material to their investigation.

3. The undersigned notified Pat Carpentier of the Office of Legislative Counsel of subject's meeting of 2 March 1978. Mr. Carpentier is acting as the Agency liaison with the House Select Committee on Assassinations. Coincidentally, present at the time in Mr. Carpentier's office was Gary Cornwell who is the Associate Counsel for the House Select Committee on Assassinations. After explaining the situation to both men, it was their opinion that the undersigned should not accompany the subject and that subject should stick with his Department of Defense cover during the questioning. Mr. Cornwell is aware of subject's true employer and feels that his knowledge is sufficient notice to the Committee at this stage of the inquiry. The undersigned passed this advice along to the subject.

[REDACTED] 68574

4. Subject subsequently advised the undersigned that he was questioned on 2 March by four attorneys and one investigator from the Committee staff. He was not placed under oath, but was asked about his employment to which he responded using his Department of Defense cover. Subject will notify the undersigned if he is contacted by the Committee in the future.

Dear Mr. Lapham:

Reference is made to my telephone conversation on September 22, 1976, with Mr. John Morrison of your office. NOTE FOR: Pat Carpentier, OLC/C&R

FROM: Gary M. Breneman, OGC

Mr. Ashbaugh's memorandum of 3 March 1978 has been revised per your suggestion. While it is not the intention of OGC to interfere in your relationship with the Committee's investigation, this Office has an interest in seeing that the cover of Agency employees is protected while at the same time advising the employee concerning the perils of perjury. This interest, of course, becomes a duty when the employee, as in this case, comes to OGC for guidance on these matters. It would seem particularly important to have OGC input in this matter given the sensitive nature of the Committee's investigation vis-a-vis the Agency in an attempt to avoid even the appearance of providing misleading information.

INSPECTOR

75-37

Dear Mr. Colby:

October 1, 1975

Yet another problem to heap on your shoulders!

When Les Midgley and I came to see you, you were explicit in your denials of CIA involvement in the assassination of President Kennedy, and my recollection is that your denial applied to the assassinations of Robert Kennedy and Martin Luther King, Jr., and the attempt on the life of Governor Wallace, as well.

In our reporting and interviewing connected with our program on the murder of Dr. King, we have heard and filmed accusations against the CIA as the "conspirator". The charges have come from Ray's former defense lawyers and one of his present attorneys, his brother and from some black civil rights figures.

We have a responsibility, obviously, to report the charges.

We have an equal responsibility to give you and the Agency an opportunity to reply to them.

I realize that the demands on your time are great. Still, this is something I suspect you may want to give your personal attention.

What we would appreciate is a filmed interview with you -- a brief one -- dealing with the charge of CIA involvement in the alleged plot to murder Dr. King.

If this is impossible, we would appreciate your comment in some other form on the charge.

We will contact your office shortly to find out how you feel you should deal with our request.

Respectfully,

Dan Rather
