False Leads Multiplying In King Case

BIRMINGHAM, Ala. — (AP) — Deadend clues to a man who vanished without a trace apparently confronted FBI agents Tuesday in their investigation of the sniper slaying of the Rev. Dr. Martin Luther King Jr.

False leads multiplied in the hunt for Eric Starvo Galt, a mysterious quiet-talking man whose last known address was a Birmingham rooming house. His former landlord said Monday he had identified drawings shown by FBI agents as resembling Eric Galt.

"It's him," said Peter Cherpes, 72, who runs a two-story Southside boarding house where an Eric Galt lived for six weeks last fall.

Galt's abandoned white Mustang was impounded last Thursday by the FBI in Atlanta. It fit the description of a car seen leaving the scene after King was killed April 4 by a sniper firing from a romaing house in Memphis, Tem.

demphis witnesses described the superted assassin, who registered as Join Willard at a rooming house opposite King's motel, as about six feet and sandy-haired and "a clean, neat man," Apparently no trace of Willard has been found.

Associated Press inquiries turned up

Is there a real Eric Starvo Galt? the FBI was asked. It declined comment. Neither-would the FBI say why Galt was wanted.

The man known as Eric Galt had said he was employed at a Mississippi shipyard but there was no record of him. He claimed he held a Louisiana driver's license-six years ago, but no record was found in the files.

There are mysteries within the mystery: Galt left the Birmingham boarding house last Oct. To saying he had, a ship jeb in Mobile, Ala., but in December, he turned in the keys to his safety deposit hox at the Birmingham Trust National Bank.

s Eric Staryo Galt Real?

n addition, a duplicate driver's license for Eric Starvo Galt was mailed to the Bilmingham address March 1, nearly seven months after he left, and it appar-

ently vanished. The Birmingham Post Office indicated no forwarding address was left for Galt.

"The papers said he went down March 1 to ask for a duplicate license and he used the same address, which was wrong. He wasn't here," said Cherpes, who recalls Galt as "nice and friendly, quiet."

Cherpes described Galt as about 6 feet, 165-175 pounds with blue eyes and light brown hair, a neat, taciturn man. "If somebody talked to him, he would talk," the landlord recalled.

Galt had a room at the boarding house from Aug. 26 to Oct. 7, 1967, Cherpes said. The rent was \$22.50 a week.

"He registered here that he came from

Pascagoula, Miss.," Cherpes said. The boarder said he worked at Ingalls in ship-building jobs, Cherpes added. No record of his employment was found, the company office said Monday at Pascagoula.

"He was here on vacation and he said he was going to stay here about four months," the landlord said. The new boarder usually slept until about 11 a.m., had most of his meals at the rooming house and stayed to himself most of the time. Character:

The second week after he arrived, Galt bought a car, the 1966 white Mustage, plying cash. He needed a driver's license. "He asked me if I could drive him dwn to take the test," Cherpes said. "I did."

Called Himself Seaman

On the license application, Galt listed his occupation as "merchant seaman, unemployed." Maritime unions have no record of his name, nor was he drawing unemployment pay from the state.

About a week later, the landlord recalled, Galt got a package in the mail from Chicago: a box about two feet long, a foot wide and weighing 20 to 25 pounds. But Galt complained that it was the "wrong merchandise" and he was going to return it.

Galt left saying he had found ship work in Mobile, but expected "a check from Chicago." A letter to Galt from Chicago arrived at the boarding house in February or March and was returned since there was no forwarding address, Cherper

The landlord recalled that Galt has said he would send his new address. "But he never did send it."

At approximately 10:30 a.m., on this same date, an anonymous caller telephonically advised that he was calling from the Lamar Hotel at Lamar, Colorado, and wanted to report that there was "a guy who is staying at the hotel who is a dead ringer for the guy who shot the nigger." The caller was asked to what person he was referring as the "nigger" and he replied that he was referring to KING.

The caller refused to furnish his name and stated that the person who he was referring to is one DONALDFINCH, who was described as a white male, 45 years, 6'2", 180 pounds, brown hair and, who according to the caller, has been at the Lamar Hotel since 4/9/68. He said that FINCH claims to be from El Paso, Texas; speaks with a southern accent and has been contacted several times by his father by phone from El Paso.

The caller stated that he had seen drawings in the paper of the person who shot KING and that in his opinion, FINCH is a dead ringer for this man. He stated that in addition, FINCH has told his, the caller's, wife that he, FINCH, is hiding from the law, and he spends almost all of his time in his room. The caller stated that FINCH plans to leave Lamar at 4:45 p.m. on 4/17/68 by Continental Bus and has stated that he is "going West." The caller was again asked to furnish his name and he stated that he did not want to do so but that should someone come to the Lamar Hotel, to ask for the manager.

At approximately 10:35 a.m. today, Mr. JOHNNY BENNETT, room 11, Lamar Hotel, Lamar, Colorado, telephonically contacted the Denver Office and advised he was presently looking at a sketch of GALT in a Pueblo, Colorado, newspaper and this sketch and description of GALT is similar to a man (FNU) FRENCH presently staying at the Lamar Hotel. He stated this man was drawn to his attention by the manager of the hotel, name unknown, and after comparing the newspaper sketch.

with Mr. FRENCH, he is convinced that they are identical for FRENCH is a dead ringer for GALT. He further advised that the manager told him that this man has received telephone calls from his father in El Paso, Texas, and is talking about leaving town. He stated the man has been staying at the hotel for approximately two - three days, doesn't work, and earlier this morning talked to a bus driver at the hotel. He advised he would keep his eye on this man until he is contacted by the FBI or local authorities.

This information was furnished to ASAC MORLEY at which time Mr. MORLEY stated that in view of the discrepancy in description, he desired that SA TRAINOR contact the local authorities and have this man checked out. He further requested that the Lamar Authorities then contact the Denver Office with the full background information on this man and have him checked through our indices or NCIC.

Don't Underrate The FBI

Congressman Charles Whelan. of Ohio, has been criticizing the FBI in its investigation of the murder of Dr. Martin Luther King, The Ohio lawmaker says there have been discrepancies throughout the investigation and calls upon the FBI to "set the record

"The handling of the investigation and the efforts to apprehend the guilty person or persons hardly had been reassuring to a tense and troubled nation," the

congressman said.

Since the FBI is not in the habit of tipping its hand and revealing its strategy to the advantage of the objects of investigation, how does the congressman know whether or not the FBI's efforts are adequate? The benefit of the doubt

would rest with the FBI, since it has a long-standing reputation for sound, thorough, effective investigation.

In police or FBI probing, many leads must be followed, and some of them inevitably turn out to be dead ends. An investigation must go in various direct tions. If this is what Congressman Whe lan means by discrepancies, he shows a naive lack of knowledge about police work...

It may not be reassuring to Mr. Whelan that the guilty person or persons have not been apprehended, but it is reassuring to a more realistic public that the FBI is working on the case. The FBI knows what it is doing even if Mr. Whelan doesn't know what he is talking

Mr. Val Zetterman, Asst. Supvr., Master Files Section, Colo. DMV, advised writer 4/17/68 that it is almost impossible to determine all white males of a particular birthdate who have been issued a Colo. Driver's license because their records are filed alphabetically and are not computerized. Also their records do not show race. Their office contains approximately $1\frac{1}{2}$ million individual drivers license records, which would have to be checked individually to determine all males of a particular date of birth who have been issued a Colo. drivers license.
