there was one white male sitting in the rear of this car on the passenger side of the vehicle. She stated there was possibly a second individual sitting in the rear seat of the vehicle; however, she could not be certain of this. She pointed out that the car apparently had clothing, or items, hanging in the car, and she just could not be certain whether or not she had observed a second individual sitting in the back seat of the car.

WALTON stated that the Mustang came to a quick stop and the white male sitting on the passenger side of the front seat got out of the car, proceeded around the vehicle, and got behind the steering wheel of the vehicle. She stated that the driver of the car apparently just scooted over the front seat and never actually got out of the car. WALTON stated that the vehicle immediately departed in what she considered to be a rather hasty fashion, spinning its tires in the gravel.

WALTON stated that the vehicle was definitely a white Mustang and she is relatively certain that it was a 1967 model vehicle. WALTON was requested to describe this vehicle in detail, and thereafter, furnished the following information:

WALTON stated she believed the vehicle was a two door, and was definitely not a convertible or sports model car. She stated she recalls observing a chrome strip running the complete length of the vehicle, and further recalls that the car was very clean, with shiny chrome hubcaps. WALTON stated she could not be certain concerning the license plates of the car, but believed the license plates had a white background and that the numbers or letters on the license plates were a dark color. WALTON stated that the only thing she could be certain about concerning the license plates was that the license plates were not Mississippi tags.

WALTON was requested to describe the white males she observed in the white Mustang. She pointed out that

the individuals remaining in the car while it was stopped at Jack's Truck Stop were not observed by her very closely and she could not furnish any real details concerning their description. She did recall that the individuals were all white males, and she estimated the individuals to be in their early twenties. She stated that her first impression concerning these individuals was that they were young college men.

WALTON furnished the following description of the individual that actually got out of the white Mustang, and who walked around to the driver's side of this car:

Race:	White
Sex:	Male
Age:	23-24
Hair:	light-colored and rather long like a Beatle haircut; she explained the hair was combed to the side

WALTON stated this individual was tall and rather slim, and was wearing what she believes to have been a dark brown sports coat with a white shirt. She stated this individual was not wearing a tie, to the best of her memory. She further stated this individual walked with the top portion of his body leaning over. She explained that he did not walk standing straight up. She explained that the only other way she could describe this walk was that the individual appeared to be walking in a hurry.

WALTON has stated she did not recognize any of the individuals in this automobile, and that she did not recognize the car as belonging to anyone she was familiar with. She further stated it was questionable whether she could ever identify the one white male that she observed get out of the 1967 Mustang and walk around the car.

WALTON concluded by stating she could furnish no other information regarding the white males or the vehicle

they were driving. She did recall that the vehicle approached Jack's Truck Stop on Highway 78 from the north, and was headed south when it departed.

Date 4/11/68

Mrs. GRACE ROSCHELLE, 946 Myrtlewood Street, Jackson, Mississippi, telephonically advised as follows on this date:

She said her husband, RAYMOND ROSCHELLE, had stopped at a truck stop in Brookhaven, Mississippi, managed or operated by a Mrs. (first name unknown) MARTIN on the late evening of April 4, 1968. She said her husband overheard a conversation that one JESSIE KIMBELL, or KIMBALL, a white male from Brookhaven, Mississippi, had been having with some truck drivers at the truck stop. She said her husband told her that KIMBELL, or KIMBALL, who appeared to have been drinking, said he had just arrived from Memphis, and made some remarks about MARTIN LUTHER KING, JR.'s being shot there and about a blanket muffling the shot from the assassin. She said her husband continued that KIMBELL, or KIMBALL, related information that the gun used by the assassin had been purchased at a Sears, Roebuck and Company Store in Memphis, Tennessee, on Jefferson or Poplar Street. She said her husband overheard KIMBELL, or KIMBALL, to say he worked for a wholesale drugstore or pharmaceutical company in Brookhaven.

Mrs. ROSCHELLE said her husband told her that KIMBELL, or KIMBALL, was driving a late model white Chevrolet but her husband had been unable to obtain the license number. She said her husband did not want to be contacted by the FBI in this regard. She said the information she had provided from her husband could possibly have a bearing on the assassination of MARTIN LUTHER KING, JR.

Mrs. ROSCHELLE said she does not have a telephone at her residence but, if necessary, can be contacted at the home of a neighbor at telephone number 352-6010.
