MURKIN

The following listing are those cleaners known to the Conn. State Police with equipment which will apply the instant permaseal to clothing to be laundered.

In making contacts at these cleaners and launderers, it is to be noted Albany by teletype 4/11/68 suggested in covering leads in Albany airtel 4/10/68, that personal contacts be made with operator of machines in preference to supervisory personnel as Textile Marking Machine Co., Syracuse, New York, now suggests that "O" in first character may have been inserted by machine operator in preference to using a dash (-). If other characters similar to questioned code, Albany further suggests they be immediately submitted to Bureau Lab for comparison.

TO : SAC

DATE: 4/11/68

FROM : SA JULIAN C. NICHOLS

SUBJECT: MURKIN

The following listing are those cleaners known to the Conn. State Police with equipment which will apply the instant permaseal to clothing to be laundered.

In making contacts at these cleaners and launderers, it is to be noted Albany by teletype 4/11/68 suggested in covering leads in Albany airtel 4/10/68, that personal contacts be made with operator of machines in preference to supervisory personnel as Textile Marking Machine Co., Syracuse, New York, now suggests that "O" in first character may have been inserted by machine operator in preference to using a dash (-). If other characters similar to questioned code, Albany further suggests they be immediately submitted to Bureau Lab for comparison.
