4/27/68  
NOLA

Called & asked if I wanted to go to Dep's.  
We  stayed there a couple of hours  
then came home & went to sleep.

Saturday - Mar 23  
We went for a ride, a real  
long one. Muddie cleaned  
the house for me. We called  
Chicken Delight. Their ribs  
are really good. & That's It.

Sunday - Mar 24  
We went to Eddie & Janie's  
house. I won \$3<sup>00</sup> + something.  
We got home about 11. Grand  
came over earlier. He just stood  
about on how.

Monday - Mar 25  
All I did today was wash  
& ironed. I spoke  Charles.

Tuesday - Mar 26  
I finally made my income tax.  
Muddie drove me to the bank  
to get a short form. I ironed a  
little.

Wednesday - Mar 27  
I cleaned up real good, changed the  
linen & washed the sheets. I helped Muddie

with the boat. Well, I guess  
I wasn't much help. But I did  
go to the Hardware store for him.

~~Thursday - Mar 28~~

~~Friday~~

Saturday - Mar 30

I went to the track. I came  
out #4 ahead. OK huh? #4 is #4. And,  
that's it.

Sunday, Mar 31.

We went to Grand Isle to  
fish. Well, as always - they  
fished + I slept.

Monday - April

Well, today is the start of a  
new month, and I do hope this one's  
a little different from the last ones.  
I get so bored + I really feel #  
bad when I think of what I could  
be doing, but I stop + smile when  
I think of all the trouble I'm  
not getting into.

~~sure of that.~~

~~new + I'm~~

Data in columns 6, 12, 13, 14, and 15 are based on 8 observations per day at 3-hour intervals. Wind directions are those from which the wind blows. Resultant wind is the vector sum of wind directions and speeds divided by the number of observations. Figures for directions are tens of degrees from true North; i.e., 09 = East, 18 = South, 27 = West, 36 = North, and 00 = Calm. When directions are in tens of degrees in Col. 17, entries in Col. 16 are fastest observed 1-minute speeds. If the / appears in Col. 17, speeds are gusts. Any errors detected will be corrected and changes in summary data will be annotated in the annual Summary if published.

Subscription Price: Local Climatological Data \$1.00 per year including annual Summary if published. Single copy: 10 cents for monthly Summary; 15 cents for annual Summary. Checks or money orders should be made payable and remittances and correspondence should be sent to the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

I certify that this is an official publication of the Environmental Science Services Administration, and is compiled from records on file at the National Weather Records Center, Asheville, North Carolina, 28801.

*William J. Haggard*  
Director, National Weather Records Center

OBSERVATIONS AT 3-HOUR INTERVALS

Table with columns for HOUR, SKY COVER, CEILING, WIND, WEATHER, and various weather codes (DRY, WET, REL., DEW, DIR., WIND, SKY COVER, CEILING, WIND, WEATHER) repeated for each day from DAY 01 to DAY 31.

REFERENCE NOTES

- CEILING COLUMN— UNL indicates an unlimited ceiling. CIR indicates a ciriform cloud ceiling of unknown height. WEATHER COLUMN— T Tornado, TH Thunderstorm, Q Squall, R Rain, RW Rain showers, ZR Freezing rain, L Drizzle, ZL Freezing drizzle, S Snow, SP Snow pellets, IC Ice crystals, SW Snow showers, SG Snow grains, E Sleet, A Hail, AP Small hail, F Fog, IF Ice fog, GF Ground fog, BD Blowing dust, BN Blowing sand, BS Blowing snow, BY Blowing spray, K Smoke, H Haze, D Dust.

WIND COLUMNS—

Directions are those from which the wind blows, indicated in tens of degrees from true North; i. e., 09 for East, 18 for South, 27 for West. Entry of 00 in the direction column indicates calm. Speed is expressed in knots; multiply by 1.15 to convert to miles per hour.

ADDITIONAL DATA

Other observational data contained in records on file can be furnished at cost via microfilm or microfiche copies of the original records. Inquiries as to availability and costs should be addressed to:

**Description:**

*Self explanatory  
investigative insert  
concerning an interview with  
James D. Wallace*

On May 14, 1968, JAMES D. WALLACE, MSP #75682, born in [redacted] said he is the clerk of C Hall. He said he "fell" from St. Louis in 1959 for Armed Robbery and other charges. He was paroled in 1965 and was returned for violation by reason of drunk driving on March 11, 1968.

He said he was raised with JAMES L. OWENS, the "fall partner" of JAMES EARL RAY. He said he knew OWENS in the Penitentiary and saw him on three or four occasions in St. Louis, Missouri, while he was out. He said he recalled that he was C Hall tender when RAY tried to go over the walls and his ladder or rope or something broke about 1966. He said he was not a good friend of RAY's in the Penitentiary and knew him only to speak with him. He said he saw RAY in St. Louis sometime during the summer of 1967. He said it was probably the early part of the summer. He said RAY was with OWENS. He was just coming out of the Jefferson-Gravois Bank, located at the same address. RAY and OWENS were just entering the bank. He stopped and said to them that he was glad he got his money out before they got in. He said RAY laughed and said that "they were putting in". He said his wife was waiting in a car at the curb and he did not stop to talk and he went on out and drove off.

He said he had no way to fix the date. He said he reflected, at the time, that RAY must have escaped because he knew he had attempted to escape and had been "set back" on parole and he had too much time to have been released.

He said he saw OWENS on other occasions. He recalled that in 1966 he went to take a Missouri State Driver's license examination. OWENS was there and they got to talking about the Penitentiary and the examiner made OWENS leave because he apparently thought he was getting answers to the questions. He said the people at the examining station mentioned that OWENS had been there before and caused them some trouble.

WALLACE said that RAY had the reputation of being the type of person who served his time without comment and did not "mess" in the affairs of other people. He said he did not think that RAY would kill anyone as he is just not the type. He also said he has never heard of any organization in the Penitentiary and has never heard the name of COOLEY used in connection with any type of business or "racket" inside the walls and he did not know anyone by that name.

He said that inmates have over the years used cigarettes as medium of exchange in lieu of money and they make "parlay" bets on baseball games, horse races and other types of contests similar to bets made with money outside. He said he knew of no "lottery" as such involving cigarettes, but he said this might exist. He said there are "cliques" of prisoners who connive together for various reasons, and who become close associates, but there is no wide-spread organization and never has been to his knowledge. He said he certainly would be in position to know about it if there was and would have no hesitation in saying so if such existed.

## INSTRUCTIONS

This report is required pursuant to Treasury Department regulations revised August 3, 1959 (31 Code of Federal Regulations 102).

Forms TCR-1 shall be prepared in original only for currency transactions involving United States currency as follows:

1. Transactions involving \$2,500 or more of United States currency in denominations of \$100 or higher;
2. Transactions involving \$10,000 or more of United States currency in any denominations, and
3. Transactions involving any amount in any denominations,

which in the judgment of the financial institution exceed those commensurate with the customary conduct of the business, industry or profession of the person or organization concerned.

Reports shall be filed on or before the 15th day of the month following that in which the reported transactions occur, with the Federal Reserve Bank of the district in which the reporting financial institution is located. Copies of this form may be obtained from any Federal Reserve Bank.
