The following investigation was conducted by Special Agent RICHARD K. BUTZ at Baton Rouge, Louisiana, on April 11, 1968:

At the Department of Public Safety, Louisiana Drivers License Division, File Room, a search was made through all purged drivers license applications which were taken from the active drivers license application files. These applications were applications of persons which have been renewed or licenses in Louisiana, prior to 1963. A review of these records failed to show any drivers license application under the name of ERIC STARVO GALT.

A review of microfilm containing drivers license applications of persons who have not renewed their licenses in Louisiana, and which applications were purged from the active files, in 1960, failed to show any drivers license application under the name of ERIC STARVO GALT.

On April 15, 1968, at the Department of Public Safety, Louisiana Driver's License Division, File Room, a search was made of the purged driver's license applications, which are applications of persons who have not renewed their driver's license, under the name GALT, LOWMEYER, and WILLARD, as well as variations of the spellings of these names. The review of the driver's license applications by name as well as date of birth failed to show any driver's license application under these names or variations of the names.

ALTON MC KEE, Data Processing Unit, Louisiana Driver's License Division, Department of Public Safety, advised his office maintains punch cards of all persons who have not renewed their driver's license in the State of Louisiana, and whose driver's license application would be purged from the files of the driver's license application. A search of these files failed to show that any person with the last name of GALT, LOWMEYER, or WILLARD as having an expired Louisiana driver's license. He advised that these files would contain licenses which would have expired back to 1961.

Mr. VINCENT LIBERTO located in the vicinity of his employment, Viking Truck Lines, 6750 Gentilly Road, New Orleans, and interviewed. He voluntarily furnished the following information:

There is only one member of his immediate family that is in the produce business and that is his brother FRANK, in Memphis, Tennessee. He has not talked to FRANK by telephone in at least four years. He stated FRANK is the oldest of the brothers and there are two other brothers residing here in New Orleans, at present. One is ANTHONY who resides at 2211 Almonaster, who is a retired diabetic with a heart condition, having previously been employed by Viking for many years. The other brother is SALVATORE, who works for West Brothers Trucking Lines, and has for many years. SALVATORE lives in Terry Town, just across the Mississippi River Bridge, and he believes the address is on Matador Drive.

He stated he was born and raised in Memphis and his father was in the produce business for many years, but none of the brothers in New Orleans are in the produce business. He knows that FRANK occasionally travels to Hammond, Louisiana, to purchase strawberries but he knows of no other business contacts of FRANK in the produce line in New Orleans.

He examined a photograph of JAMES EARL RAY, and advised he has seen this individual in the newspapers and television and has no knowledge of the KING assassination other than that gained from the news media.

He stated he resides at 705 North Upton and his mother, Mrs. EMMA LIBERTO, resides alone at 2219 Almonaster. He stated he would have no knowledge of any disparaging remarks made by his brother FRANK concerning KING or the Negro element.

Mrs. EMMA LIBERTO, 2219 Almonaster, was interviewed in the home of her son, ANTHONY LIBERTO, 2211 Almonaster and advised as follows:

She is the widow of VINCENT LIBERTO, and her maiden name was HARDIN. She was born and raised in Memphis, Tennessee, and is 71 years of age. She and her husband came to New Orleans about 39 years ago and she has seven living children, of which three sons and one daughter reside in New Orleans.

She stated she saw her son FRANK last Friday when he stopped in to see her after a trip to the Hammond, Louisiana, area for the purpose of purchasing strawberries for his produce business.

She occasionally contacts him by telephone and in fact called him a couple of days after the KING assassination purely out of concern for the family and to inquire as to the local situation.

She viewed a photograph of JAMES EARL RAY and stated that it looked familiar; however, she could not identify it specifically. She advised she has no knowledge of the KING assassination, other than what she has read in the newspapers and seen on television.

He is currently retired and living alone at this address. He formerly worked for a 17 year period with Viking Truck Lines, but for medical reasons was forced to retire. He stated that he is a diabetic with a heart condition. For that reason he cannot do strenuous labor. He stated that he has not been in telephonic contact with his brother, FRANK in Memphis in several years and the only member of his immediate family residing in New Orleans who may have possibly been in touch with FRANK would have been his mother, Mrs. EMMA LIBERTO, who resides at 2219 Almonaster.

He viewed a photograph of JAMES EARL RAY stating this individual looked familiar but he could not identify it.

He stated that his brother SALVATORE lives some where on the West Bank of the Mississippi River, exact address unknown; however, his telephone number is 367-3020. He stated that both his brother, SALVATORE and VINCENT are employed with trucking firms and have been so employed for many years. SALVADOR ALBERT LIBERTO, 856 Matador, Gretna, Louisiana, telephone number 367-3020, advised that he was born [redacted] in New Orleans, Louisiana. On January 22, 1954, at New Orleans, he married PATRICIA KRELLER and has one son and three daughters. For the past thirteen (13) years, LIBERTO has been employed as a checker at the West Trucking Company, New Orleans.

LIBERTO stated that sometime just before the MARTIN LUTHER KING, JR., assassination, exact date unrecalled, he telephonically spoke to his brother, FRANK LIBERTO, in Memphis, Tennessee. LIBERTO made this telephone call from his mother's residence. The purpose of this call was to borrow \$200 from his brother. LIBERTO did not make this call from his own residence, as he did not want his spouse to know about the loan. His brother, FRANK LIBERTO, wired him \$200 in care of his mother's residence in New Orleans.

While on the telephone with his brother FRANK, FRANK invited him to visit him in Memphis, or to meet him at Hot Springs, Arkansas. LIBERTO advised that his brother, FRANK, follows the race horses and likes to go to a race track at Hot Springs, Arkansas, and bet horses. FRANK LIBERTO discussed his winnings and loses on the telephone with SALVADOR LIBERTO. SALVADOR LIBERTO does not recall the exact amounts of money he discussed.

LIBERTO viewed photographs of JAMES EARL RAY and WALTER TERRY RIFE and advised that he did not know either of these individuals and he did not believe that he had ever seen either of these individuals.

NO 157-10673:jmp

The following investigation was conducted by SA JOHN E. MC DANIELS on April 9, 1968, at New Orleans, Louisiana:

Lieutenant (j.g.) EDWIN MITCHELL, Inspection Division, United States Coast Guard, advised that he could locate no record of ERIC STARVO GALT as ever having been licensed with the United States Coast Guard at New Orleans.

Lieutenant MITCHELL stated that regarding tugboats operating in inter-waterways, no licensing or inspection is required. There is no union for tugboat crewmen nor is any Coast Guard licensing required for crewmen.

Lieutenant MITCHELL made a conservative estimate of 15,000 tugboats having Customs Registration with the United States Coast Guard, New Orleans. Tugboat custom registration is needed in the Naval District of the residence of the registered owner and bears no relationship to the actual location of the tugboat.

1Date 4/16/68

Sister MARY RAPHAEL, O.P., an instructor at St. Mary's Dominican College, New Orleans, Louisiana, was interviewed and advised as follows:

On April 27, 1965, she attended a speech by ADOLPH I. BOTNICK, Regional Director, Anti-Defamation League (ADL), at St. Mary's Dominican College in New Orleans. The subject of Mr. BOTNICK's speech was the Ku Klux Klan, following which there was a short question and answer period. During the question and answer period a white male in his 50s, approximately 5'9", 150 pounds, with a lined weathered face asked a pointed question of BOTNICK, the text of which is not recalled. Subsequently BOTNICK answered this individual in such a manner as to make him appear the fool. The manner in which Mr. BOTNICK answered this question caused the nuns present to feel a degree of sympathy towards the white male questioner. Immediately following BOTNICK's presentation, Sister RAPHAEL approached the questioner, who introduced himself to her as Mr. GUZMAN and indicated to her that he was affiliated with law enforcement in the State of Louisiana and displayed a card or badge to her. She recalls the last name GUZMAN because it is the name of St. DOMINIC.

She is unable to recall any companion or any individual who accompanied Mr. GUZMAN and she is certain that she was the first individual to talk to him following the termination of Mr. BOTNICK's speech. She has not seen or heard from Mr. GUZMAN since their meeting at Mr. BOTNICK's speech. She recalls that Mr. GUZMAN was dressed in a suit and tie.

Date 4/16/68

ADOLPH I. BOTNICK, Regional Director, Anti-Defamation League (ADL), 535 Gravier, New Orleans, was interviewed and advised as follows:

During the Spring of 1965, date not recalled, he delivered a speech at St. Mary's Dominican College, New Orleans, Louisiana, the theme of which was the "Ku Klux Klan". During this speech he was questioned extensively by a white male, approximately 55 to 60 years of age, 5'8" to 5'9", 150 pounds, thin face, high cheek bones with receding gray hair which was combed straight back. He recalls that this individual was dressed in a suit and tie and appeared to be alone. He does not recall that this individual at any point identified himself as a member of the Ku Klux Klan, however, he had the impression that the individual definitely was conservative in his political thinking. BOTNICK denies advising anyone following the speech that this heckler was known to him or that the ADL had an extensive file on him. He might have said that the ADL maintained extensive files on klan members.

Since the time of this speech, BOTNICK has seen and conversed with the aforementioned white male on approximately eight occasions, the most recent one being during Mardi Gras (February, 1968) when the individual approached him at the K & B Cafeteria, 200 St. Charles Street, New Orleans, while he, BOTNICK, was eating lunch. On other occasions he has observed this individual at the Holsum Cafeteria on Gravier Street in New Orleans. During the conversations which he has had with this individual the individual has continually asked BOTNICK what the ADL has against patriotism. The individual has not on any occasion introduced himself to BOTNICK nor has he indicated background information.

BOTNICK was unable to furnish the identity of any individuals who might have witnessed his confrontation with this individual at St. Mary's Dominican College other than Sister MARY LOUISE, past president of that institution.

Mr. HAMMETT stated, however, that his father was quite sick about that time and he was receiving telephone calls from his uncle, ED HUNSUCKER, from various parts of Texas. HAMMETT stated that ED HUNSUCKER is a truck driver for Hill and Hill, Houston, Texas, and as such travels quite extensively throughout the state of Texas. Mr. HAMMETT stated that it must have been Mr. HUNSUCKER making the call to inquire as to his father's health condition. A review of her telephone log for the period December 15-17, 1967, failed to show any calls to or from Houston, Texas. It is possible that she or Mrs. PEGGY SYLVIA, who also worked in the office during the period of December 15-17, 1967, might have missed logging some calls. A review of records of her office for the period December 15-17, 1967, showed cars checked in and checked out of her office only to persons of local companies whom she knows. Captain JOHN A.R. PEART, Delta Airlines, was interviewed at New Orleans International Airport, and furnished the following information:

He recalls that approximately two to three weeks ago, exact date and flight unknown, that one of the stewardesses on board this particular flight, placed a weapon in the cockpit for safekeeping during this particular flight. Captain PEART commented that he believed this weapon was a shotgun, enwrapped in some type of a box. He stated he did not recall any specific markings or names on the box, and paid little attention to the incident, since it is routine to have various weapons placed in the cockpit during flights. Captain PEART further advised that he did not recall the name of the stewardess who placed the weapon in the cockpit, inasmuch as he is not certain of the particular flight involved or date.

Captain PEART was shown five photographs, including one of the subject, which he could not identify as anyone he had seen aboard his aircraft over the past several weeks. He further indicated that most of his time is spent in the cockpit and as such, he would have little opportunity to observe the passengers.

FEDERAL BUREAU OF INVESTIGATION

Date 5/3/68

ROSE WILLIAMS advised she is a very close friend of MARIE LEE, nee Stein, and she had seen GALT when GALT was in New Orleans during the month of December, 1967. She stated she is acquainted with the entire STEIN family and considers herself a close friend of all members of the family.

WILLIAMS advised that Mrs. CARMEN ROSAS, the paternal grandmother of two sons of RITA ROSAS, nee Stein, somehow had RITA ROSAS' Social Security checks stopped and because of this, ROSAS had no money with which to support her four children. She stated because of this situation, RITA ROSAS' mother, Mrs. CLOVINA OLONZO, traveled to Los Angeles, California, in the Fall of 1967, exact date unrecelled, and returned to New Orleans with the two daughters of RITA ROSAS. She advised RITA ROSAS sent her two daughters with her mother, because she felt that Mrs. CARMEN ROSAS would not make any attempts to assume custody of the daughters, whereas she was certain that she would attempt to assume custody of her two sons.

WILLIAMS advised that Mrs. ROSAS attempted to have the two children living with Mrs. CLOVINA OLONZO declared wards of the State and placed in a juvenile home. She advised that these proceedings were instituted and the two children were even examined by a doctor from the New Orleans Welfare Board. WILLIAMS advised because of this situation she and MARIE LEE telephonically contacted RITA ROSAS and advised her that someone would have to return to New Orleans and take the children back to California or they would become wards of the State. She stated that ROSAS advised she could not make the trip as she did not have any money and she did not know what she would do about this situation.

WILLIAMS advised that several days later RITA ROSAS telephonically contacted MARIE LEE and advised her brother, CHARLES STEIN, had found a ride from Los Angeles, California, to New Orleans and that he would pick up the children and

return them to Los Angeles, California.

WILLIAMS advised that MARIE LEE had informed her that STEIN's ride was to be with a man he had met several days before and that he knew nothing about him and this man was not a friend of the family.

WILLIAMS advised that shortly before Christmas, 1967, she received a telephone call from MARIE LEE stating that CHARLES STEIN had arrived in New Orleans and was staying at her residence. She advised she cannot recall the exact date that STEIN arrived in New Orleans, but after reading the newspapers she felt it was December 17, 1967. She advised that LEE informed her that STEIN was to return to Los Angeles with the two children the following day.

WILLIAMS stated she did not go to MARIE LEE's house that evening, but the next evening she and LEE prepared a dinner for CHARLES STEIN. She stated she arrived at LEE's house that evening at approximately 8:00 and shortly thereafter, their telephone rang and the caller was ERIC GALT. GALT explained on the telephone that he was lost and was trying to find LEE's apartment and that he was telephoning from an unknown restaurant at the corner of Elysian Fields Avenue and Burgundy Street. WILLIAMS advised that GALT was given directions as to how to find LEE's apartment and that CHARLES STEIN sent her to the front porch to watch for GALT's white Mustang. She advised after several moments she saw the white Mustang come down Burgundy Street and she hollered at this individual and he stopped, parked the car and walked back to this apartment. She advised that STEIN introduced her to this individual and called the individual ERIC GALT. She stated GALT did not acknowledge the introductions and did not say anything. She advised she was in his company about five minutes and she then left MARIE LEE's apartment.

She advised the next afternoon she tried to start her car, but it would not start and she decided to walk to LEE's

NO 157-10673

apartment to use her car as she had to go to the bank and it was about 1:30 in the afternoon. She advised when she arrived at LEE's apartment, she saw a United Cab parked near LEE's residence and decided to take the cab to the bank, but she could not find the cab driver. In a few moments she observed CHARLES STEIN, RITA STEIN's two children, ERIC GALT and a small white male walking from LEE's apartment, carrying luggage and packages. She advised she recognized this unknown white male as CHARLES deCARVELHO and she approached them to say goodbye to CHARLES STEIN and the children. She stated she took a shopping bag from one of the children and placed it in the back seat of GALT's white Mustang and wished them on a safe trip. She then learned that deCARVELHO was the driver of the cab and she left with deCARVELHO in the cab to go to the bank after deCARVELHO had bid his farewell to CHARLES STEIN.

WILLIAMS advised that while she was in GALT's company GALT did not speak and merely stood around with his head hanging downwards. She described GALT as a neat dresser, but not wearing the current style of clothing. She stated the day GALT and STEIN left New Orleans, GALT was dressed in a grey suit with a white shirt and tie and appeared very neat.

She stated GALT seemed to be an average individual in his thirties with no outstanding or distinguishing characteristics with the exception of a long thin nose and a thin face.

She stated she did not recognize GALT from the photograph that was printed in the newspapers since his face was much thinner and his hair was shorter.

WILLIAMS advised that CHARLES STEIN is now a believer in the cosmic philosophy and "a true believer in God." She advised this is a complete change from the CHARLES STEIN she formerly knew and she held a long discussion with STEIN about this new philosophy on his trip to New Orleans. She was advised by STEIN that MARIE "MINNIE" MARTIN had

NO 157-10673

met an individual in a bar where she worked in Los Angeles and had heard this individual state he was coming to New Orleans on business and she arranged for STEIN to travel with this individual. She stated STEIN also informed her this individual, ERIC GALT, requested that he register for GEORGE WALLACE in California before they departed and STEIN did so. STEIN also informed her GALT paid for everything on the trip, including all food, gas and motel bills and, further, advised that STEIN showed her the twenty dollar bill he had in his possession when he left Los Angeles and still had in his possession when he arrived in New Orleans. She advised that she did not feel that MARIE LEE would lie to her about CHARLES STEIN's knowledge of or association with GALT and she believed both STEIN's and LEE's statements that STEIN did not know GALT and had only met him several days before the trip.

She stated she did not feel that STEIN and GALT would have been involved in any illicit drug activity in California and based this statement on the fact that STEIN claimed to have known GALT only several days before the trip.

She stated she did not know if STEIN had fixed GALT up with any women while they were in New Orleans. She stated CHARLES STEIN asked her if she would like to go out with GALT and show him the town, but she declined. She advised STEIN did not press the issue and if he had, she would have gone out with GALT as a favor to STEIN. She stated STEIN has been out of touch with the people of New Orleans for several years and did not know if he would have been able to fix GALT up with anyone in New Orleans. WILLIAMS advised there was no mention of sex when STEIN asked her if she would like to go out with GALT.

WILLIAMS again advised the individuals present when CHARLES STEIN departed from New Orleans were herself, ERIC GALT, RITA STEIN's two children, MARIE LEE and CHARLES deCARVELHO.

WILLIAMS advised she knew of no other trips made to New Orleans by GALT or STEIN and she did not know of any

NO 157-10673

packages being delivered to relatives of MARIE MARTIN in New Orleans by GALT.

She stated she knew of no further information she could furnish concerning this matter and added she had not come forward sooner because of a request of MARIE LEE for her not to become involved as LEE did not feel she could furnish the FBI with any important information.

She stated if it should be necessary to recontact her, that Attorney LOUIS TRENT, who was present during the interview, should be contacted at his office at 822 Perdido Street and TRENT would contact her and make her available for interview.

FEDERAL BUREAU OF INVESTIGATION

Date 5/1/68

CHARLES de CARVELHO, 2006 Iowa Street, advised that when he observed the leather case in the trunk of the white Mustang driven by the individual introduced to him by CHARLIE STEIN as GALT, this observation took a total time of one minute or less. He stated this was a brown leather circular or oval case with a zipper. de CARVELHO stated he felt it was approximately the size of a golf bag. de CARVELHO stated it was not too heavy as he recalled GALT moved it easily in the trunk. de CARVELHO stated it was his impression and original thought that this case contained a surveyor's transit. de CARVELHO added that it conceivably could have been a camera tripod.

In addition to the above, de CARVELHO stated he noticed there was a brief case with rolled-up papers therein, possibly blueprints or like plans.

de CARVELHO stated that the total amount of time he saw this in a casual way precludes him from giving any more specific details regarding the true identity of whatever the object was.

de CARVELHO stated it was the impression that he received that STEIN, during the conversation with de CARVELHO, had said or implied that GALT was connected with an engineering or construction firm.

de CARVELHO stated it was also his impression STEIN was primarily interested in converting GALT to STEIN's cosmic philosophy. He further got the impression from talking to STEIN that GALT may possibly have been involved in politics in southern California. de CARVELHO stated that he did not know of any use of narcotics on the part of STEIN. de CARVELHO stated he thought STEIN may have smoked marijuana; however, added he had not actually seen this. de CARVELHO furnished the additional opinion that some of STEIN's friends may have
