Above items made available on 4/12/68 by Mr. DONALD

For the information of the Laboratory, Mr. BROTON advised that the Thermo Seal tape, Lot #5L7, was made in November or December, 1967, but their quality control does not show the number of warp yarns in the cloth. He further noted that the face of the tape has a whitish cast because it is coated with a starch-type material. He stated the true color appearing on the garments recovered in instant case would more closely resemble the color of the underside of the tape.

It is noted that Lot #5L7 was found to be the lot number of tape in the possession of Home Service Laundry and Dry Cleaning, 5280 Hollywood Boulevard, Hollywood, California, as furnished to Albany Office by Los Angeles Office by telephone call on 4/11/68.

The Laboratory is requested to compare the enclosed specimen of tape with the tape on the garments recovered immediately after the slaying at Memphis for identification of the tape.

The sets of type are furnished to the Laboratory for assistance in examinations being on the laundry marks.

This evidence is being forwarded by Eastern Airlines, Flight 371, from Syracuse to Washington, D. C., on 4/12/68. Arrangements for pick-up in Washington are being made directly with WFO.

**ASSASSINATION OF MARTIN LUTHER KING, JR.
RACIAL MATTERS**

Many offices are using above caption in communications to the Bureau concerning a variety of activities and racial incidents arising out of the killing of Martin Luther King, Jr. This is creating problems from administrative and filing standpoints and should be discontinued immediately. Captions descriptive of the activity involved should be used in accordance with instructions in the FBI Handbook, page 154h of Part III.

For example, in reporting information concerning disturbances that may have occurred in Albany the caption "Racial Disturbances Following Assassination of Martin Luther King, Jr., Albany, New York, April 9, 1968, Racial Matters" could be used.

At 3:30 PM, 4/11/68, Investigator THOMAS FOGGERTY, NYSP, Sidney, NY, telephonically advised that an un-named truck driver had contacted his office earlier this date, stating he had observed an individual who resembled the artist's conception of the unknown subject in captioned matter. The driver had said the individual he observed was driving a red car bearing Indiana license plates and was heading in a westerly direction on Route 17, east of Binghamton, NY.

Investigator FOGGERTY continued by stating that subsequently a state trooper of that command stopped a 1962 F-85 Oldsmobile, maroon, bearing Indiana license plate 51A3729. Inquiry by the trooper determined the driver of the car to be PAUL G. MISCHLER, 122 Church Street, Loogootee, Indiana, who was born on [redacted] Investigator FOGGERTY advised that the trooper noted a young male passenger occupied the car with MISCHLER but this individual's name was not obtained. The trooper was told by MISCHLER that both occupants were enroute to Binghamton, implying they attended a school in that city and both appeared to the trooper to be college-age males. However, the trooper did not determine the identity of any school that they may have attended.

In an effort to assist in handling administratively the reams of material being submitted to Memphis Division as office of origin, it is requested all offices in submission of messages use caption which will aid in handling paper. For example, should your office have investigation to report in connection with a specific suspect it would aid if, before entering into the body of text, you would utilize sub-heading after reference, such as "SUSPECT - JOHN ALLEN DOE," or another appropriate caption might be "LAUNDRY CHECKS."

Suitable sub-headings on communications will greatly facilitate the handling of material. Please comply.

On 4/15/68, at 10:45 AM, RAY MC GAUGHEY, Truck Driver for Safeway Truck Lines, South Bend, Indiana, who resides at 713-1 Imperial Road, Valparaiso, Indiana, telephonically advised the Albany FBI Office that he saw a man whom he thought resembled KING's assassin based on the drawing made of KING's killer which has appeared in various newspapers.

MC GAUGHEY stated that approximately one week ago between 10:00 and 10:30 AM, he saw a white male depart from a bank, name unknown, which is located at the intersection of Route 6 and Mcool Road, Valparaiso, Indiana. MC GAUGHEY described unsub as being between 5'11" and 6'1" tall, weighing between 190 and 195 lbs., and 25-27 years old. He had sandy hair and was wearing light trousers and a small checkered shirt. MC GAUGHEY could not tell what color the shirt was. He stated that the shirt sleeves were rolled above his wrists and that unsub was carrying a small brown envelope.

MC GAUGHEY further advised that unsub was alone and that he got into a white, late model Mustang. He stated that it had Indiana License with the first two numbers being 64. He stated that two of the other numbers were 22 and that another number was 5 but that he was not certain whether the 5 was the third number or the number after the digits 22. MC GAUGHEY stated that the Mustang was parked on the north side of the bank at the west end.

Memphis Lifts Curfew; Killer Hunt Expanded

By BILL JOHNSON

MEMPHIS, Tenn. (AP) —

The curfew which was dropped over Memphis for six nights after Dr. Martin Luther King's assassination was lifted Wednesday, as federal authorities expanded the search for his killer.

The development came as authorities looked into the possibility of unauthorized broadcasts on police radio frequencies which may have thrown authorities off the killer's trail immediately after the slaying.

Meanwhile, curfews were relaxed in Nashville and Chattanooga, which also had had racial outbursts following King's death—and the state tried to return to normal.

Frank C. Holloman, the city's police director, confirmed he is investigating what seemed to be false radio reports on the police frequency. These told of an alleged police chase of a White Mustang and a Blue Pontiac through North Memphis. A White Mustang reportedly had been seen leaving the area of the slaying.

But Lt. R. W. Bradshaw, who ~~operates~~ the police car from which the radio reports supposedly came, said he did not broadcast them. He and Holloman declined further comment.

Local officers say the search for the assassin is in the hands of federal authorities. The search for a possible suspect spread for a time to Mexico, but officials later said their information had been checked out and the man they were looking for apparently had nothing to do with the slaying.

Atty. Gen. Ramsey Clark had said shortly after King was struck down at a local motel they had a definite suspect—"a man on the run." But as the days dragged on, it became apparent the search had settled down to the routine sifting of clues and leads.

As the search continued, negotiators met with President Johnson's own mediator again Wednesday in an effort to resolve the garbage workers strike, the reason King had come to Memphis. They were reported near settlement when they recessed about mid-day.

"They (negotiators) have asked for some information," said Mayor Henry Loeb, who led the city's negotiating team. "As soon as it is available, we'll go back into session."

King Probe Checks on Second Car

By JAY BOWLES

MEMPHIS, Tenn. (AP) — The presence of a second white Mustang near the doorway which police say the slayer of Dr. Martin Luther King Jr. used to escape gave rise today to published reports that it may have been the getaway car.

The Memphis Commercial Appeal said the car with Arkansas tags and a similar vehicle, parked a short distance north, both left the scene within 15 minutes after King was fatally shot a week ago.

Both vehicles were within 100 feet of the doorway to the second-floor rooming house where police said the assassin waited and shot King as he stood on the balcony of a motel across a rear street.

The killer was believed to have walked out of the Main house, turned south and dropped the murder weapon in front of a business firm next door.

Guy Canipe, owner of the firm, said he saw the young white man drop the package which contained the gun, but did not see his face.

The Commercial Appeal speculated that the man then walked a few steps farther along, got into the dirty white Mustang with Arkansas tags and sped away.

The second Mustang, parked north of the rooming house entrance, also left the scene near the time of the shooting.

Police said they would investigate reports that a supposed police chase in northeast Memphis — eight miles from the scene — 30 minutes after the shooting may have been a decoy to allow the killer to escape.

A recording of the police radio dispatcher's transmissions showed seven calls in 12 minutes from a lieutenant's car in the northeast section of the city detailing the chase.

FBI Revokes Pickup On King Suspect

MIAMI, Fla. (AP) — The FBI distributed a teletype pickup order to Florida police Thursday for Eric Starvo Galt, then withdrew the message four hours later because it had been released by mistake.

The message gave a description for Galt matching the description they circulated for the killer of Martin Luther King and said he was driving a white Mustang similar to that believed driven by King's assassin.

When asked by The Associated Press if they were releasing

the identity of the suspect in the King murder, FBI Special Agent John Hanlon said, "I cannot comment."

Hanlon issued a bulletin on the police teletypes about 9:35 p.m. withdrawing the message.

The original message, signed by Special Agent Charles Bell, described Galt as a white man, born July 20, 1931, about 5'11", 175 pounds, with blue eyes and brown hair.

The message said Galt was driving a white Mustang with 1968 Alabama license tags, 1-38993.

FBI Cancels Request to Find Mystery Man in King Slaying

MEMPHIS, Tenn. (AP) — The FBI issued, then withdrew, a request that Florida police help locate Eric Starvo Galt, a white man, as the investigation of the assassination of Dr. Martin Luther King Jr. entered its second week.

Federal agents refused to say why they were seeking Galt, whose last known address was Birmingham, Ala.

The bulletin distributed Thursday on the statewide police teletype network in Florida said Galt was driving a white Mustang. Witnesses in Memphis told investigators earlier they saw a man in a white Mustang drive away from the rooming house from which King was shot April 4.

A source in the Dade County Public Safety Department in Miami said the FBI bulletin began: "Reference locate and notify no warrant issued Eric Starvo Galt," then described Galt and the Mustang. The message concluded: "If located notify Agent Charles Bell FBI Miami."

"This meant they wanted him spotted, not picked up," the Miami source said. It was reported

Race Strife Eases in U.S. Cities

ON PAGE 14-A

originally that a pickup order had been issued.

The FBI in Miami refused any comment.

At about the same time the request was sent in Florida, federal agents in Atlanta impounded a white Mustang that had been parked since last Friday at a public housing project near the Georgia state capitol.

The message, withdrawn with the explanation that it was released by mistake, described Galt as a white male, 36 years old, about 5-foot-11 and 175 pounds with blue eyes and brown hair.

This roughly matched the description circulated by federal authorities the night of King's slaying.

Special Agent John Hanlon of the Miami FBI office, who withdrew the request about four hours after it was issued, said: "I cannot comment," when asked for further details.

The FBI in Memphis and Atlanta also refused to discuss the

developments. In Washington, an aide said Atty. Gen. Ramsey Clark would have no comment.

Clark said last weekend that agents were on the trail of "one man on the run..." He said investigators had a name but "whether it proves to be the right name remains to be seen."

A man who registered at the rooming house, from which King apparently was shot, registered under the name of John Willard, police said.

The Florida teletype message said Galt was last seen driving a white 1966 Mustang hardtop, Alabama license 1-38993. Birmingham police said this tag had been issued to Eric S. Galt, 2608 Highland Ave., Birmingham.

In Atlanta, the residents who first told police about the abandoned white Mustang said the car bore the same Alabama license as given out by the FBI and bore two stickers which said "Tourista." Earlier reports indicated the investigation had spread to Mexico.

"The FBI was all over the place," before the car was impounded, an Atlanta witness said. He said the vehicle was towed away between 5:15 p.m. and 5:30 p.m. Thursday—about the time the Florida teletype message was sent.

Paper Says Second Car Linked To King Slaying

MEMPHIS, Tenn. (AP) — The presence of a second white Mustang near the doorway which police say the slayer of Dr. Martin Luther King Jr., used to escape gave rise yesterday to published reports that it may have been the getaway car.

The Memphis Commercial Appeal said the car with Arkansas tags and a similar vehicle, parked a short distance north, both left the scene within 15 minutes after King was fatally shot a week ago yesterday.

Both vehicles were within 100 feet of the doorway to the second-floor rooming house where police said the assassin waited and shot King as he stood on the balcony of a motel across a rear street.

The killer was believed to have walked out of the Main Street entrance to the rooming house, turned south and dropped the murder weapon in front of a business firm next door.

Saw Young Man

Guy Canipe, owner of the firm, said he saw the young white man drop the package which contained the gun, but did not see his face.

The Commercial Appeal speculated that the man then walked a few steps farther along, got into the dirty white Mustang

with Arkansas tags and sped away.

The second Mustang, parked north of the rooming house entrance, also left the scene near the time of the shooting.

Police said they would investigate reports that a supposed police chase in northeast Memphis — eight miles from the scene — 30 minutes after the shooting may have been a decoy to allow the killer to escape.

Denies Radio Calls

A recording of the police radio dispatcher's transmissions showed seven calls in 12 minutes from a lieutenant's car in the northeast section of the city detailing the case.

The lieutenant said Tuesday he did not make the calls. This led to speculation that someone other than police may have sent the calls on the police frequency to draw officers away from the escape route.

The Mississippi state line is about 10 miles directly south of the shooting scene, and the bridge leading to Arkansas is about two miles southwest of King's motel.

FBI on Trail Of Seaman In King Case

ATLANTA (UPI)—FBI agents investigating the sniper-slaying of Dr. Martin Luther King Jr. have been on the trail of Eric Starvo Galt, listed as an unemployed merchant mariner, for nearly a week, United Press International learned Friday.

Galt's name first surged into the headlines Thursday night when a white Mustang auto, registered to him and resembling one that reportedly sped from the King assassination scene, was found parked in an Atlanta apartment complex.

No warrant has been issued for Galt's arrest, but it was learned that the FBI in Miami had issued—and then for unexplained reasons withdrew—a "locate and notify" bulletin on Galt Thursday.

The Mustang registered to Galt carried Alabama license number 1-38993. A check with Alabama authorities established Galt's address as a rooming-house at 2608 Highland Ave. in Birmingham, but residents, while recalling Galt, said they had not seen him since November.

Lists Occupation

In obtaining his driver's license in 1967, Galt listed his occupation as an unemployed merchant mariner.

The FBI replied with a blanket "no comment" to all questions concerning the King investigation, but persons at the Birmingham roominghouse said agents were asking "plenty" of questions about Galt last week.

This was four or five full days before the Mustang was located in Atlanta.

The only official announcements in the King case have come from Atty. Gen. Ramsey Clark, who was sent to Memphis by President Johnson to help with the investigation after King was killed by a sniper while standing on a hotel balcony last Thursday.

More Than One King Assassin?

MEMPHIS, Tenn. (AP) — Investigators appeared Saturday to be re-examining the possibility that more than one person was involved in the assassination of Dr. Martin Luther King Jr.

They seemed puzzled about conflicting reports on the number of getaway cars involved and about police radio transmissions detailing a high-speed chase—which apparently never took place—through northeast Memphis 30 minutes after a sniper killed King with a single rifle shot.

The FBI, conducting the most massive manhunt in its history, maintained silence on all aspects of the investigation. But Atty. Gen. Ramsey Clark issued a new statement that dropped his earlier reference to "one man on the run."

Sixteen hours after King was slain April 4, Clark said evidence "indicates a single individual" was involved. "There is no evidence of a widespread plot," he said.

In a seven-line statement issued in Washington Friday night, Clark said the FBI was devoting all its resources to the investigation, "working around the clock pursuing every lead." He said it was impossible to predict when an arrest would be made.

Another Justice Department spokesman noted it took 12 days to make arrests in the May 1963 slaying of civil rights leader Medger Evers, and more than five months in the 1964 slayings of three civil rights workers in Mississippi.

One member of Congress has criticized the FBI's probe.

Noting what he called discrepancies throughout the investigation, Rep. Charles W. Whelan Jr., R-Ohio, said the FBI should "set the record straight."

"The handling of the investigation and the efforts to apprehend the guilty person or persons hardly had been reassuring to a tense and troubled nation," Whelan said in Washington.
