Discrepancies Muddling Search for King's Slayer

Number of Differences in the FBI's Descriptions of Suspect Baffles Police

From News Wire Services

MEMPHIS, Tenn., April 22 — A ranking Memphis police officer acknowledges "a whole lot of discrepancies" exist in official descriptions of the man sought as the sniper slayer of Dr. Martin Luther King Jr.

Asst. Chief Bill Price referred to statements that James Earl Ray, 40, an escaped Missouri convict, and Eric Starvo Galt, first sought in Dr. King's April 4 assassination here, are the same person.

"You don't know what to look for," Chief Price said Sunday.

The FBI Sunday evening appeal on national television for any information on Ray. The agency said Ray was armed and "must be considered extremely dangerous."

The naming of Ray in the case caused confusion, primarily because earlier official statements indicate that Galt and Ray were in different places at the same time.

When Galt was charged as a conspirator in Dr. King's death by a rifle bullet, the FBI said the man had taken dancing lessons in New Orleans in 1964-65. The FBI said later that the earlier description should have said Galt reportedly took dancing lessons, rather than stating it flatly.

Age in Conflict

During that time, Ray was in the Missouri State Prison, serving a 20-year sentence for a 1959 supermarket robbery.

The age of the man also was in conflict.

Witnesses who saw a man in a Memphis rooming house from where the fatal bullet was fired estimated his age as in the late 20s. The FBI, in issuing its warrant for Galt, said he had given his birthdate as July 20, 1931. That would make him 36. The FBI said Friday that Ray is 40.

The personalities of the two men sometimes are at odds. A prison pal described Ray as virtually a non-drinker. The FBI describes Galt as a fancier of beer and vodka.

Believe Galt Myth

There were other differences: Galt: Neat appearance. Ray: Careless appearance. Galt: Southern accent. Ray: Born in Alton, Ill. No Southern accent.

Atty. Gen. Ramsey Clark at first ruled out a conspiracy, but then the FBI issued its warrant for Galt on a conspiracy charge.

One theory within the Memphis Police Department is that Eric Starvo Galt is a myth, painstakingly created by the conspirators as a smoke screen.

"Somebody has muddied the waters," Chief Price said.

A 1966 psychiatric report on Ray by the Missouri State Hospital noted that "we didn't find anything to indicate he was a killer or had tendencies to kill."

On 4/20/68, KENNETH G. ANDREWS, 217 Waverly Street, Springville, N. Y., telephonically advised that he had picked up a hitch-hiker in Benson, Arizona, who strongly resembled the picture in the newspaper of ERIC GALT. He stated that he picked this hitch-hiker up 4/13/68 and dropped him off at the Trek Motel, Highway 81, Austin, Texas, on 4/14/68.

The hitch-hiker was wearing an Army uniform and identified himself as DON TANNER, a recent returnee from Viet Nam. TANNER stated he was enroute to Fort Polk, Louisiana, with a reporting date of April 17, or May 1, 1968, and was carrying a duffle bag.

ANDREWS gave the following description of TANNER:

Height	5' 9"
Weight	160
Hair	Blond (with blond eyebrows)
Age	20 - 24
Eyes	Blue
Remarks	Good tan, Southern accent, wearing uniform with no rank, high cut black shoes, sun blisters on face.

Above information was given to FBI, Houston, on 4/15/68 by ANDREWS, and his call to FBI, Buffalo was to determine results of that investigation. He was politely informed that FBI does not furnish results of investigations to outside agencies or persons and thanked him for his assistance.

M., that date, he was in Langworthy's Restaurant, on Killbuck, when a man entered the restaurant and sat a stool away from him. He was wearing a white shirt, no tie; blue sports coat, checked; light gray pants, and sunglasses. He was driving a 1964 or 1965 two-door, either white or light tan, Ford, with Florida License 4W 69100.

ROSZYK had seen photographs of RAY on television the preceding night and felt that this individual bore a close resemblance.

The driver proceeded west on Route 17, towards Jamestown, New York.

Lookouts placed with State Police and Sheriff's Office failed to locate the car.

Jacksonville, at Tallahassee, Florida, will determine to whom Florida Registration 4W 69100 is issued.

CR

FBI File No. 44-38861

Lab. No. D-560625 JK

D-560574 JK

Specimens received 4/11/68, from FBI, Buffalo

K19 Sheet of ruled paper bearing known handwriting of Dr. ALVIN EUGENE FRENCH obtained from Gowanda State Hospital, Helmuth, New York

Specimen received 4/12/68, from FBI, Jacksonville

K31 Post card addressed to "A. Powell and Staff" and registration card of Holiday Inn of Williston, Florida, bearing purported known handwriting and hand printing of Dr. ALVIN E. FRENCH

Result of examination: 0

It was concluded that the handwriting and hand printing on items received in this case which have been attributed to Eric S. Galt, were not prepared by Dr. ALVIN E. FRENCH, K19 and K31. Differences were noted between the "Harvey Lowmyer" signature on Q72 and the known handwriting of FRENCH, but because of the limited nature of the questioned signature and the lack of comparable known material a definite opinion could not be reached.

Specimens K19 and K31 have been retained. Photographs were made.

FBI File No. 44-38861

Lab. No. D-560625 JK
D-560574 JK

Specimens received 4/11/68, from FBI, Buffalo

K19 Sheet of ruled paper bearing known handwriting of Dr. ALVIN EUGENE FRENCH obtained from Gowanda State Hospital, Helmuth, New York

Specimen received 4/12/68, from FBI, Jacksonville

K31 Post card addressed to "A. Powell and Staff" and registration card of Holiday Inn of Williston, Florida, bearing purported known handwriting and hand printing of Dr. ALVIN E. FRENCH

Result of examination:

It was concluded that the handwriting and hand printing on items received in this case which have been attributed to Eric S. Galt, were not prepared by Dr. ALVIN E. FRENCH, K19 and K31. Differences were noted between the "Harvey Lowmyer" signature on Q72 and the known handwriting of FRENCH, but because of the limited nature of the questioned signature and the lack of comparable known material a definite opinion could not be reached.

Specimens K19 and K31 have been retained. Photographs were made.
