PUBLICITY

The following publicity was released by the Bureau on 4/17/68:

"Attorney General RAMSEY CLARK announced on 4/17/68 that ERIC STARVO GALT is being sought by the FBI as a Fugitive on a Federal charge arising from the fatal shooting of the Rev. Dr. MARTIN LUTHER KING, JR., in Memphis, Tennessee, on 4/4/68.

"Director J. EDGAR HOOVER stated that a Federal complaint was filed by the FBI in Birmingham, Alabama, on 4/17/68, charging GALT with conspiring to violate the civil rights of Dr. KING in violation of Title 18, Section 241, of the United States Code.

"The FBI complaint charges that 'on or about 3/29/68 at Birmingham, Alabama,...Eric Starvo Galt and an individual whom he alleged to be his brother, entered into a conspiracy which continued until on or about 4/5/68 to injure, oppress, threaten, or intimidate Martin Luther King, Jr.,...in the free exercise or enjoyment of a right secured to him by the Constitution or laws of the United States; namely, the right to freely travel from state to state. In furtherance of this conspiracy, Eric Starvo Galt did, on or about 3/30/68, purchase a rifle at Birmingham, Alabama...'

"According to Mr. HOOVER, a 30.06 rifle equipped with a telescopic sight was found near a rooming house on South Main Street in Memphis immediately after the fatal shooting of Dr. KING occurred. The rooming house overlooks the Lorraine Hotel and motel where Dr. KING was staying.

BU 44-374

"Mr. HOOVER said that FBI Agents determined that the 30.06 rifle had been purchased from a gun dealer in Birmingham, Alabama, on 3/30/68. The telescopic sight also was purchased from this dealer.

"The FBI Director said GALT, who has used the names of JOHN WILLARD and HARVEY LOWMYER in the past, is the owner of a 1966 white Mustang bearing Alabama license plates which was located abandoned in Atlanta, Georgia, on 4/11/68. Investigation disclosed GALT purchased this car from a private citizen in Birmingham on 8/30/67. The Mustang's odometer showed that it had been driven more than 19,000 miles between late August, 1967 and early April, 1968.

"According to Mr. HOOVER, GALT's travels in the Mustang included trips to Los Angeles, California; New Orleans, Louisiana; Birmingham, Alabama; and Mexico, as well as to Memphis, Tennessee, and Atlanta, Georgia. GALT was reported to have been in Memphis on 4/3 and 4/68 and to have departed from there for Atlanta.

"Intensive investigation by the FBI had disclosed GALT has claimed to have been employed as a Cook on Mississippi river vessels and as a Merchant Seaman. He is said to be an avid dancer and took dancing lessons in New Orleans in 1964 and 1965; in Birmingham during September and October, 1967; and in Long Beach, California, from December, 1967 to February, 1968.

"GALT left Los Angeles on 12/15/67 and drove his white Mustang to New Orleans where he claimed he contacted either an engineering or contracting firm. He left New Orleans on 12/19/67 and arrived back in Los Angeles on 12/21/67.

BU 44-374

"While in the Los Angeles area early this year, GALT took a course at a School of Bartending and was graduated on 3/2/68.

"The Fugitive is described as white male. He is approximately 5 feet 8 inches to 5 feet 11 inches tall and weighs between 160 and 175 pounds. He is said to be a neat dresser and has a medium build.

"GALT has brown hair, which he wears in a 'brush' cut. He reportedly has blue eyes; his nose is straight and narrow; his teeth are straight and clean; and he has given his date of birth as July 20, 1931.

"The Fugitive is said to have a nervous habit of occasionally pulling at an ear lobe with his hand. His left ear protrudes farther from his head than his right ear.

"According to Mr. HOOVER, persons who have met GALT describe him as a 'loner' and state his language and diction have a 'rural' quality and suggest that he probably does not have a high degree of education. He is said to drink alcoholic beverages and has a preference for vodka and beer. He is a fan of Western and Country music.

"GALT should be considered ARMED AND DANGEROUS. Any information concerning him should be furnished immediately to the nearest FBI Office.

BU 44-374

The following press release was made on 4/19/68:

"Attorney General RAMSEY CLARK announced on 4/19/68 that the FBI has identified JAMES EARL RAY, an escapee from the Missouri State Penitentiary, as ERIC STARVO GALT, against whom a Federal complaint was filed last Wednesday in connection with the fatal shooting of the Reverend Dr. MARTIN LUTHER KING, JR.

"Director J. EDGAR HOOVER said that a systematic and exhaustive search of latent fingerprints uncovered in the Dr. KING case against the fingerprints of the over 53,000 persons for whom 'Wanted Notices' have been posted in the files of the FBI's Identification Division led to the determination that GALT and RAY are identical.

"Mr. HOOVER said that RAY, who is 40 years of age, was reported missing from the Missouri State Penitentiary at Jefferson City, Missouri, since 4/23/67. He had been received at that institution on 3/17/60 to serve a 20-year sentence following conviction in St. Louis for Armed Robbery and operating a motor vehicle without permission of the owner.

"In 9/66, while serving this sentence, he was confined for a time in the maximum security ward at the State Hospital at Fulton, Missouri.

"According to Mr. HOOVER, RAY has a known arrest record dating back to 1949. Prior to the 1960 conviction for which he received the 20-year term, RAY had been convicted of Burglary in Los Angeles, California, in 1949; Armed Robbery in Chicago, Illinois, in 1952; and Forging United States Postal money orders in Missouri in 1955.

BU 44-374

"He has served terms in the Los Angeles County Jail in 1949; in State Prisons at Joliet and Pontiac, Illinois, in 1952-54; and in the Federal Penitentiary at Leavenworth, Kansas, in 1955-58.

"RAY was an enlisted man in the United States Army from 2/46 to 12/48 at which time he was given a general discharge due to ineptness and lack of adaptability for military service. While in the Army, he received a three-month sentence at hard labor for being drunk and breaking arrest.

"Mr. HOOVER said that during his criminal career, RAY has also used the names of JAMES MC BRIDE, JAMES WALTON, W. C. HERRON, and JAMES O'CONNOR. He is a white male; claims to have been born 3/10/28 in Illinois; is approximately 5 feet 10 inches tall, and weighs about 163 to 174 pounds. He has blue eyes and brown hair. There is a small scar on the center of his forehead and a scar on the palm of his right hand.

"RAY has claimed that he attended school through the 10th grade in Alton, Illinois. He has had the reputation of being a "Drifter" since leaving school. His vocational experience includes working as a Baker, Laborer and Color Matcher.

"In connection with his escape from the Missouri State Penitentiary, an FBI complaint was filed in Jefferson City, Missouri, on 7/20/67 charging RAY with unlawfully fleeing from the State of Missouri to avoid confinement. He has been a Federal fugitive since then.

"RAY should be considered ARMED AND EXTREMELY DANGEROUS. Anyone having information concerning him should immediately contact FBI Headquarters in Washington, D.C., or the nearest FBI Office.

SUBJECT: MURKIN
(OO: Memphis)

On 4/29/68 Father David Mattie, St. Peter & Paul Church, High and E. Market St., Elmira, N. Y. advised that sometime before Easter, 1968, a man came to his parish seeking funds to continue a trip to the Catskills where he intended to seek employment. This man claimed he had ridden a freight train from Jamestown, N. Y. and needed the funds to continue his journey. This man was about 6', white male, long hair combed straight back, he wore dark trousers and a denim jacket, and he had sores all over his face. He mentioned he was from Tenn. and that he was afflicted with epilepsy.

Father Mattie advised he never furnished funds to such people but rather refers them to the Chemung Co. Welfare Dept. and in this case he referred the man to Mr. Raymond Fortier of that dept. Father Mattie advised since hearing about James Earl Ray he kept thinking about above man and finally decided to refer this man to the FBI. Father Mattie observed photographs of Ray but advise he could not be positive that above man was Ray although he thought there were similarities.

On 4/30/68, Raymond Fortier, Director of Social Services, Chemung Co. Welfare Dept., advised that the above man referred by Father Mattie identified himself as Eugene Jonathan Laney, 1318 Gibson St., Johnson City, Tehn., dob 3/10/30 at Scott Co. Va. Laney informed Fortier that he suffered from epilapsy as a result of which he frequently falls resulting in numerous sores and cuts to his forehead. He advised he frequently traveled in search of employment since ~~on~~ on learning of his epilepsy his employers usually let him go. Fortier advised that Laney was given some aid after which he left the area saying he was going to Penn. in search of employment. Laney appeared at Welfare Dept. on 4/8/68.

Fortier observed photographs of Ray and advised he is definatly not identical to Laney.

On 4/30/68 Rev. Lee Clair, Case Worker, and Charlotte Petzke, Receptionist, Chemung Co. Welfare Dept., each observed photographs of Ray and advised he is definitely not identical to the above mentioned Laney whom they had observed.

JAMES EARL RAY, aka -

CR; UFAC - ROBBERY 1ST

Investigator D. J. MUNCH, NYSP, BCI, Fredonia, N. Y., advised SA RAYMOND D. ANGLE, JR., at 4:35 PM 5/2/68, that Mrs. MORRIS PRIEST, 448 Lakeshore Drive, East Dunkirk, N. Y., believes that she observed JAMES EARL RAY traveling in a green-colored automobile, bearing New York State License BF 2534 at approximately 5:00 PM, 4/30/68. Investigator MUNCH advised that Mrs. PRIEST observed this vehicle traveling on Route 5 toward Buffalo and that the individual she believes to be RAY was a passenger in the car.

Investigator MUNCH exhibited WF 442 and 442A to Mrs. PRIEST and she advised that the photograph on the extreme right of WF 442A closely resembles the above individual.

Investigator MUNCH advised that New York State License BF 2534 is registered to:

OFFICE TELEPHONE LINES FOR EMERGENCY USE

Two additional trunk lines have been added to the switchboard for use in the event the regular lines are deliberately "jammed" by dissidents or in an emergency. The nonpublished telephone numbers for these lines are 856-2236 and 856-2237. These numbers should be kept confidential and not disseminated without specific supervisory authorization. When answering incoming calls on these lines do not identify the location as the FBI but merely say "Hello."

FTS TELEPHONE SERVICE
ELMIRA RESIDENT AGENCY
ROCHESTER RESIDENT AGENCY

FTS telephone service was installed in the Elmira RA effective 4/23/68. The telephone number is 607-734-8998, which is the same as the commercial number.

FTS telephone service was installed in the Rochester RA effective 4/30/68. The telephone number is 546-1389.

All telephone calls to these RAs from headquarters or other RAs having FTS lines should be made by FTS line and for official purposes only.

ASSASSINATION OF MARTIN LUTHER KING
RACIAL MATTERS

Bureau has advised that many offices are using the above caption to the Bureau concerning a variety of activities and racial incidents arising out of the killing of MARTIN LUTHER KING, Jr. This is creating problems from administrative and filing standpoints and should be discontinued immediately. Captions descriptive of the activity involved should be used in accordance with instructions in the Handbook, Page 154h of Part III.

For example, in reporting information concerning disturbances that may have occurred in Buffalo, the caption "RACIAL DISTURBANCES FOLLOWING ASSASSINATION OF MARTIN LUTHER KING, JR., BUFFALO, NEW YORK, APRIL 9, 1968; RACIAL MATTERS," could be used.

Information directly relating to the investigation of Dr. KING should be reported under the caption "MURKIN," Buffalo file 44-374.

MURKIN

From time-to-time, all Agents will receive a copy of a memo in this case. These memos should be read carefully by each Agent as they not only keep each Agent current with developments in this case but they also, on occasion, set out leads which all Agents are expected to handle. One such lead set out in a memo of 4/23/68 specified that all criminal informants and appropriate racial and security informants be exhibited photos of RAY and furnished his description and all aliases.

Every Agent should carry RAY's IO with him and exhibit it to persons contacted during the regular course of business in rooming houses, hotels, motels, at race tracks, in taverns, at transient labor hiring halls, financial institutions, automobile dealers, car rental agencies, railroad, bus and train ticket agents, etc. Memoranda should be submitted to Buffalo file 44-374 showing the identities of persons contacted.

MURKIN

Bureau radiogram 4/23/68, advised as follows:

"REMYAIRTEL TO ALL OFFICES APRIL 19 LAST FURNISHING BACKGROUND DATA CONCERNING JAMES EARL RAY.

"SUBJECT SHOULD BE CONSIDERED POSSIBLE SUSPECT IN ANY UNSOLVED BANK ROBBERIES, BURGLARIES OR ARMED ROBBERIES (POSSIBLE ITSP VIOLATIONS) OCCURRING AFTER APRIL 23, 1967. RAY SHOULD ALSO BE CONSIDERED SUSPECT IN ANY FUTURE SUCH VIOLATIONS AND BUREAU ADVISED TELEPHONICALLY OF ANY TENTATIVE IDENTIFICATION. ANY PERTINENT LEADS DEVELOPED DURING REVIEW OF PAST VIOLATIONS SHOULD BE EXPEDITIOUSLY RUN OUT AND BUREAU ADVISED.

"SUBJECT SHOULD BE CONSIDERED ARMED AND DANGEROUS."

THREATS AGAINST 1968 PRESIDENTIAL CANDIDATES
INFORMATION CONCERNING (CRIMINAL SECTION)

By airtel 3/28/68, Bureau called attention to the fact that threats have been received in the field against current Presidential candidates. Some of these threats come within FBI jurisdiction. Any threats against such candidates should be furnished immediately to the Bureau, the Candidate's office, appropriate local authorities and Secret Service locally and in Washington, D. C. This must be done whether or not a violation over which we have jurisdiction exists.

Follow-up letterhead memoranda must confirm oral notification of the threat. Furnish LHMs to the Bureau for dissemination at headquarters level.

To aid the Bureau, each threat received must utilize in the caption identifying data as to the date of the communication or threat and geographical location where the threat was made or received. Where the threat is in our jurisdiction, investigation must be initiated immediately in addition to making proper notification to those agencies involved.

STOCKPILING OF ARMS AND AMMUNITION

For the information of all Agents, a control file in this office has been opened on the above captioned matter, 157-613.

Into the above file will be channelized all information pertaining to the acquisition of arms and ammunition by purchase, theft and otherwise, and the possible stockpiling of same by black or white racial extremists.

It is required that the racial coordinator review information channeled into this file at least twice a month and any data therein submitted in the regular LHMs captioned "POSSIBLE RACIAL VIOLENCE, MAJOR URBAN AREAS."

ANNUAL PHYSICAL EXAMINATIONS

As you are aware, for some considerable time you have been instructed to report at Niagara Falls Air Force Base at 7:30 A.M. on the date you are scheduled for your annual physical exam. I have been advised by officials at NFAFB that at least half of the Agents who have been scheduled within the past few months have not been reporting until 8:00 - 8:15 A.M. This has created problems at the AFB and interrupts their working schedule. They have been reluctant to ask Agents who are late to report at some future date since they are aware of the demands upon our time as well as their own demands. However, they are soliciting our cooperation in having our personnel report promptly as scheduled at 7:30 A.M. I expect all employees to comply with instructions issued regarding such matters and hope that it will not be necessary to again bring this to your attention.

DRAWING UP OF COMPLAINTS

The Seventh Circuit Court of Appeals has instructed all USCs in Illinois, Indiana and Wisconsin to cease drafting affidavits and, presumably, complaints, for Agents. U.S. v. PASCENTE, 387 F2d 923 (1967).

While this decision is not now controlling in the Second Circuit covering Buffalo, it could possibly be cited by defense attorneys in the future.

The correct practice should be that Agents should prepare their own affidavits and complaints, and be assisted, when necessary, by the principal Legal Instructor. The statement of probable cause may be prepared on a separate sheet prior to appearing before the USC and simply attach and incorporate it to the formal affidavit or complaint by reference.

SEARCH AND SEIZURE

We in Buffalo should be alert to the possibility of utilizing the decision in BRULAY v. U.S., 383 F2d 345 (1967).

In this case the defendant, a citizen of the U.S. and a narcotics smuggler, was arrested in Mexico by the Mexican Municipal Police on facts inadequate to make probable cause for arrest under the Fourth Amendment in the U.S. A search of his car, in which the arrest was made, and a house revealed narcotics. This contraband was seized. BURLAY then made statements to the Mexican police. Both the statements and the narcotics were used in evidence during a conspiracy trial held in the U.S. District Court in California. BURLAY appealed his conviction alleging the use of the narcotics violated his right against unreasonable search and seizure under the Fourth Amendment, and the use of his statement violated his Fifth Amendment right against self-incrimination. The Appellate Court upheld the conviction, stating the Fourth Amendment offers no protection against the actions of foreign police pursuing matters of their own jurisdiction in their own country.

It is to be noted that while the U. S. Customs Officers had alerted Mexican Federal Police to BRULAY's activities generally, the action of the Mexican police was not instigated by the officers of the U. S. and no such officer participated in that action in any way.

ILLEGAL WEARING OF THE UNIFORM CIVIL DISTURBANCES

SAC Letter #68-23 (C) cited recent instances in which individuals involved in riot activity, or at least were present in the disturbed area, had been arrested wearing military uniform. Such instances could be particularly significant when Federal troops or National Guard units are also present. In those cases the USA authorized prosecution. The SAC Letter instructs that in any racial disturbances we should be particularly alert for such violations. Insure all local law enforcement agencies are aware of FBI jurisdiction in this regard.

RACIAL INFORMANTS - SECURITY INFORMANTS

SAC Letter #68-20, 3/26/68, above caption, pointed out that in view of the continuing stress we are placing on our informants, we should insure that all interviews conducted with informants are exacting and thorough. SAs handling

informants (racial and security) must be cognizant of the fact that much of the information furnished by these informants is being disseminated promptly to key Government officials as well as local authorities. In view of this, every interview conducted with a racial or security informant should be such that no "loose ends" are left hanging, and that all information available to the informant is obtained at time of interview.

You are also reminded that you should not merely collect information from informants but also direct their activities in order that the Bureau will obtain the full benefit of the informant's potential.

DEMONSTRATIONS PROTESTING UNITED STATES
INTERVENTION IN VIETNAM (VIDEM)

SAC Letter #68-20, 3/26/68, above caption, referred to current Bureau instructions requiring that all information developed regarding such demonstrations be submitted to the Bureau by teletype for immediate dissemination to the White House and other interested Government agencies, followed by an LHM for routine dissemination to the intelligence community. In addition, certain offices submit quarterly reports concerning demonstrations which have occurred during the previous three months.

In this regard, the Bureau instructed that we should continue to submit teletypes, but that effective immediately, a separate LHM regarding each routine demonstration should be discontinued. In the future, each office is required to transmit to the Bureau by the close of business each Monday an LHM reporting on demonstrations during the past week.

Offices submitting quarterly reports are to discontinue them. In order to facilitate handling at SOG, all communications reporting on anti-war demonstrations are to be furnished to the Bureau under the VIDEM caption. Discontinue the use of organizational captions. Continue to include pertinent information concerning activity in demonstrations in organizational and individual reports where applicable.

During the coverage of these demonstrations, we should be particularly alert to violations of various Federal laws, such as the Selective Service Act. All criminal violations should be reported under the appropriate caption.

TRAVELERS CHECKS STOLEN IN BLANK
ITSP MATTER

An Oklahoma U. S. District Court has held that a travelers check is a complete instrument without either purchasers signature or countersignature and that, therefore, any addition is considered an endorsement.

As you are aware, courts had previously ruled that forged endorsements did not come within the purview of the ITSP Statute.

The Department disagrees with the court's position, but does not feel that this is the appropriate case to appeal to the Supreme Court. The Department has researched this matter and in the event you are faced with a situation in which the court or the USA feels compelled to follow the Oklahoma Court, you should immediately advise the Bureau and suggest to the USA that he consult with the Department in order that he might have the benefit of their views.

RACIAL INFORMANTS - RACIAL MATTERS

SAC Letter #68-20, 3/26/68, above caption, set forth the following change concerning the handling of oral information furnished by racial informants. It will no longer be necessary to authenticate information furnished orally by a racial informant except in those instances where the information could possibly be used in local as well as Federal prosecution. To avoid duplication of recording information received from an informant, where no prosecution is involved, use may be made of one or a combination of teletype, LEM, or memo, to replace the informant's statement. All information received from racial informants must, however, be adequately recorded.

In addition, you may now utilize the FD-209 to channelize observations of racial conditions in ghetto areas where the situation is described as calm, by placing a copy of the FD-209 in the informant's Sub-A file and in the appropriate control file covering racial violence.

FILING SYSTEM -
FILING OF COPIES OF AFFIDAVITS AND COMPLAINTS

Recent inspection brought a Trend Memorandum charging error of filing of complaints and affidavits as 1-A exhibit rather than as serial. These instructions were last brought to your attention in Agents' Memo #68-7, 1/23/68. Your future compliance with this requirement is expected.

DAILY REPORTS -
FAILURE TO RECORD ADMINISTRATIVE ACTIVITIES IN DETAIL

Recent inspection brought a Trend Memorandum pointing out that Daily Reports (FD-28) being submitted by a number of Resident Agents indicates a general tendency, at the start of each workday, for the Agent, after entering on duty, to record a general statement that he was performing administrative work, or in the RA reviewing serials or mail. In the lefthand column under file number is written word "ADM" or the RA general file number is utilized. In several instances the space at the left is entirely blank.

Generally, this initial performance of duty encompasses the period of time from 15 minutes to as much as several hours. Also, the same type administrative duty is performed the last hour or less of the workday by many RAs, and again no file numbers are listed other than the RA administrative file.

It is pointed out that in the preparation of Daily Reports it is essential that these forms clearly indicate the nature of all work being performed at any given time. In the event an Agent is performing administrative details relating directly to the administrative operation of the RA, then the RA administrative file number should be set forth. In all other instances, specific file numbers relating to the work being performed by the RA should be set forth as appropriate.

You are expected to forthwith comply with these instructions.
