RE: MISCELLANEOUS - MILFORD JAMES ROEHRS

The following investigation was conducted by SA
AUBREY D. PARK:

WILLIAM NETHINGTON, Post Office Box 99, Sullivan, Missouri, was interviewed at his home on May 10, 1968. He stated he is employed as a private investigator for DAVIS, a private investigating agency in Chicago, Illinois, although at the moment he is on leave of absence.

In 1962, he married his wife, NORA, who is a niece of MILFORD ROEHRS, a Sullivan police officer. He has never been closely associated with ROEHRS, however, talked to him frequently. About two days after MARTIN LUTHER KING was murdered, ROEHRS made the statement to NETHINGTON that KING's murderer was out of the United States. NETHINGTON has talked with ROEHRS on several occasions since that time and ROEHRS stated that KING's killer is probably in Argentina. NETHINGTON stated he could not recall ROEHRS making any statement about JAMES EARL RAY's escape from the Missouri State Penitentiary and does not know whether or not RAY was known by ROEHRS previous to his escape.

NETHINGTON stated that he has concluded, based upon conversation with ROEHRS, that ROEHRS is a member of the Ku Klux Klan. In view of NETHINGTON's connection with the private investigative agency in Chicago, he reported the above information to his boss, Lieutenant EARL HENDERSHOT of Chicago, Illinois, who stated that ROEHRS might be a member of the Klan and considered it a possibility that ROEHRS might be able to assist in furnishing information regarding the murder or furnishing information regarding the whereabouts of the murderer; and in view of that possibility, felt that there could be a considerable amount of money collected if this information could be uncovered. He, therefore, proceeded to Sullivan, Missouri, where he was introduced by NETHINGTON to ROEHRS as a friend from Chicago, Illinois. His interest in the solution of the murder was not made known to ROEHRS. HENDERSHOT talked with ROEHRS in private for about 30 minutes and after concluding the interview, he reached the conclusion that ROEHRS probably was a member of the Klan. However, HENDERSHOT obtained no information

from ROEHRS which would assist in the investigation or the location of JAMES EARL RAY.

MILFORD JAMES ROEHRS, 305 East Street, Sullivan, Missouri, a member of the Sullivan Police Department, was interviewed at his home on May 10, 1968. He readily admitted that he is a member of the Ku Klux Klan, but stated he knows nothing about the escape of JAMES EARL RAY from the Missouri State Penitentiary or the whereabouts of RAY. He stated he had never heard of RAY until after he had been identified in this case. He stated he has discussed this case with several people, however, he has received no information concerning this case through the Klan organization. Any information which he has given, or statement he has made, concerning this case would be his own personal opinion.

RE: LOOK ALIKE - JOHN FLAVEY

The following investigation was conducted by SAs CHARLES S. DUKE and MARTIN JOHN WEBER at St. Louis County, Missouri, on May 13, 1968:

ANN MENKE, Switchboard Operator, Holiday Inn North, advised that she was on duty at approximately 3:00 p.m., May 12, 1968, when ROBERT HULL, Busman for Holiday Inn North, mentioned a suspicious individual whom he had waited on in Room 213 who did not want to go out of his room. Shortly thereafter a girl called into Room 213. MENKE stated that this was a local call, and she heard a portion of it including the fact the individual in Room 213 would be in his room all evening, and that this girl would call back if she would be able to come over and see him. She mentioned Las Vegas and asked him how long it took him to get there. She stated that her girl friend made it in two days.

MENKE advised that the occupant of Room 213 also made several long distance telephone calls, and she believed that they were all to Louisville, Kentucky, however, no record of these calls were made and no calls were recorded because this individual used a telephone credit card and went directly through the telephone operator. MENKE advised that she never observed the occupant in Room 213 and observed Wanted Flyer 442-A stating she does not know this individual and has not seen anyone resembling him.

The following employees of the Holiday Inn North were contacted, shown photographs of JAMES RAY and could provide no positive information:

HARRY POLK, Busman

JOYCE KETTENHOFEN, 36C Parc-Twaine, St. Louis

STEVEN R. NAUMANN, 2500 Green Briar Drive, Florissant

The following investigation was conducted by SAs CHARLES S. DUKE and MARTIN JOHN WEBER at St. Louis County, Missouri, on May 13, 1968:

MILLIE RIDDLE, 11930 Missouri Bottom Road, St. Louis, Missouri, advised that she is presently employed as a maid for Holiday Inn North, St. Louis County, Missouri, and has been so employed for approximately ten years. RIDDLE stated that on May 12, 1968, she and ROBERT HULL were in Room 217 of the Holiday Inn North, and that HULL was discussing with her the peculiar activities of a guest in Room 213 when they heard the occupant of Room 213 out in front of his room and she looked up and saw this individual and jumped back in surprise immediately thinking that this was the same person she had seen a number of times as MARTIN LUTHER KING's killer.

RIDDLE advised that thereafter she discussed this person's possible likeness to JAMES RAY with employees at Holiday Inn North and after carefully considering what she saw in viewing Wanted Flyer 442-A and St. Louis Police Department photograph of RAY, October 10, 1959, she feels that the individual she saw closely resembles the above photographs.

RIDDLE stated that the person she saw and that occupied Room 213 was a white male; five feet, ten inches to six feet; medium, stocky build; 170; middle 30s.

The following investigation was conducted by SAs CHARLES S. DUKE and MARTIN JOHN WEBER at St. Louis County, Missouri, on May 13, 1968:

JANET WILLIAMS, Desk Clerk, Holiday Inn North, advised that her hours are 3:00 to 11:00 p.m., and at approximately 9:00 p.m. on May 12, 1968, two white males approached the office desk and one of these men asked her if he could check out. WILLIAMS advised that she does not check people out asked this individual to go down to JACK SEDIVY, who is the regular person who checks guests out.

WILLIAMS advised as he went down to the other end of the counter, she got a good look at the individual who she talked to and observed his profile. After the individual got finished checking out, both individuals went out of the office and got into a large car which had a Kentucky license tag. WILLIAMS could provide no further description of the car.

WILLIAMS stated that she was suspicious of this individual because of his wise-cracking and general appearance, and for this reason paid particular attention to him and watched him leave. After he left, she checked his name on the guest registration list. WILLIAMS provided the following description of the individual who checked out:

Race	White
Sex	Male
Height	5 feet, 8 inches to 5 feet, 9 inches
Weight	170 to 180
Build	Stocky
Appearance	Good looking
Age	30s
Peculiarities	Had a "smirky grin" on face

WILLIAMS viewed Wanted Flyer 442-A and stated this individual looked very much like the one who had checked out. WILLIAMS was then shown a photograph of subject taken by the St. Louis Police Department, dated October 10, 1959, and WILLIAMS immediately advised that "This is the man." She stated that the side view of RAY was identical to the individual who she saw the day before.

The following investigation was conducted by SAs CHARLES S. DUKE and MARTIN JOHN WEBER at St. Louis County, Missouri on May 13, 1968:

ROBERT LEE HULL, Bus driver, (Bellman), residing at 4726 Page, St. Louis, Missouri, and employed at the Holiday Inn North, North Lindberg, St. Louis County, Missouri, advised on May 13, 1968, that approximately 3:00 p.m., Saturday afternoon, May 11, 1968, a man in Room 213 called for a Bellman requesting room service.

HULL stated that when he arrived at Room 213, the door was ajar and as he stepped into the room, a man who was laying on the bed stated, "Don't get close". He said that he had that he had just come in off the road from California, and that he intended to take a couple of hours of sleep. HULL stated that he asked for his name and said he may be needing him again. HULL replied, "What for?", and the man responded by requesting to get him a pint of Old Crow, some ice, two cokes, and some hair spray.

HULL further advised that the man said, "Look, I'll show you something" and he took him outside to where a 1966-1967 Lincoln Continental was parked and said that he had somewhere around \$1,000 worth of clothing in the trunk. The man then opened the trunk and HULL advised that he saw what he considered well over \$1,000 worth of fine clothing.

HULL described the car as a Lincoln Continental, in very good condition, light green with a black convertible top, bearing Kentucky tags. It had a numerical figure 4 in the tag number, which HULL thought to be the second digit. HULL also stated that he saw in the back seat of the car a dark leather golf bag with wheels and a lot of golf clubs.

SL: 44-775

After the man closed the trunk, HULL then went to Walgreens, located at the Plaza Shopping Center, and made the purchases requested by the man.

HULL further advised that on Sunday, May 12, 1968, at about 3:00 p.m., he saw the man again at Room 213 when he again called for room service. HULL stated that the following conversation took place:

The man said, "Look here, I want you to get me something to eat. Is there someplace you can get me some sandwiches?" HULL answered by stating that he could go to the Steak and Shake or Mc Donald's. The man responded, "Is that something where you can get hamburgers?" To this HULL answered "Yes". The man stated "I want two cheeseburgers, one Coke and some ice." The man gave HULL \$5 at that time and HULL went to the Steak and Shake to make the purchases. Upon returning, the man in Room 213 gave him a \$1.70 tip.

HULL stated that he did not see the man again until late Sunday night, May 12, 1968. He said that he was in Room 217 talking with one of the maids by the name of MILLIE RIDDLE, about the man in Room 213. The door of that room was open at that time. They both heard a noise somewhat similiar to that of an electric motor and upon looking out of the doorway, they both saw the man in Room 213 by the Lincoln Continental. As the man turned toward Room 217, MILLIE jumped back in surprise or fright and told HULL that was the man who shot MARTIN LUTHER KING.

HULL described the man resembling RAY is a man who was medium built, who had brown hair, and who had a small or what appeared to be a small spot or white colored mark on

the upper lip. He was wearing light colored trousers, probably white, a black turtle neck T-shirt or a sweater with short sleeves, and tan cloth-type shoes.

HULL viewed Wanted Flyer 442-A and stated that the photograph taken in 1968 of subject RAY was very similiar to the man in Room 213.

The following investigation was conducted by SAs CHARLES S. DUKE and MARTIN JOHN WEBER at St. Louis County, Missouri, on May 13, 1968:

JACK J. SEDIVY, 3328 Krem Avenue, St. Ann, Missouri, Desk Clerk for the Holiday Inn North, advised on May 13, 1968, that he saw the occupant of Room 213 come into the office with another man. He remembered JANET WILLIAMS asked the men if they were together. SEDIVY stated that he heard a remark similiar to "We're not married".

SEDIVY stated that JANET sent the occupant of Room 213 down to him and he stated that he did not pay attention to the occupant of Room 213 or the man that came in with him because he was in the process of checking the occupant out. He said as he looked up he remembered seeing the man at about eye level, which made him believe that the man was probably about five feet, seven inches. SEDIVY stated that the man had black hair which was shiny; he had dark blue eyes; little bit better than medium build; had straight teeth when he smiled; and had no visible scars or marks. He described the other man that came into the room with the occupant as being approximately six feet, one inch; about 30 years old; light brown hair; smartly styled hair; 180 to 190 pounds.

Upon viewing Wanted Flyer 442-A and police photograph dated October 10, 1959, SEDIVY advised that the occupant that checked out of Room 213 looked more like the police photograph taken October 10, 1959. He stated, "I could almost swear it was him."

SEDIVY stated that after the men left the office, he saw a car pull around to the vending machines at the side of the building and then take off. He said that was the last time he saw both men and the car.

COMPLAINT NO. 193-379

At about 7:24 A.M. this date Patn. Dennis Bini 5601 in charge of radio car 0-3 was dispatched to investigate a burglary at 11th. & Souard and on arrival was met Graybill who stated to the officer that he had been walking on 11th. St. and had noticed that a panel had been knocked out under a window of the tavern at 1801 S. 11th. St.

At this time Patn. Bini went to the front of this tavern and discovered that a wood panel about 24" X 30" had been knocked out under the window in the south east corner of the tavern.

On making this discovery Patn. Bini crawled through this hole to make a search of the tavern and on entering was able to find no one on the premises however discovered that the juke box located in the center of the tavern had been forced open and the coin box was missing, further that the cigarette machine located on the west wall of the tavern had been forced open this being done by smashing the glass covering the front of the machine. It was further found that after breaking the door glass there had been an unknown amount packages of cigarettes removed from the machine and the door of the machine had spots of what appeared to be blood smeared on same.

At this time Patn. Bini left the tavern and on doing so found that there were several broken beer bottles on the sidewalk these bottles being broken in a trail leading from a point directly beneath the broken panel to the front steps of 1805 S. 11th. and up the steps to the front door.

On making this discovery Patn. Bini knocked on the front door of 1805 S. 11th. and was admitted by the following subject:

RAMSEY, JAMES HENRY W-M-S-38-Ark-welder-residing 1805 S.11th. St.
A.R. 3-2074

On being admitted to the house Patn. Bini informed Ramsey that he was under arrest for burglary and informed him of his rights, those being the right to have an attorney, the right to have an attorney present during questioning, the right to have an attorney appointed for him in the event that he could not afford one, the right not to make a statement and that if a statement was made by him it would be used against him in court.

After being advised of his rights and waiving same Patn. Bini questioned Ramsey relative to this burglary and pointed out to him the trail of bottles leading to his front door.

Ramsey stated that he had no knowledge of the burglary or of how the broken beer bottles got on his front steps as they had not been there this A.M. when he went to bed further that he did not have any beer in his home and only three packages of cigarettes.

At this time Patn. Bini searched Ramsey and found in his (Ramsey) shirt pocket 1 package of Viceroy cigarettes and in his pants pockets 1 package of Pall Mall and 1 package of Marlboro cigarettes all of which

were open and partly full. On finding these cigarettes Patn. Bini noticed that the Viceroy cigarettes had a smear of what appeared to be blood on the outside of the package and questioned Ramsey as to where he had gotten these cigarettes to which he stated that he had bought them last P.M. from his landlord John Gawron who lives at 1807 S. 11th. St.

At this time Patn. conducted a further search of the Ramsey home and found in the refrigerator 23 bottles of Falstaff beer and 1 bottle of Falstaff beer under the night table in the bed room and at this time questioned Ramsey as to where he had gotten this beer and as to Ramsey's earlier statement that there was no beer in the house to which Ramsey stated the beer had not been in the house when he went to bed this A.M. about 4:30 A.M.

At this time Patn. Bini radioed for a district car to assist and for a supervisor and Patn. Vincent Stehlin 5324 in charge of radio car P-3 and Sgt. Michael Crnkovich 433 in charge of car 34 responded along with District Detective James Hopkins 3579 of this command.

On being informed of the above incidents by Patn. Bini the above officers went to 1807 S. 11th. St. where they were admitted by Jack Gawron who was placed under arrest for burglary by Patn. Bini and was at that time advised of his rights, those being the right to have an attorney the right to have an attorney present during questioning, the right to have an attorney appointed for him in the event that he could not afford one, the right not to make a statement and that if a statement was made by him it would be used against him in court.

On being advised of these rights and waiving same Gawron was questioned relative to his knowledge of the above described burglary to which he denied any knowledge. Gawron was at this time informed of the statement made by Ramsey that he (Gawron) had sold Ramsey ^{some} cigarettes last P.M. and this package of cigarettes had what appeared to be blood on same further that whoever had burglarized the tavern had apparently cut their hand as blood was found on the cigarette machine. At this time Gawron stated that he had been in the company of Ramsey last P.M. but had not sold him any cigarettes as he (Gawron) had no cigarettes for himself and certainly none for sale.

At this time a search of the Gawron home was conducted by the officers and Patn. Stehlin found in the drawers of the dresser in the center room 3 packages of Lark, 4 packages of Lucky Strike 2 packages of Marlboro, 2 packages of Viceroy and 2 packages of Camel cigarettes all of which had no cellophane wrapper. When questioned as to the ownership of these cigarettes Gawron stated that they were his property and the reason for no cellophane wrapper was that he had bought them in Ill. and could take no further statement concerning the cigarettes.

On further search of the premises Detective Hopkins found in a box in the center room of the home under numerous rags the following tools:

1 sledge hammer with a 24" handle, 2 17" inch pry bars, 1 8" Wizard

At this time the victim Gibbs was contacted and came to the scene where he furnished the estimate of missing property and secured the scene and then came to the third district station where he was confronted with the arrested subjects and heard them make their original statements denying any knowledge of the burglary.

The scene was photographed by dept. Kline 5950 and examined for latent prints by Det. Hart 66.

With regard to GAWRON's accomplice, JAMES HENRY RAMSEY, as reflected in the foregoing reports pertaining to the burglary, the following additional information was obtained by SA ALBERT J. RUSHING from records of the St. Louis Police Dept. on 5-14-68:

JAMES HENRY RAMSEY, St. Louis Police Dept. #98763, FBI #375 271 E, who resided at 1805 S. 11th St., listed his parents as C. W. and HATTIE RAMSEY, Weiner, Ark. He listed his wife as GLORIA JEAN RAMSEY, 1501a S. 10th St. His FBI identification record and his photograph as contained in the police files reflect conclusively that he could not possibly be identical with subject RAY. (The identification record for example includes entries during the period of time subject RAY was in the Missouri State Penitentiary.) RAMSEY is described in the police records as a white male, born [redacted] at Grubbs, Ark., black or gray hair, brown eyes, sallow complexion, slender build, bartender and laborer.

JOHN EUGENE GAWRON was interviewed at his residence. He stated he had no additional information to offer in view of subject's apprehension. He reiterated he had not seen or been contacted by subject since 1959.

He was unable to recall any further information concerning the robbery of the BANK OF ALTON, ALTON, ILLINOIS, and stated it was entirely possible that the person who had contacted him, who was known to him as "JIMMY," might have a different true name, as it is common for former convicts to use aliases, even among friends.

It was his understanding JERRY RAY had made an application for a passport, and that JOHN LARRY RAY was endeavoring to sell the GRAPEVINE TAVERN for enough money to finance a trip to England.

He stated he would immediately contact this office in the event he receives any information deemed by him to be pertinent in this case.

On May 28, 1968, SL 1209-C furnished the following information to SA ALBERT J. RUSHING:

Informant was an inmate at the Missouri State Penitentiary beginning in October 1964 and he thereby knew JAMES EARL RAY casually until RAY's escape in April 1967. He occasionally exchanged greetings and a few words with RAY on the infrequent occasions when he encountered RAY in the penitentiary. Informant and RAY never worked in the same area or resided in the same hall except for a brief period in 1965 when they were both assigned to K Hall. Informant observed that RAY was quiet and appeared to be a "loner" who kept to himself, never joking or mixing with the other inmates. There was no indication to informant's knowledge that RAY was on narcotics or junk. Informant knew nothing of RAY's reading habits although he assumed RAY might well have been reading on occasion when RAY was in his cell inasmuch as RAY would appear to stay in his cell a great deal of the time. Informant heard on one occasion from some inmate that RAY tried to sell amphetamine powder to some inmate and informant suggested a possibility that RAY might have been selling it for BOBBY ASH, who was an inmate from Kansas City who would have been a logical person from whom amphetamine powder might have been obtained for selling. There was "scuttlebutt" in the penitentiary indicating that BOBBY ASH did deal in amphetamine.

Informant had no specific knowledge of RAY's having been in a "loan shark" business in the penitentiary although many inmates did engage in such activities and RAY might have done so.

It was informant's observation that RAY attended to his own business and never appeared to have trouble with anyone. Informant gained no indication of RAY's attitude with respect to Negroes.

RAY did not appear to have any close associates but persons whom informant recalls now having seen in frequent conversation with RAY on some occasions were the following: RAY CLANTON from Arkansas, believed to have been released from the Missouri State Penitentiary about July or August 1967, and

COVER PAGE VV

2

SL: 44-775

HERBIE PHELPS, an inmate from Kansas City whom informant believes is still an inmate at the Missouri State Penitentiary.

Informant has not seen nor heard anything of RAY since the latter's escape except what informant has learned from public news sources.

In April 1967 informant was the driver of the prison truck in which RAY reportedly escaped from the penitentiary. Informant at that time was assigned at Renz Farm (the number two honor farm of the penitentiary) and as the driver of the prison truck he made daily trips in the truck between Renz Farm and the main prison halls accompanied by a guard. The truck was used to obtain supplies, equipment, food, and various other things such as laundry for Renz Farm from both the main prison and other places in the town of Jefferson City. Every morning seven days a week informant drove the truck to obtain bread for Renz Farm from the bakery at the main prison. On such occasions informant as an inmate at the farm was not permitted actually to go behind the prison walls at the main prison but left the truck at the truck tunnel (entrance) and the guard then accompanied the truck to the point behind the walls where the bread was loaded on the truck. Informant understood that the customary procedure was for other inmates so assigned in the bakery to place the bread in a bread box which in turn was loaded on the truck. It is informant's recollection that the box being used for the bread in the period of RAY's escape was a box about three feet by two and one half feet by three and one half feet and the top of the box opened on hinges. The bread, which was already sliced but was unwrapped, was placed in the box in layers which were separated by brown wrapping paper. The guard on the truck during this period of time was a guard named BURKHARDT and he was the guard on the truck at the time RAY reportedly escaped. Informant recalls that the day of RAY's reported escape was a Sunday. On Sundays the truck made no scheduled stops upon leaving the main prison until it reached Renz Farm except for numerous stop signs and traffic lights. On arrival at Renz Farm on the day of RAY's reported escape the truck was stopped as was customary after it entered the entrance at Renz Farm in order to make a delivery of a small amount of

COVER PAGE WW

bread to the residence of CARL MILLS, Superintendent of the farm whose residence is inside the gate. Two or three wrapped loaves, which were placed at the top of the bread box, were customarily delivered to MILLS' residence. On this particular occasion when informant went to the back of the truck to get the loaves of bread for delivery to the MILLS residence he saw that bread was scattered in the truck. Informant called the attention of the guard BURKHARDT to this situation and when the truck arrived at its destination at Renz Farm other guards there were also advised.

Neither informant nor anyone else so far as he was aware realized at first that the condition of the bread was an indication that someone had escaped. Upon arrival at the destination it was noted that the bread box was not as full as usual. A few hours later on the same day informant heard of a report to the effect that RAY had been found missing at the penitentiary at the time of a head count there and informant then heard that it was believed RAY had escaped in the bread box in the truck. Informant understood that since RAY had on some previous occasion hid out at the penitentiary prison officials apparently assumed that he may have hid out again inside the penitentiary and, therefore, the escape was not immediately reported officially according to what informant understood.

Informant expressed the observation that whoever loaded the bread box on the truck at the penitentiary must have known that RAY was inside the bread box. These persons would have been inmates assigned in the bakery but informant did not know their identities. Informant understood that RAY was assigned in the penitentiary kitchen which adjoins the bakery at the penitentiary.

The informant advised that the guard, BURKHARDT, was with him and the truck continuously from the time the truck left the main prison until it reached Renz Farm. Informant understood that BURKHARDT was subsequently reprimanded because the possibility of escape was not immediately recognized when the scattered bread was found in the truck.

Postal Inspector E. C. WENSMAN, Federal Court House, St. Louis, Missouri, advised RONALD WILLIAMS (case number 364-46572-E) does not operate a pen-pal club as such. He said he has written to club and possibly to individuals sending them his nude photographs in effort to get them interested in various types of sex parties. He said RONALD WILLIAMS lives at 8417 Virginia Avenue, telephone VE2-2697. WENSMAN desires to be informed if WILLIAMS is to be interviewed.

Mr. WENSMAN advised RJS (case number 364-46385-E) stands for ROBERT J. SUDOMA, 3535 Main Street, Apartment C-3. paroled July 28, 1964, from the Missouri State Prison and
was to reside with his wife, name not listed, at 2837 Eads

Several unsuccessful attempts were made on May 24,

Pursuant to information received from the Kansas City Division that prior to RAY's escape from the Missouri State Penitentiary, he was allegedly urged by inmate, ROBERT LYNN POWELL, to "beat up" a girlfriend of his named FRANKIE BARBARA (phonetic) at Doe Run, Missouri, when he got out, the following investigation was conducted by Special Agent DOUGLAS ROSENBERGER on May 7, 1968:

Contact with the following persons failed to further identify FRANKIE BARBARA or indicate that a person by that name is residing or has been known to reside at Doe Run, Missouri:

Sheriff KEN BUCKLEY, Farmington, Missouri;

Check of Post Office current Telephone

Magistrate Judge FRANCIS RENTFRO, Doe

Corporal WILLARD PETRUS, Missouri State

It should be noted that an interview with the father of ROBERT LYNN POWELL set forth in the body of this report indicates that the name FRANKIE BARBARA and the address of Doe Run, Missouri, was used by several girls, whose identities are unknown to him, in corresponding with his son.

The foregoing was placed in the administrative section of the report due to the Post Office contact.

POWELL is a prime suspect in the recent robbery of the BANK OF LEADWOOD, MO., and intensive efforts to locate him are reflected in that file.
