On May 28, 1968, JOHN WILLIAM MYERS was located and interviewed at his place of residence, 529 West Palatine Road, Palatine, Illinois. He is presently residing at this address with a Mr. and Mrs. DAVID P. COLLINS. MYERS advised he was formerly confined to the Missouri State Penitentiary, Jefferson City, Missouri, during the time subject was so confined. He first met subject as near as he can recall in early 1962 and knew him only as a fellow inmate until RAY escaped in early 1967. During this time they would say hello in greeting and occasionally discuss matters in generalities including appeals & attorneys. He did write a letter to an Attorney PHILLIP BAKER, Independence, Missouri, however, he is unsure if he obtained BAKER's name from RAY or from some other inmate. He never was friendly with RAY to any extent and never would get into serious discussions with RAY.

MYERS advised he had never heard any discussion while incarcerated concerning any money put up for the assassination of KING and never did hear any anti-KING discussion among the white inmates although a number of the Negro inmates would periodically make anti-KING statements. He never knew RAY to be anti-Negro and was very surprised to learn RAY was wanted for the murder of KING. He never had any discussions with RAY concerning possible places RAY might go when he was released from the prison and would have no idea where RAY might be located at present or with whom he might be in contact. RAY was more of a loner and he knows of no close friends with whom RAY associated. He observed numerous pictures of RAY published in local newspapers and advised he would not have recognized RAY from the photograph with the eyes drawn in by an artist. The photograph of RAY taken at about the same time only of a more profile view resembles RAY to a greater extent.

MYERS advised RAY has no way of knowing where he is presently located and he does not feel that RAY would have any reason to contact him. However, should he learn about any information whatsoever concerning RAY, he will immediately contact the FBI.

ROUGH DRAFT INSERT  
44-1114

On June 19, 1968, Postmaster EDWARD SWAN, U.S. Post Office, Wheeling, Ill., advised he does not specifically recall any circular letters being received from The Royal Bank of Canada. However, it is very possible some customer of the bank can receive this type mail on a regular basis. He is aware there are some box holders who pick up their mail daily, stand there and sort through the mail, throwing a lot of the ads and circular type letters in the trash can in the lobby of the building. There would be nothing to prevent any person from picking up any of this type mail once it is thrown in the wastebasket.

Mr. SWAN advised a check with the other employees revealed no information concerning monthly newsletters from The Royal Bank of Canada.
