Specimen received 4/10/68, from FBI, Mobile

Kc4 Photocopies of transfer of 1967 Alabama license form, #1A 88354, tag receipt for 1968 Alabama license #1-38993 and application for Alabama driver's license dated 9/6/67 bearing the known signatures of ERIC S. GALT (printed from submitted FX 135-20 film)

Specimen received 4/10/68, from FBI, Birmingham

K5 The following documents bear known handwriting of ERIC S. GALT:

Record of Access to Safe Deposit Box No. 5517

Contract for Safe Deposit Box

Ledger Card (rental record) for Safe Deposit Box No. 5517

Undated letter on ruled paper

Result of examination:

Because of the limited nature of the questioned <sup>Q72</sup> "Harry Lowmyer" signature on the Q72 invoice and the presence of unexplained characteristics, it could not be determined whether the same individual was responsible for the preparation of this signature and the material in the Eric S. Galt name represented by Q86, Kc4 and K5.

The K6 bar of soap and wrapper were found to be similar in all observable characteristics with the Q48 bar of "Cameo" soap previously submitted.

The evidence submitted is temporarily retained. Photographs were made.

It was determined that the "Eric S. Galt" signatures on Q86, Kc4 and K5 were prepared by one individual.

Submitted herewith for assistance of Bureau is the original registration card received from Miss KELLY, Resident Manager, Rebel Motel, 3466 Lamar Avenue, Memphis, Tennessee. Suspect in instant case did in his own handwriting fill out this registration card. It is his writing that appears after the word "Name," after the word "State," and after the word "City."

Mrs. HENRIETTA HAGEMASTER, Assistant Manager, Rebel Motel, with whom this guest registered, stated that the numbers appearing under car license, the "Ala" appearing under "State", and the make of car "Mustang" were also written in by the guest. Mrs. HAGEMASTER stated the other writing in the lower portion of this card is her own. The writing on the reverse side of the card is also Mrs. HAGEMASTER's. This card was received by SAC JENSEN from Miss KELLY, Resident Mgr., on April 9, 1968.

It is requested that the Document Section compare writing on this registration card with handwriting which appears on material submitted by the Birmingham Division.

Also submitted herewith for assistance of the Laboratory is one bar of Cameo toilet soap which is the brand used by the Rebel Motel. Laboratory is requested to confirm that this is identical with what appears to be one bar of Cameo soap in photograph previously submitted to Memphis reflecting contents of blue bag submitted in this case.

Transmitted herewith to Lab, Birmingham, and Memphis is one Xerox copy each of Liberty National Bank Dealer Plan-Purchaser Statement, obtained from former SA BIRL WILSON. The copies furnished were Xeroxed from a Xerox in the possession of former SA WILSON. The handwriting on the document is reportedly that of suspect Dr. ALVIN EUGENE FRENCH.

For the information of the Laboratory, Dr. ALVIN EUGENE FRENCH has been travelling through the Southern states, passing true name checks and obtaining rental cars through the use of credit cards, some of which have been cancelled. He has a poor financial history with a number of Buffalo area financial institutions.

Dr. FRENCH reportedly served for several years in Africa as a Missionary, during which time he contracted brain fever. He has been under treatment as a mental patient

at Gowanda State Hospital, Gowanda, New York, and most recently at Rochester State Hospital, Rochester, New York, leaving the latter institution in 9/67.

On 4/3/68, Dr. FRENCH was staying at a Holiday Inn in Williston, Florida. On 4/5/68, he called a girl friend at a Rochester, New York banking institution from Memphis, Tennessee, at which time he said he was going to Atlanta, Georgia, where he would stay at a Holiday Inn. At Atlanta, he said he planned to confer with some of Dr. MARTIN LUTHER KING's successors.

Former SA WILSON had verified Dr. FRENCH's presence in Atlanta on 4/8/68, at which time Dr. FRENCH indicated he planned to stay in Atlanta until 4/10/68.

Kc7 Photocopy of Liberty National Bank Dealer Plan-  
Purchaser Statement bearing purported known hand  
printing and signature of DR. ALVIN EUGENE FRENCH

Result of examination:

Because Kc7 is almost entirely hand printed and  
not adequate for comparison with the questioned writings,  
it could not be determined whether the material in this  
matter was prepared by DR. ALVIN EUGENE FRENCH, Kc7.  
However, the style of writing of FRENCH differs from the  
other writings which have been submitted in this matter.

Kc7 has been retained.

However, because of the limited nature of the comparable material any significance of these few similarities could not be assessed. As a result of investigation, the Birmingham Office advised that the .30-06 Remington rifle involved in this case was sold to a person giving the name Harvey Lowmeyer on 3-30-68 by the Aromarine Supply Company, 6791 Airport Highway, Birmingham, Alabama. The purchaser originally bought a caliber .243 Winchester rifle on 2-20-68 upon which he had mounted a Redfield telescope sight. The purchaser returned this rifle the following day and exchanged it for the .30-06 caliber Remington rifle, Serial Number 451276, which was recovered in Memphis immediately following the shooting of Martin Luther King, Jr. Aromarine Supply Company transferred the telescope sight to this rifle, using a new mount.

The Birmingham Office submitted the following material for Laboratory and latent examination:

- Q 72 .243 Winchester caliber Remington Bolt-action rifle; Model 700, Serial Number 233740 from Aromarine Supply Company
- Q 73 Telescope sight mount from .243 Winchester caliber rifle

A/S Elimination major case prints of Donald F. Wood

Birmingham requested the Laboratory determine whether  
this .243 Winchester rifle had been fired. The Laboratory  
determined it had not been fired.

Birmingham requested we determine whether we could  
associate the telescope sight on the rifle recovered in  
Memphis with the sight mount originally used with this sight  
on the .243 Winchester rifle. The Laboratory determined there  
were no marks left on the telescope sight by this mount and  
therefore no association was possible.

A document examination is being made of the signature  
appearing on the gun sale invoice and fingerprint examinations  
are being made on all of the items listed above.

In this connection, the nine boxes of ammunition were  
submitted since the Aeromarine Supply Company clerks stated  
the purchaser of the rifle may have handled one or more of  
these boxes.

Birmingham and Memphis will be advised of the results  
of all examinations by teletype.

Specimens ~~received~~ personally delivered on 4-8-68 by SA Robert Fitzpatrick,  
Memphis

Q69 Undershorts  
Q70 T shirt  
Q71 Board from windowsill in bathroom

## Results of examination:

The undershorts and the T shirt each bears a laundry tag with what appears to be the characters "02B-6." Only a portion of the first character is present on each tag. The Laboratory does not maintain a file of visible laundry marks. No invisible laundry marks were found on the undershorts or T shirt.

The pair of undershorts is small in size while the T shirt is large.

The pair of undershorts does not have a brand label. The T shirt has a "JOCKEY" brand label.

The T shirt label is held flat with a folded piece of 3/4" wide cellophane tape. The piece of tape is about 1" long. One end has been cut, and the other end has been torn.

The crotch seams of the undershorts have been repaired in two places with brown thread. The repaired areas are hand stitched.

No hairs were found on the undershorts or T shirt.

The Q71 board bears a recent dent which could have been produced by a light blow from the muzzle of a weapon such as the Remington rifle, Serial Number 461476

previously submitted in this case. The dent contains microscopic marks of the type which could be produced by the side of the barrel at the muzzle but insufficient marks for identification were left on the board due to the physical nature of the wood. The microscopic marks present are different from the type which would be produced by the duck-bill pliers or tack hammer which were in the blue zipper bag previously submitted. No other marks were found on the board.

No gunpowder or gunpowder residues were found on the Q71 board.

No wood, paint, aluminum or other foreign material was found on the rifle barrel nor were any significant marks found on the rifle barrel.
