LBJ's Health Is Discounted As Factor In Withdrawing

By ARTHUR J. SNIDER

The President's health would have permitted him to become a candidate for another term of office, two of his physicians said yesterday.

Dr. James C. Cain of the Mayo Clinic of Rochester, Minn., said the President, who is 59, is in excellent condition.

His cardiologist, Dr. J. Willis Hurst of Emory University at Atlanta, said Mr. Johnson has "had no trouble at all" since his heart attack in 1955 and there is no reason to believe he would be in any danger during the next four years.

While health presumably was not involved in the shaping of the President's decision, the physicians indicated that had they been asked for a medical opinion, neither would have hesitated to give his approval.

Some speculation on reasons for the decision, other than those Mr. Johnson gave, has involved concern over whether he could withstand four years more of burden.

Reached in Boston where he is attending a convention of the American College of Physi-

cian.

PRETORIA, April 3. — (AP) — A record 275,538 tourists visited South Africa last year. That was 15,500 more than in 1966, the state tourist corporation announced.

of symptoms after a heart attack, the better his prognosis. "Since almost 13 years has passed without further trouble, he is clearly in the category of a man who has never had a heart attack," Hurst said.

The cardiologist, professor and chairman of the department of medicine at Emory, said the President is an "active and vigorous" man and is not restricted in any way.

Both physicians were at the bedside when Johnson, then a United States senator, was stricken July 2, 1955. Cain said at that time the heart attack was "moderately severe."

Postal Buildings Blocked In House

Union Station Complex Is Tied Up In Dispute

Plans to construct a nine-million-dollar Post Office complex on the Union Station site at 199 East Calhoun have been pigeonholed by a House subcommittee.

A jurisdictional battle between the White House and House Public Works subcommittee on public buildings and

grounds has tied up plans for 23 Post Office facilities across the nation.

The Union facility would replace DeLoe and Davis stations, Butler Annex and the Post Office garage. Most offices now in the Main Street Post Office would be shifted to Calhoun when the new building is completed.

Without the approval of the subcommittee, headed by Representative Kenneth J. Gray (D-Ill.), Congress cannot put up funds for the project. It is anticipated that the Johnson administration will back away from the battle and the projects will be cleared.

Plans for the projects were sent back to the General Services Administration by the subcommittee because of an administration stand that President Johnson, and not the subcommittee, should decide which projects are approved and which held back.

Masaryk's Death Back In Spotlight

Czech Officials To Reinvestigate 20-Year-Old Disputed Mystery

PRAGUE, April 3. — (UPI) — The Czechoslovak state prosecutor's office announced Wednesday it will reinvestigate the controversial death of former Foreign Minister Jan Masaryk, a disputed mystery for 20 years.

The body of Dr. Masaryk, son of the founder of Czechoslovakia, Thomas G. Masaryk, was found in the courtyard of the Foreign Ministry March 19, 1948.

The Communist regime which had just seized power said he committed suicide by jumping from a balcony window. For two decades belief has circulated both here and abroad that he was murdered. His death symbolizes the brutality of Stalin era rule for millions of his countrymen.

An announcement by deputy general prosecutor Frantisek Zabransky that the case would be reopened was viewed as part of the liberal trend in the new Communist regime which took control last January. The senior Masaryk, for years a "non person," has been rehabilitated.

Meanwhile, the shakeup in the Czech government continued. Deputy Premier Otakar Simunek and Defense Minister Bohumir Lomsky resigned Wednesday as the new reformist leadership pushed a sweeping reshuffle of the Communist government and party hierarchy. The two formerly were supporters of the ousted president and party chief, Antonin Novotny.

British Wage Battle Due

LONDON, April 3. — Battle lines were drawn Wednesday between the labor government and labor unions as the government in a white paper announced details of tougher policies to hold increases in wages, salaries and dividends to 3.5 per cent a year.

The government proposes to take reserve powers to delay pay and price increases 12 months, to require price cuts where recommended by the prices and incomes board, to moderate and phase rent increases and to prevent excessive dividends by corporations.

Details opposition from union officials in and out of Parliament on the wage curbs, and despite the loss of popular support in recent by-elections, cabinet ministers believe they can enact the forthcoming legislation, although with a reduced majority.

However, observers believe the test will come when the government tries to enforce the 3.5 per cent ceiling in the face of hostile union demands for wage increases of 5 per cent and more.

Nigerian Cease-Fire May Be Near

LONDON, April 3. — (UPI) — A Socialist peer, Lord Brockway announced Wednesday he had received a letter from Nigerian rebel leader Lt. Col. Odumegwu Ojukwu indicating a truce was being prepared for a ceasefire.

Lord Brockway, chairman of an All-Party Committee for Peace in Nigeria, quoted Ojukwu as saying he was prepared for an immediate cease-fire and negotiations "without recriminations on either side."

Russia Charges Red Chinese Interference

MOSCOW, April 3. — (UPI) — The Soviet Union charged Wednesday that Red China detained a Russian tanker carrying supplies to North Vietnam and that Chinese soldiers broke down doors and used force against its captain and crew. It was the third case this year of official Soviet protests against detention and alleged mistreatment of Russian ships and sailors in Chinese ports.

Panama Court Studies Impeachment Data

PANAMA, April 3. — (AP) — The Panamanian Supreme Court went to the shuttered Legislative Palace Wednesday to study documents related to the impeachment and dismissal of President Mario A. Bolyes by the National Assembly March 24. An injunction before the court alleges that the impeachment proceedings against Bolyes were illegal and unconstitutional. The court will rule on this probably by week's end.

Gunfire Doves Patrol Plane, US Confirms

SAIGON, April 4. — (UPI) — The United States Command confirmed Thursday that a Navy patrol plane with 12 men aboard was shot down Monday while participating in an operation against gun-running in the Gulf of Siang off South Vietnam's west coast.

An official announcement said only that the plane reported being "hit by anti-aircraft fire." Other sources had reported earlier that the four-engine turboprop craft, a P-3 Orion, was fired on by a Cambodian ship.

The command said the bodies of two crewmen were recovered and search operations were continuing.

The plane had been patrolling between the island and the mainland as part of Operation Market Time, the command reported. The operation is an allied sea and air campaign to intercept enemy junks and trawlers bringing arms and supplies to the Viet Cong.

The Orions usually operate about 30 miles off the South Vietnamese coast.

Victory Is Seen As Allied Drive Nears Khe Sanh

Thousands Of Troops Knife Within Three Miles Of Besieged Fortress

By THOMAS CHEATHAM
SAIGON, April 4. — (Thursday) — (UPI) — A Marine general declared the battle for Khe Sanh won as thousands of allied troops Thursday knifed to within three miles of the besieged outpost in a juggernaut to "put the enemy out of business" in northern South Vietnam.

United States military spokesmen said American helicopter gunships supporting the troops trapped a North Vietnamese company of 120 men in an open field and killed 50.

Heavy fighting Wednesday was reported in two areas north of Tan Son Nhut Air Base near Saigon. Spokesmen said 29 Communists died in the clashes with allied forces.

Advancing eight miles behind columns of tanks rumbling over a bumpy, rutted road, 10,000 United States Marines and South Vietnamese infantrymen were out to crush the North Vietnamese armies that had laid siege to Khe Sanh since Jan. 21. They sought to secure all of South Vietnam's northwest corner near the Laotian border, a key Communist infiltration corridor.

It was the first time last 5 p.m. that the American forces ventured along the twisting Highway 9 that links Khe Sanh with vital coastal supply points.

The going was slow. Mines and boobytraps were plentiful and thick elephant grass along the roadside hid unknown danger. Troops hacked through the grass, 11 feet high in spots, to protect engineers clearing the road.

There was little resistance from Communist troops, although they blew up 17 bridges along the line of march.

In the air, too, United States pilots Wednesday continued to hit North Vietnam well below the 20th Parallel border established by President Johnson's 1965 bombing halt.

Navy pilots hit rail sidings and bridges in the southern panhandle. Spokesmen said their northern strike was a rail siding, 12 miles northwest of Thanh Hoa, 15 miles below the 20th Parallel.

United States air cavalrymen got into Khe Sanh surrounding hills in swarms of helicopters. They found empty footpaths and trenches and said some of the peaks, almost within sight of Khe Sanh, were still aflame from blistering artillery and air bombardments.

In Da Nang, Lt. Gen. Robert Cushman said American firepower coupled with the courage of the 10,000 defenders had won the battle of Khe Sanh.

Cushman, commander of I Corps, said the big push was the second stage of a counter-offensive to secure South Vietnam's entire northwest corner. (Picture and Map on Page 1)

Hippies Brave Raging Flames

For Art's Sake

ANTWERP, Belgium, April 3. — (UPI) — Hippies and flower children, faces and multi-colored caftans blackened and singed, raced repeatedly into a blazing 16th Century church early Wednesday to save 10 million dollars worth of Flemish art masterpieces.

The Gothic Church of St. Paul's, containing untold riches in historic wood carvings, was destroyed in the fire.

No one knew exactly how the blaze, spreading from a sporting goods store next door, got started.

More than 60 students and young persons, many of the hippies, poured out of nearby all-night dance halls and went into action long before police and fire fighters arrived.

An early police report said the church, containing untold riches in historic wood carvings, was destroyed in the fire.

The church, with its treasure of more than 40 paintings by Peter Paul Rubens, Van Dyck, Jordans and Teniers the Elder is well known to tourists as well as Belgians.

"We had no choice," said a burly art student, his black beard whitened by soot and limited smoking. "We've been holed up on Rubens and Van Dyck. Our one lives was the least we could do."

"I've never seen anything like it," said a police officer. "The kids never even hesitated. They just jumped in and got to it."

Flaming timbers dropped round their heads as some used pocketknives to loosen the masterpieces from cumbersome, ornate carved wooden frames.

The salvaged masterpieces included Rubens' "Flagellation" and "Holy Sacrament" and the "Carrying of the Cross" by Van Dyck.

Experts said the paintings, even the most seriously damaged, could be restored.
