MURKIN.

Extensive investigation to date has not specifically established residence or whereabouts of ERIC STARVO GALT prior to mid-summer 1967. Investigation has disclosed that his presence has been established in Alabama, California, Georgia, Louisiana, and Tennessee.

Possibility exists that prior to mid-summer, 1967, UNSUB may well have been a recent releasee of a Federal Penitentiary, a State Penitentiary, or some county correctional institution. In addition, the possibility that he may have been a recent releasee from a mental institution of some kind cannot be overlooked.

It is therefore requested that all offices receiving this Airtel check records of custodial institutions, penal and otherwise, in their respective divisions, for any information regarding releasees in May, June, and July 1967. Offices should be guided by the descriptive data and birth data furnished on Alabama driver's license. This set forth birthdate [redacted]. Descriptive data available on license will assist in eliminating many of the names that might appear. Use of current photo, which is dated March 1968, would also be of assistance in further eliminating any suspects included in group. If unable eliminate on basis of birth data and use of photo, receiving offices should secure from custodial institution identifying numbers which will assist in establishing identification record and thereafter request elimination by fingerprints of Bureau. ARMED & DANGEROUS.
