Specimens received from **FBI, Los Angeles, 4/14/68**

K26 Two sheets of ruled paper bearing the known handwriting of ANITA LOUISE KATZWINKEL

Specimens received from **FBI, Los Angeles, 4/14/68**

Q139 - Q140 One pair of women's black shoes

K27 One 3 x 5 piece of white paper bearing the writing beginning "Keys from 303..." signed "Mr. Flikeid; a rental application dated 5/17/67, signed "Thomas Flikeid; a Standard Rental Agreement, dated 12/5/67 of the Grammercy Park Apts., signed "Thomas M. Flikeid."

K28 Chevron Standard Oil Company of California map of Los Angeles

K29 Chevron Standard Oil Company of California map of California

Result of examination:

It was concluded that ANITA LOUISE KATZWINKEL, K26, did not prepare the questioned handwriting "Ginger & Anita Katzwinkel" appearing on Q118, the portion of a tissue box, previously submitted. Because of unexplained variations and insufficient comparable material, a definite conclusion could not be reached whether KATZWINKEL prepared any of the remaining questioned handwriting on Q118. Some significant handwriting differences were noted in this remaining questioned handwriting excluding the words "Day" and "at pool." These words are too limited and contain insufficient handwriting characteristics to determine if they were or were not prepared by KATZWINKEL.

Due to the lack of a sufficient number of significant comparable letters, it was not possible to determine if the words "broulh" and "Olkahombe" on Q118 were prepared by the person or persons responsible for the remaining questioned handwriting appearing on this specimen.

It was concluded that the FLIKEID signatures appearing on the bottom of K27, were prepared by THOMAS M. FLIKEID, FBI#534039D.

Because of insufficient significant comparable handwriting and unexplained variations, a definite conclusion could not be reached whether the questioned Lowmyer signature on the gun invoice previously submitted or the writings attributable to Eric S. Galt, previously submitted, were prepared by the writer of K27. Some handwriting differences were noted in the handwriting attributable to Galt when compared with K27; however, these characteristics are not sufficiently strong to definitely eliminate FLIKEID as a possible writer of the Galt material.

The K28 and K29 maps are not identical with two maps, Q18 and Q20, previously submitted and recovered from the blue bag in Memphis.

Q139, Q140, K27 through K29 are temporarily retained. Appropriate photographs of the writing appearing on K27 have been made.

One 8 inch head hair of Caucasian origin was found inside the Q139 left shoe. This has been dyed black. No similar hairs were found in or on items previously submitted in this case. No other hairs or debris was found in Q139 or Q140.
