Reference is made to Mr. DeLoach's memorandum dated April 24, 1968, regarding the return of certain evidence in this case.

Pursuant to this memorandum, the evidence has been packed and is ready for shipment.

There is attached an airtel to the Memphis Office advising them of the return of the evidence.

Included among these items are several items of original evidence which by their nature may be necessary to have available for future comparison purposes; for example, at such time as James E. Ray is located and if it is desired to have his head hairs compared with those at the scene, it would be necessary to have those found at the scene resubmitted for comparison. We are also continuing to receive laundry mark samples for comparison. Should any be received that cannot be eliminated by the use of photographs it would be necessary to consider the return of the original items if further examinations are required.

ACTION: A proposed airtel advising the Memphis Office of the return of the evidence is attached for approval.

Donald Dean Rigger, a convict who served time with James Earl Ray, stated Ray had asked him questions concerning the economy in Mexico and was particularly interested in the army structure. According to Rigger, it was generally known that if you could get into the Mexican army that you would lose your identity.

Legat, Mexico City should initiate appropriate inquiries to determine if the subject could have effected enlistment in the Mexican army.

Re check of toll calls on Highway 90.

Re Bureau teletype dated 4/25/68, instructing that long-distance calls be checked on routes through Texas that subject and CHARLES STEIN allegedly took.

In spite of fact Southwestern Bell Telephone Company is involved in strike, officials are cooperating. Records probably will be available beginning 4/29/68; however, they will have to be checked by Agent personnel this division since telephone company on strike.

DON BISHOP, Manager, General Telephone Company, Del Rio, Texas, advised all records of pay telephone calls made in Val Verde County, Texas, the only county on U. S. Route 90 covered by General Telephone Company, are forwarded daily to the General Office at San Angelo, Texas.

The Dallas Division advised that upon contact with official, General Telephone Company of Southwest, San Angelo, Texas, it was learned that pay phone toll call slips are destroyed after 90 days. After 90 days toll call slips information which had been previously placed on electronic tape are intermingled with all other toll call records
