**NOTE:**

The Bureau by radiogram dated 5/21/68, to All SACs instructed each field division covering state capitals to cause a check for all driver's license applications by review for the months of April and May, 1968, as subject may have obtained a driver's license in a state using a name not known to this Bureau.

Indianapolis advises that all driver's licenses for Indiana are recorded alphabetically. No separate record <sup>maintained</sup> retained on new licenses. Review of records indicates there are over three million registered driver's licenses on file and would take ten Agents twenty days to review all licenses. Indianapolis being requested to obtain further data regarding driver's licenses as it is possible that this information is recorded in a computer system.

On 5/23/68 TWILA MANTOOTH, Records Section, Indiana Drivers License, advised all records are recorded alphabetically. No separate record is maintained on new licenses. No applications are retained.

She further advised that race is no longer listed on the driver's license.

Sgt. AL LARSON, Indiana State Police, advised his records revealed there are over 3,174,000 registered drivers' licenses on file. It would take 10 Agents, 20 days of review in order to check all licenses.

In view of fact license records previously checked for subject RAY and known aliases, it is not believed feasible to review over three million licenses in file, and Bureau is requested to advise if they desire this be done.

On 5/27/68, a review of the Criss-Cross Index for telephone listings in the St. Albans, W. Va., area disclosed telephone #727-8137 is listed to HOWARD PAGE, 1002 Rosedale Drive, St. Albans, W. Va. On 5/27/68, results of attempts to contact Mr. PAGE were negative.

On 5/27/68, Mrs. HOWARD PAGE, 1002 Rosedale Drive, advised as follows:

Her son, Sergeant HERMAN GEORGE PAGE, is assigned to the Lackland Air Force Base, San Antonio, Texas, as a member of the U. S. Air Force. Sergeant PAGE arrived home for a visit around 12/1/67, and she is certain he did not telephonically contact her residence on 12/17/67, but it is possible a friend of his from Lackland Air Force Base might have called him. Mrs. PAGE stated she does not know anyone who would call her residence from Texas, except her son or possibly one of his friends.

Washington, D.C.

Dear Sir,

SEARCHED

It is approximately one month that I sent you a letter. In this letter I enclosed pictures of James Earl Ray, a diagram of where I saw him & all the information I had about this killer. Still there is no trace of him, no information on no suspects. I can't understand how this man could disappear in thin air as the saying goes. But I'm positive of what I saw and who I saw. I definitely saw James Earl Ray on the day I said I saw him. Also I'm not satisfied with the way my information was investigated. Why? When I called the FBI here in Cleveland and told them what I saw and also requested that the FBI come out to see me they didn't come out to see me until you called

them and told them to come to see me. When they (the 2 agents from the FBI) came to see me) one told me that on Tuesday when I called and told them of what I saw he told me that on that same day there was two cars posted at the shopping center, then why didnt they come to see me that same day as I live only a "stones throw from the shopping center". Why? I'm of the impression that the F.B.I. investigates all material no matter how small. yet I requested them to come to my home and they didn't. Also what I'm about to write worries me the most. The F.B.I. from Cleveland was here at my home on Friday April 26 then the evening. Then the next evening Saturday April 27th at 8:30 P.M. I received this mysterious phone call. The conversation went as follows, my friend answered the phone & said to me "many its for you". I said "Who is it". She put her hand on the mouth piece of the phone and said "I think its the F.B.I. I looked at the clock it was exactly 8:30 P.M. Its a habit in our home when the phone

songs we always look at the clock. I went to the phone and said "Hello". A nice male voice on the other end said "Hello may how are you?" I said alright, who is this? The voice said This is your friend. I said "I still dont know who you are." The voice said "you dont know who this is?" I said "No, but keep on talking, maybe it will come to me." Then the voice said What is your last name? Then I said "If you not going to tell me who you are then I'm gonna hang up." I gave the phone to my friend, she put it to her ears & in a second or two heard the click. Now. Where this male got my phone number is a mystery. I'm not listed in the phone directory and the phone at my home here is not listed on my name. I dont buy on credit, I have no car, I have no job. So where did this man get my phone number and my first name only? I have not heard this voice ever in my life (one).

all of my male acquaintances (about 5) here in Cleveland will know my last name and I would recognize their voices. And of the 5 men I would consider only 2 friends. The other three I haven't talked to or heard from in over three years. I've told my story to other people & they believe me. I am thinking seriously of going to the news media with my story because I'm not satisfied the way my information was investigated. Again I say I positively saw James Earl Ray on the day I said I saw him. The FBI since has come out with 2 more pictures of James Earl Ray and I have yet to see them or don't they show the pictures to people who have given information about a suspect? I'm not scared, this phone call by this mysterious person did not scare me I can take care of myself. I have in the past caught 2 provokers all by myself so you see I'm not scared. I trust in God always.  
Hope to hear from you.

SUBJECT: MURKIN

This is the case involving the killing of Martin Luther King, Jr.

The Bureau is in receipt of a letter from Miss Mary Chortos, 4211 Fulton Parkway, Suite 231, Cleveland, Ohio, wherein she states she furnished information to the Bureau over a month ago indicating she had seen the subject James Earl Ray. She states she is not satisfied with the way her information was handled and is generally critical.

On 4-23-68 Miss Chortos advised the Cleveland Office she observed an individual resembling subject Ray the previous day parked in a shopping center in Cleveland. At the time of the call she was excited and could not remember the number of the apartment where she lived. She stated she had no other information to furnish and did not indicate any desire to see an Agent. Cleveland conducted investigation in the area of the shopping center but located nothing of significance with respect to Ray.

Miss Chortos directed a letter to the Bureau dated 4-25-68 in which she stated she had contacted the Cleveland Office but no one had called upon her. Cleveland was instructed to interview her for any additional details she might have in her possession. She furnished conflicting information at that time concerning the color of the automobile the person was driving as well as conflicting information concerning the license plate. She also told the Agents that her reason for writing was that she had never met an FBI Agent before and really wanted to talk to one. She said she was very disappointed when an Agent did not come out house right after she called and in fact she "cried a little."

The Cleveland Office has advised that Miss Chortos has heavy masculine features and was wearing a man's black sweat shirt and black pants when contacted. It was the opinion of the interviewing Agents she may be experiencing some emotional problems. In her current letter she refers to receiving a mysterious phone call from an unknown male and can't understand how he obtained her telephone number.
