> Re: Martin Luther KING Murder of

On October 8 last information was received from the Superintendent of Security, Department of Transport, Ottawa, to the effect that a female employee, who wishes to remain anonymous had confided to her superior that she had met with RAY on 3 occasions, once in the Laurentians, once in Ottawa and once in Montreal. These meetings are believed to have taken place prior to the murder of Dr. Martin Luther KING.

Recently this woman has received telephone calls from William Bradford AUEY (phonetic) in Alabama, asking her about her association with RAY. This person is now concerned about the turn of events and consented to be interviewed by a member of this Force relative to her association with RAY.

3. On the 15 OCT 68 subject was interviewed and the following information was obtained from her.

"On the 4th of August 1967, my girlfriend and I went to St. Jovite, P.Q. to spend the long weekend. We arrived there at around 7:00 p.m. and registered at the "Petit Manoir" Inn. We had supper and then decided to go to the Grey Rock Resort for the evening. As we entered the lounge, we saw a man sitting alone at a table facing the Dance Floor. My girlfriend said 'That man is alone, let's see if we can sit with him.' She approached him and he invited us to sit at his table. He introduced himself as Eric GALT and said that he was on holidays from Chicago and was staying at the Grey Rock. He also mentioned that his brother and his sister-in-law had come up with him from Chicago and that they had left for Montreal. He said that he had been there

for about one week and that he would be leaving within the next few days for Montreal to meet his brother. At around Midnight, my girlfriend said that she was not feeling well and she returned to the Petit Manoir. Eric and I went to the Manoir Pinoteau to see the entertainment. We returned to Grey Rock at around 4:00 a.m. and I spent the rest of the night with him in his room, I was intimate with him. I did not notice anything unusual about him. He was quiet, polite, neat and reserved. The next morning, I left him at around 11:00 a.m., at which time he told me that he was leaving for Montreal. He said that he did not know where he would be staying in Montreal, but that he would like to see me again and that he would call the Petit Manoir and let me know where he was staying. He was driving an old red Plymouth around a 1956 model. I did not look at the License Plates.

He called around supper time and since we were out, he left a message with the desk advising to call a number in Montreal. I called and talked to a desk clerk at a hotel in the East end of Montreal. She gave me the address and the number of the room where Eric was staying. He was not in at the time. On Monday, the 7th of August, my girlfriend and I drove down to Montreal and went to the hotel to see I don't remember the name of the hotel except that it is around the corner from the Acapulco Club. We met Eric in the hall and he appeared pleased and surprised to see us. We shared his quarters during the two nights we spent in Montreal. He was not intimate with either of us in Montreal. He took us out to the Acapulco Club and to restaurants. He seemed to have money and appeared to pay for everything with Canadian \$20.00 bills. In fact, he gave me a Twenty before we left Montreal, in case I had car trouble. I gave him my address in Ottawa.

Some three weeks later, he called me and said that he was in Ottawa staying at the Town and Country Motel for the week-end. He stayed in Ottawa for two days and I showed him around Ottawa. I did not stay with him at the Town and Country. He did not appear to know anyone in Ottawa. I don't recall him saying where he was coming from, but I assumed it was Montreal. He did not have a car and probably came by train. He mentioned that he was working for his brother in Real Estate and that he did not do much but was paid well. He also said that he had no problems with money and could always get some.

He never mentioned any friends or associates besides his borther and I never saw him with anyone. He never mentioned the name Martin Luther KING and never indicated any hatred toward any Negroes.

I did not hear any more from him until around March 1968 when I received a letter from him postmarked Hollywood, California. I don't remember the address and have since destroyed the letter and envelope. The letter was short and did not contain much of interest. He was enquiring as to when I was taking my holidays and said if I write, to do it soon because he would not be at that address after a couple of weeks. I received the letter some three weeks before the assassination of Martin Luther KING.

When I heard that Eric GALT had been arrested and was implicated in the murder of Dr. KING, I panicked and destroyed the letter.

About one month ago, I received a phone call from one William Bradford HUEY who said that he was writing a book about James Earl RAY and when he mentioned the names Grey Rock and Eric GALT, I knew that he must have gotten my name and address from RAY. I agreed to see him and we met for lunch at the Holiday Inn. At that time he showed me his credentials, his picture in Time Magazine with RAY's lawyer and some of his books. He was very charming and appeared to know all about my association with RAY, including the fact that I had been intimate with him. He appeared to be mainly interested in what I thought of RAY and I told him that as far as I was concerned, he was a normal man. He said that I would be the Mystery woman in his book and assured me that my name would not be mentioned. He had a photographer with him and I agreed to let him take smoky pictures which they assured me would show only shadows. He gave me \$100.00 for the information and invited me to go to New York at his expense, any time I felt like it, and to call him collect if I could remember anything else.

I have no other information to offer and the above is all I can remember about my association with James Earl RAY alias Eric GALT.

4. The above information was obtained during several hours of questioning and our investigator is satisfied that it contains all that this informant knows about RAY. She is very concerned about the possibility

of her name and photograph appearing in HUEY's book and in this regard she was advised to consult a lawyer.

GENERAL INVESTIGATIVE DIVISION

This is the case involving the murder of Martin Luther King, Jr.

Article in "Commercial Appeal" newspaper, Memphis, Tennessee, 10/25/68, states FBI using tape recordings of voices of relatives and acquaintances of James Earl Ray to determine if they contacted Ray while he was employed, 1967, at Indian Trail Restaurant, Winnetka, Illinois. Article, datelined Chicago, written by Art Petacque (reporter, "Chicago Sun Times"), attributed information to Harvey Klingeman and wife who operate restaurant.

Klingemans have excellent reputation according to local authorities; we interviewed them regarding activities of Ray and obtained no pertinent information; we did not utilize any tape recordings. No tape recordings of voices of relatives and acquaintances of Ray are available to Bureau.

We are instructing Chicago to interview the Klingemans to resolve the orgin of this matter. Department being advised.

The "Commercial Appeal," a Memphis, Tennessee, morning newspaper, on Friday, October 25, on Page 1, carries an article captioned "FBI Tries to Tag Voices in Ray Case." This article written by ART PETACQUE under dateline of Chicago, October 24. Two Xerox copies attached for assistance and guidance of Chicago Office, and two copies are being furnished for the Bureau's information.

Of particular interest in this article is a statement attributed to HARVEY KLINGEMAN, who operated the Indian Trail Restaurant in Winnetka, Illinois. JAMES EARL RAY did work at this restaurant for the period May 3 through Juen, 24, 1967.

KLINGEMAN reportedly said that the United States Justice Department is using tape recordings of voices of JAMES EARL RAY's acquaintances to determine whether they contacted RAY by telephone or other means while he worked at a Winnetka, Illinois, restaurant. KLINGEMAN also reportedly says FBI Agents did not disclose the identity of the voices on the tapes. KLINGEMAN speculated that the voices were those of relatives or others who might be involved with JAMES EARL RAY at some time prior to the murder of MARTIN LUTHER KING at Memphis on April 4. The Memphis Division, which is origin in instant case, has no knowledge of any tapes of this type being available in instant case. It appears to the Memphis Division that this may be a complete fabrication on the part of either KLINGEMAN or the reporter involved.

It is suggested that since this information emanated in the Chicago area the Chicago Office furnish its comments in this matter.

November 1, 1968 GENERAL INVESTIGATIVE DIVISION

This is the case involving the murder of Martin Luther King. Jr.

The attached is a request from the office of Mr. Phil M. Canale, State Attorney General, Shelby County, Memphis Tennessee, who is prosecuting the state case scheduled for trial in Memphis on 11-12-68.

The request is for the Bureau to search its files to ascertain whether or not any information of an aggravating nature exists on approximately 100 names from which the jury will be selected. Mr. Canale's office is very much interested in any information of Klan-type association or hate-group affiliation.

Mr. Canale's request will be furnished to the Deputy Attorney General since it involves a partial jury panel investigation and no action will be taken until written authorization is received from the Deputy Attorney General.
