DATE: 5/15/68

FROM : SA PAUL A ZOLBE

SUBJECT: MURKIN

On 5/10/68, Mr. ESTEL WALTERS, 321 North Beech Street, Brazil, Indiana, advised while fishing on the Big Raccoon Creek in Parke County, Indiana, he saw an individual whom he thought was JAMES EARL RAY. At this time WALTERS viewed the photographs of JAMES EARL RAY and WALTER RIFE. He selected the photograph of RIFE as being the individual whom he had seen earlier that day on the Big Raccoon Creek. He advised this appeared to be the same individual whom he had seen but he did not see anyone fitting the description of RAY or matching the photographs of RAY.

He stated further he believed this individual whom he had seen was living in an abandoned trailer which is located just east of the Conley Ford Bridge which crosses the Big Raccoon Creek approximately four miles west of State Road 59 in Parke County.

A thorough search of the area of the Conley Ford Bridge and the abandoned trailer located in that proximity failed to indicate that anyone had been in that area for quite some time.

On 5/10/68, Mr. GLEN CHAPMAN, of Conley Ford Bridge stated there had been no one living in the abandoned trailer for approximately one and one-half years. He stated he crosses the bridge several times each day and he could say quite frankly that he had not seen anyone in the area of that abandoned trailer in the year and one-half since it was abandoned. He advised earlier that day on 5/10/68, there were several people fishing on Big Raccoon Creek in the area of the Conley Ford Bridge but he did not see anyone in the area of the abandoned trailer at that time. 44-563-211

In order to cover the possibility that subject may have died since commission of the crime, the U. S. Census Bureau and Department of Health, Education and Welfare were contacted and they advised that no central records of unidentified deceased are maintained by those agencies. It was suggested that each state may maintain such a record in their Bureau of Vital Statistics or similar agency.

There is no known Federal law requiring the maintenance of such information; and it is possible that if any record of unidentified dead is maintained, it would only be maintained at local police departments, morgues, medical facilities, or the like.

Each office covering state capitals should check to ascertain if such records are maintained, and if so, should check records for the period from 4-5-68, to date, for any information which might possibly identify subject Ray with unidentified deceased person over that period.

If there is no central record repository maintained in the various states or nationally in the case of Mexico and Canada, you should, in connection with your contacts with law enforcement agencies on this case or other Bureau matters, make appropriate inquiries relative to

MURKIN

John Eugene Gawron was interviewed by St. Louis Office and advised he taught Ray to be a burglar. He stated that on or about 6/23-24/67, he read in the Chicago "Tribune" of a \$50,000 bank burglary in a southern state and recalled that he and Ray cased the same bank in 1958 or 1959, but did not rob the bank at that time because he injured his leg. A few days after reading this article Gawron claims he was visited by a man whom he refuses to identify and whom he believes he introduced to Ray in 1958. This man told Gawron he and others had robbed the bank, displayed a valise full of money and gave Gawron \$250. About six weeks ago this man again visited Gawron and allegedly indicated to him that Ray and one or more other persons had been involved with him in the bank robbery.

RE: MURKIN

During this interview Gawron refused to identify the bank or the man who visited him. He did say that the bank was in the deep South in a State like Mississippi, but not in Mississippi, in a city that is not small and is near a river. The robbers were out of state in five minutes and the loot amounted to \$50,000, plus or minus two thousand.

Based upon available information, the Chicago "Tribune" and the Bureau's bank robbery files have been reviewed without finding any reference to a robbery such as Gawron described.

Gawron has now been reinterviewed and he denies having any contact with Ray since Ray's escape. Regarding the southern bank robbery Gawron previously alleged Ray was involved in, Gawron now states that this could have occurred in July, 1967, instead of June, and was in a city on the east bank of the Mississippi River.

Each office receiving this communication should make a review of their records to determine if such bank robbery or any other robbery coming within the jurisdiction of the Bureau occurred. You should make inquiry at appropriate police departments to determine if a robbery of this magnitude exists in their files.

Armed and dangerous.

FROM : Director, FBI

SUBJECT: MURKIN
PUBLICITY ON REWARDS OFFERED

Each Special Agent in Charge and Legal Attache is instructed to promptly remind their established cooperative news sources, in a discreet and tactful manner, of the existence of substantial reward money for information leading to the arrest and conviction of the killer of Dr. Martin Luther King. This money now totals at least \$100,000. The FBI should not, however, be publicized as the source of this reminder.

While the Bureau's continuing policy is to encourage the public to furnish information to law enforcement authorities as a matter of good citizenship, without expectation of financial reward, it is fully recognized that monetary rewards are often necessary to motivate some individuals. The knowledge of the existence of the substantial rewards available in the Murkin case could possibly prove of value in the solution of this major investigation.
