Re Kansas City teletypes, 4/9/68 and 4/10/68.

Enclosed to Memphis are five (5) different photos of LYNN RAY CLEVELAND as obtained from Joplin, Missouri Police Department on 4/11/68.

Due to the nationwide publicity concerning the arrest of CLEVELAND by the Joplin Police Department on 4/9/68, it is felt the enclosed photos should be exhibited to pertinent witnesses even though CLEVELAND has been eliminated as subject in this matter. This is suggested as it is felt CLEVELAND's arrest might be the object of close scrutiny by the defense attorney of any subject identified and brought to trial in this case and therefore, CLEVELAND should be eliminated by all means logical.

The Kansas City Division will submit FD-302s pertaining to investigation relating to arrest and elimination of CLEVELAND as suspect.

In an effort to assist in handling administratively the reams of material being submitted to Memphis Division as office of origin, it is requested all offices in submission of messages use caption which will aid in handling paper. For example, should your office have investigation to report in connection with a specific suspect it would aid if, before entering into the body of text, you would utilize sub-heading after reference, such as "SUSPECT - JOHN ALLEN DOE," or another appropriate caption might be "LAUNDRY CHECKS."

Suitable sub-headings on communications will greatly facilitate the handling of material. Please comply.

ASSASSINATION OF MARTIN LUTHER KING, JR.
RACIAL MATTERS

Many offices are using above caption in communications to the Bureau concerning a variety of activities and racial incidents arising out of the killing of Martin Luther King, Jr. This is creating problems from administrative and filing standpoints and should be discontinued immediately. Captions descriptive of the activity involved should be used in accordance with instructions in the FBI Handbook, page 154h of Part III.

For example, in reporting information concerning disturbances that may have occurred in Albany the caption "Racial Disturbances Following Assassination of Martin Luther King, Jr., Albany, New York, April 9, 1968, Racial Matters" could be used.

Re teletype from Director to All Continental Offices, 4/14/68, which states as follows:

"ERIC STARVO GALT, the principal suspect, has been reported as having attended dancing schools in Birmingham, New Orleans and California. All Offices should immediately check all dancing schools in your territory for any record of prior attendance at any such schools by GALT and run out any leads developed. GALT reportedly signed up for a one year dancing course in New Orleans in 1964; took dancing lessons for several weeks in Birmingham beginning in September 1967; and took a \$499 dance course from December 1967 to February 1968 at Long Beach, California.

One dance instructor has stated that GALT is "crazy" about dancing but a poor dancer and difficult to teach because he does not remember instructions. He was described as an introvert, who volunteers no information and replies with yes and no answers when asked; did not mingle with other students and made no effort to make friends or converse with anyone.

Another dance instructor stated GALT is a good dancer, displayed slight southern accent, rural characteristics of language and no diction; teeth straight and clean; fingernails clean and neatly trimmed; wore gold ring with dark stone; always neatly dressed with suit and shiny slip on type black alligator shoes with thin soles, black hose and had nervous habit of occasionally pulling at ear lobe. Owner of studio states GALT spoke of Alabama; said he was a merchant-seaman; spoke of being in Mexico but did not speak Spanish and spoke English badly; was socially inept; an introvert and a poor dancer because he would not loosen up, smiled rarely and when he did it was a nervous crooked smile; paid cash for lessons taking a wad of bills from pocket.

ERIC STARVO GALT described as 5'11"; 175 lbs.; blue eyes; brown hair; born ; place not given.

DATE: 4/15/68

Re Albany airtel to Director dated 4/12/68.

AT EMPORIA, KANSAS:

On 4/15/68, Mr. RAY D. DUBY, Proprietor, New Process Laundry and Cleaning Company, 17 West 4th Ave., advised his firm presently has in possession and is currently using a Thermo-Seal Marking Machine bearing Serial No. 32278.

He advised they utilize six colors of marking tape, $\frac{1}{4}$ " wide, and stated the colors used are white, pink, red, green, yellow, and orange. He said the first two positions on the marking machine at their plant indicate the lot number, beginning with number 1 up to 25 or 30, after which the color of tape is changed and the numbering is started again from 1. He said the third marking position would identify the customer by initial. He said no other marking positions are utilized.

According to Mr. DUBY, their marking system would not result in a laundry mark of 02B-6.

AT TOPEKA, KANSAS:

Mr. NORMAN F. RAINEY, Owner of Dollar Laundry and Cleaners, 2011 West 6th Ave., advised on 4/15/68 that they have in their possession and are currently utilizing a Thermo-Seal Marking Machine, Serial No. R33836. He said their marking system uses the first position in the marker to designate the lot number, beginning with number 1. He said the number 1 or number 2 in their system would never be designated as 01 or 02.

He said his firm has, in addition to its home office at the above location, a number of substations in the Topeka area. He said the next position in the tape marker in their system designates the branch office from numbers 1 to 9 and in some instances followed by the letter A or B. The last two positions are used to record the bundle number within the particular lot. He said different color tapes are used for each lot and eight different variations of color are used. Measurement of several samples of this company's tape as it came from the machine reflected them all to be 1 1/8 inches in length.

Mr. RAINEY advised that their numbering system on the Thermo-Seal machine would not bring about the laundry mark of 02B-6.

Re Bureau teletype, 4/9/68, and Albany airtel to Bureau, 4/10/68.

For the information of offices not previously advised, the following is set forth:

Search of premises believed occupied by Unsub who assassinated Dr. MARTIN LUTHER KING on 4/4/68, disclosed suitcase in which was located tee-shirt and undershorts bearing laundry mark on red tape with black lettering believed to be thermo-seal type, manufactured by Textile Marking Machine Co., Inc., Syracuse, N. Y. The tape is 1/4" wide and 1 1/16" long and bears letters and numbers 02B-6.

Experts at Textile Marking Machine Co. advise type on this machine is unusual in that the first two characters are 15 point type and the last three characters are 18 point type, with the middle character, the letter B, probably being narrow rather than regular type. The usual machine carries 15 point type for the first three characters and 18 point type for the last two characters.

Textile Marking Machine experts also stated this machine is defective in that it is producing a tape 1 1/16" long instead of 1 1/8" long and is not projecting the tape far enough resulting in cutting off a portion of the first letter. The code used in the Northeast part of the U. S. is as follows:

The first letter O stands for lot number; the first number 2 indicates the day of the week, two being Tuesday; the second letter indicates the first letter of the store name, this is the letter B; the last number is the bundle number, this is 6. Color coding of the tag may designate various things such as a different month or the identity of a store in a chain. Experts also state the use of this system on laundry items is unusual in that the system is normally used on garments being dry cleaned.

The Bureau has instructed that all textile machines using this type tape be located and machines using this code be identified.

The following is a list of locations of Thermo-seal marking machines by states in alphabetical order made available by Mr. DONALD BROTON, Textile Marking Machine Co., 2204 Erie Blvd. East, Syracuse, N. Y., on 4/7-10/68:
