On April 14, 1968, Mrs. MAE FORBES, 8327 Lydia Lane, Belair Beach, Florida, who can be contacted through Memphis telephone number 452-2329, was interviewed at the Methodist Hospital in Memphis. She advised that her son, GORDON FORBES, had become separated from his wife on or about February 14, 1968, and began traveling to Memphis and points unknown to her at that time. Her son is a licensed fishing boat captain, and her husband ddd own two fishing boats at Panama City, Florida, which were sold around March 1, 1968. The last trip which GORDON made as a fishing boat captain was made on or about February 1, 1968. Each boat carries a crew of approximately five persons and Mrs. FORBES knows most of the people who have worked with GORDON, but she stated she does not know anyone fitting the description of the above person in any way.

Three artist's sketches of subject GALT were shown to Mrs. FORBES, and she stated none of these pictures resemble anyone known to her. She stated that the various names given for ERIC GAULDEN are not in any way familiar to her.

On April 16, 1968, Mrs. FORBES (above) advised that she does recall one rather unusual individual who worked on one of their boats as a cook approximately four years ago for a period of two to three weeks. It was suspected that money was missing from the snack bar funds while that man worked for them. His employment was terminated when he was arrested by a deputy sheriff at Panama City on a charge of issuing a worthless check. She described this individual as a white male, 30 to 35 years of age, 5' 8" tall, weighing 165 pounds, with dark hair. She further advised this individual is known to Mr. and Mrs. MONTY HAMMOND, who operate the Beach House Motel, Panama City, Florida. She also advised that the only records maintained of employees who worked on their fishing boats are payroll records kept by Mr. C. C. WALLEY, Public Accountant, Panama City, Florida.

Mr. JAMES H. FORBES, 8327 Lydia Lane, Belair Beach, Florida, was interviewed on April 5 and 16, 1968, at the Methodist Hospital, was shown artist's sketches of subject GALT, but stated that he is unable to suggest anyone resembling these sketches nor any acquaintances of his son, GORDON, as described previously.

On April 15, 1968, Mr. GORDON FORBES, Room T-1007, Methodist Hospital, was interviewed at his hospital bed. He stated that he did go to the Psycho Lounge on Madison Avenue on one occasion during the past eight years. This occurred within three or four days after he became separated from his wife at Panama City on February 14, 1968. He said that the reason he went to the Psycho Lounge was to determine whether a former wife of his named NELL was there. He went to the bar and drank one beer, remaining in the place less than half an hour. He stated that he did not encounter any of his acquaintances at the Psycho Lounge, nor did he engage in any conversation with anyone concerning boating of any type. He stated that up until the time of his accident on March 25, 1968, none of his acquaintances in the Memphis area went out on any type of pleasure boat. He said he does not know anyone in the Memphis area who is employed on a commercial boat. He stated

that from the time of his arrival in Memphis in February 1968 to the date of his accident in March 1968, he did not have any contact with any former associates from the Panama City, Florida, area or anyone that he has ever known to have been involved in any type of commercial or charter boat fishing. He stated his associates in Memphis include TOMMY ELLIS PIKE and J. O. STUART, who operates an automotive junk yard on Jackson Avenue.

FORBES stated he has never heard of the Manhattan Club, that he has not frequented any club on South Bellevue in Memphis, and that, although he knows where Chennault's Restaurant is, he has not been in that restaurant during the past eight years.

Artist's sketches of subject GALT were exhibited to FORBES on April 15 and 16, 1968, and he stated that he does not know anyone resembling this person, nor does he know any person named ERIC as described above.

On April 18, 1968, a photograph of subject GALT taken in 1968 was exhibited to FORBES, and he stated that this photograph does not resemble any person whom he has never seen before.

All of the peculiarities and descriptive data concerning the ERIC described above were discussed with FORBES in detail. Throughout the interviews, he exhibited a most cooperative attitude and indicated that he does not expect to recover from his injuries. He stated on more than one occasion that he wishes he could be of assistance in this matter, but that he simply does not know any such person as described to him.

On April 15 and April 18, 1968, Mr. TOMMY ELLIS PIKE, Room T-1023, Methodist Hospital, was interviewed at his hospital bed in detail concerning the above-described individual, and he was shown artist's conceptions as well as a photograph of the subject. He stated that he has frequented the Psycho Lounge, the Manhattan Club, and Chennault's Restaurant, but he has no clear recollection of being in any of these places on any particular day. He stated he knows all of the acquaintances of GORDON FORBES and that he has no idea

who the person described as ERIC could possibly be. He stated the man described to him was definitely not encountered by him at any time at the Psycho Lounge, the Manhattan Club or Chennault's Restaurant.

On April 16, 1968, Mrs. MAXINE WEBB, 1615 Eastmoreland, operator of Dismas House, Madison Avenue, Memphis; BARBARA WALLACE, employee of Dismas House; and FRANCES JOHNSON KING, a long-time associate of WEBB, all advised that they have frequented the Psycho Lounge, the Manhattan Club and Chennault's Restaurant, and they are acquainted with many of the patrons visiting these clubs. Mrs. WEBB has been acquainted with GORDON FORBES for many years, and WEBB, WALLACE and KING have also been acquainted with TOMMY ELLIS PIKE.

These individuals stated that they are not acquainted with anyone fitting the description of ERIC described above, nor did they recall having observed this individual at any time in either of the lounges or restaurant mentioned above.

These individuals viewed artist's conceptions of GALT and stated that they are not acquainted with any individual resembling any of the three sketches.

On April 18, 1968, Mr. MIKE MUSCARA, owner of the M and M Lounge, 1345 Jackson Avenue, advised that he has operated this lounge for the past 18 years. He viewed artist's sketches of subject GALT and stated that he does not recall ever seeing an individual resembling these sketches or fitting the description of ERIC as set forth above coming into this lounge. He stated that during February 1968 and March 1968, he had only two waitresses employed, MARY RUTH FORBESS, who lives on Edwards Avenue and GLENDA JEFFREYS who resides on Vollintine Court.

On April 18, 1968, MARY RUTH FORBESS, 1779 Edwards Avenue, advised she has been employed as a waitress at the M and M Lounge for the past three years and during February and March 1968, GLENDA JEFFREYS was also employed as a waitress at the lounge. She stated that GLENDA recently underwent major surgery and is currently confined to John Gaston Hospital.

FORBESS stated that she has never observed any patron in the M and M Lounge fitting the description of ERIC, and upon viewing the artist's conception of GALT, she stated positively that no individual resembling GALT has been a patron at the M and M Lounge during the past three years.

FORBESS stated that she has definitely not dated anyone fitting the description of ERIC or GALT and is quite positive that GLENDA JEFFREYS has not been dating anyone fitting the description of these individuals. She stated that she does not know any man named ERIC or STEVIE.

On April 19, 1968, BEN B. COTTON JR., former employee of Shoney's Restaurant chain and current employee of T. J.'s Restaurant and Lounge, 92 North Avalon, advised that he has been acquainted with both GORDON FORBES and TOMMY ELLIS PIKE for many years and that he knows most of the associates of these two persons. He stated that he frequents many of the lounges and bars in the Memphis area, including the Psycho Lounge and the Manhattan Club, and also frequents Chennault's Restaurant located on South Bellevue. He stated that many employees and patrons of the various clubs and lounges located in the Memphis area go to the Manhattan Club after regular closing hours and then go to Chennault's Restaurant for breakfast. On many occasions, he has observed quite a few of these individuals in an intoxicated condition, and it is rumored that many of these individuals are taking pep pills or stronger type drugs.

COTTON stated that he has never observed any individual at Chennault's or the other bars or lounges in the Memphis area who fit the description of ERIC or GALT. COTTON viewed the three artist's conceptions of GALT and stated positively that this individual does not resemble any person that he has ever observed.

LEW advised that this organization sets up standards in sizes of member motels, minimum sanitation standards, and other standards in connection with member motels. He advised they do not own any motels themselves, but are primarily a referral organization through which individuals can make reservations and obtain additional services. He is not well acquainted enough with Friendship Inns to know if they provide member motels with motel furniture or services or other items of that nature. LEW advised that Friendship Inns has approximately 75 member motels in its organization. He does not believe any of the motels are located in Memphis, Tennessee, and actually does not know where any of the motels are located other than the one in Salt Lake City. He advised that he could not be more specific regarding any services that this organization handles with respect to motels and does not know if they supply soap to member motels.

AT MEMPHIS, TENNESSEE

The following investigation was conducted by  
SAs RALPH J. LIEWER and CYRIL F. BUSCH on April 8, 1968:

Mrs. BARBARA SKEEN, 1960 Young Avenue, an unemployed  
nurses aid, advised that she has known RICH DORRIS for about  
six months as a member of the Sunday School class which she  
attends. She has gone out with him only once, but he calls  
her on the telephone frequently.

He called her twice during the past week on two  
successive dates, around noon, probably on Monday and Tuesday,  
April 1 and 2, 1968. On the second telephone call, DORRIS  
was quite angry because he said he heard someone at Sunday  
School was trying to get him out of the class and was accusing  
him of "being too polite." Although he was angry, he made  
no threats against anyone and said nothing about dynamite  
or about blowing up or burning anything.

On April 8, 1968, Mr. WILLIAM GLEN HOWELL, Route 9,  
Box 267, Memphis, Tennessee, was interviewed in a Bureau  
car, near ACC Rebuilders, 853 Crump Boulevard, where he is  
employed regularly from 8:00 a.m., to 4:30 p.m., each day.  
He stated that he has known FREDERIC DORRIS for a year or  
more because he (HOWELL) used to work for the BRASFIELD  
ESSO Service Station. He said that about once a week he  
does stop by this service station on his way to work in  
the morning at about 7:30 a.m., to make payments on a debt  
which he owes Mr. BRASFIELD. He has never driven to the  
service station during the day to visit Mr. DORRIS and he  
was not at that service station at any time on any day  
during the last two weeks after 7:30 a.m., in the morning.

Mr. HOWELL advised that he does own a 1955 red  
Ford pickup truck and that he does not know anyone who owns  
a white Mustang or a red Dodge pickup truck. He stated that  
he has never heard FREDERIC DORRIS talk about guns or  
dynamite or destroying anything and that he does not have  
any reason to believe that DORRIS belongs to any organization,  
except a church which he attends.

WILBURN has not been in Memphis, Tennessee, for 12 or 14 years. He recalls well the day that MARTIN LUTHER KING was killed and remembers that on that day he drove his school bus route as usual and the rest of the time he worked in his restaurant in Pulaski, Tennessee. He remembers being in his restaurant the evening of April 4 when he first heard the news that KING had been shot. He does not remember who was in the restaurant with him at that time or whether or not he had any customers. He keeps no daily records to show that he was working at the restaurant on a given day. He said he would be glad to cooperate in any way possible to positively show that he was in Pulaski, Tennessee, on April 4, 1968, and suggested possibly that records of the school would show that he was on his bus route that day.

The following description of LUTHER EDWARD WILBURN was obtained by observation and interrogation:

Race	White
Sex	Male
Date of Birth	<input type="text"/>
Place of Birth	Morgan County, Alabama
Height	5' 10"
Weight	135 pounds
Hair	Dark brown
Eyes	Gray
Complexion	Ruddy
Facial characteristics	Round face with small pointed chin.

Mr. MARLIN GOODMAN, Superintendent, Giles County Schools, Pulaski, Tennessee, furnished the following information:

LUTHER EDWARD WILBURN is a contract employee of the county school system, his job being to drive a school bus. These contracts are arranged on an annual basis and it is the responsibility of the driver to either make the route himself or arrange for a substitute if the contract driver is unable to fulfill his responsibilities. No daily records are kept to show who actually drives a given bus. Mr. GOODMAN stated, however, that ROLAND HARRIS, a police officer with the Pulaski, Tennessee, Police Department, is a substitute driver and would most likely work as a substitute for WILBURN if WILBURN were absent.

ME 44-1987

LFT:ngm

3

Mr. GOODMAN stated that so far as he knows there are no records available which would positively show that WILBURN drove his school bus on April 4, 1968. He did, however, make available records of the County Board of Education's garage which show the date that WILBURN's bus was filled with gasoline and otherwise serviced. These records show that gasoline was put in this bus every other day that it was used during the month of April and that the bus was filled with gasoline on April 3 and again on April 5.

On May 22, 1968, ROLAND HARRIS, police officer, Pulaski, Tennessee, Police Department, stated that he works as a substitute school bus driver when called upon to do so and when it does not interfere with his duties as a policeman. Since he works nights for the Police Department, he does practically all of the substitute driving for the county school system. He recalls working as a substitute driver for three of the school bus drivers, but has never worked as a substitute for WILBURN. HARRIS said he is confident that should WILBURN have been absent from his duties that he would have received a telephone call from the school or from WILBURN asking him to serve as substitute.

The following investigation was conducted at Memphis, Tennessee, by SA HARLEY E. GYLFE:

Mrs. VERA SMITH, Receptionist, Waterways Marine, Inc., foot of Union Street, Memphis, advised on April 16, 1968, this firm and the firm of Frankie and Johnny's in Memphis are the only two firms which have "food boats" on either side of the Mississippi River between St. Louis, Missouri, and Greenville, Mississippi. She explained that "food boats" are boats which carry food supplies and other minor supplies to boats which pass through Memphis, Tennessee, on the Mississippi River. She stated the boats either radio in or telephone in that they are to pass Memphis at approximately a certain hour and request that certain supplies be furnished when they pass through Memphis. Mrs. SMITH stated the "food boats" then loaded the supplies and when the boat is due to pass through Memphis these "food boats" meet the boat on the river and transfer supplies without the boats stopping. Mrs. SMITH advised she is personally acquainted with a large percentage of the cooks on the various boats passing through Memphis but she is not familiar with any individual by the name of ERIC STARVO GALT, JOHN WILLARD, HARVEY LOWMEYER, or any variations of these names.

Mrs. SMITH advised that each employee, which he is a mate, a deck hand, a cook, engineer, or captain, sign a register at Waterways Marine, Inc., to show he is about to catch a boat or that he is available for employment. She stated these employees enter their names, the boat they are catching and the date for catching the boat, as well as their position. Mrs. SMITH stated this register dates back to May 11, 1966. Mrs. SMITH stated a complete review of these registers from May 11, 1966, to date did not reveal an individual by the name of ERIC STARVO GALT, JOHN WILLARD, HARVEY LOWMEYER, or variations of these names. Mrs. SMITH stated all employees on the Mississippi River passing through Memphis do not necessarily register at Waterways Marine, Inc., but a high percentage does register in this book.

Mrs. RUTH BURNETT, Manager and Cook, Jim's Club, 299 South Main Street, advised this establishment is located at the corner of South Main Street and Pontotoc Avenue. Mrs. BURNETT advised that a large number of employees who work on boats and barges on the Mississippi River meet or eat at this club.

SUBJECT: MURKIN

RE: CHARLES QUITMAN STEPHENS *[Signature]*

During the course of contact with Attorney General PHIL CANALE and AAG R. DWYER, inquiry was made of me as to the whereabouts of CHARLES Q. STEPHENS. I told them both that I knew that STEPHENS was staying with a brother in Mississippi. I also told them that STEPHENS had indicated he would contact me when he returned to Memphis.

AAG DWYER expressed some apprehension as to the possible safety of STEPHENS. He indicated that he knew of no basis on which STEPHENS could be taken into custody for his own protection. I told both CANALE and DWYER that the FBI, of course, could not assume any responsibility for STEPHENS as a witness.

At about 4 p.m., I again spoke with DWYER, who made comment regarding the newspaper stories pertaining to the whereabouts of STEPHENS. DWYER asked me at this time if I would get a message to STEPHENS to remind him that it was not necessary for him to answer any questions the newspaper reporters might raise with him. I told DWYER I would get the message to STEPHENS but, of course, I could not guarantee in any way that STEPHENS would necessarily be bound by this information. I again reminded DWYER that the FBI could not except the responsibility for STEPHENS.

TO : File (44-1987)

FROM : ASAC C. O. HALTER

SUBJECT: MURKIN

DATE: 6/28/68

At approximately 12:50 PM, June 28, 1968, an individual who identified himself as BILL SORTER, "Time" Magazine, telephonically communicated with me.

He inquired if the FBI could make any comment as to whether the witnesses connected with the rooming house on Main Street in Memphis were in protective custody. I informed SORTER that I did not have any comment to make. He then asked whether I could tell him about arrangements being made for the return of RAY to Memphis; whether he would be in FBI custody; whether the FBI would be cooperating with local authorities; and where RAY would be confined.

I emphasized to Mr. SORTER that I did not have any comment to make about any phase of the case.
