The following investigation was conducted by SA ROBERT L. FRYE at Selma, Alabama on 4/23/68:

EDDIE JEAN GRIFFIN, Route 1, Billingsley, Alabama, advised that he owns a 1961 Ford, and produced a tag receipt indicating that 1968 Alabama license number 4-4163 was issued for his car. He further advised that this car was in his possession in Autauga County, Alabama, during 4/21/68, and, to his knowledge, it has never been in Texas.

BUDDY HOWORTH, Personnel Department, Bushog Mfg. Company, advised that his records reflect that GRIFFIN reported for work 7:00 a.m. on 4/22/68.

In view of fact that car reportedly seen in San Antonio late 4/21/68, is owned by a Negro male who stated he has not been in Texas, it would appear that the anonymous caller gave incorrect license number to San Antonio office. Re: Laundry Mark Checks

Re Memphis airtel to all Continental Offices dated 4/19/68.

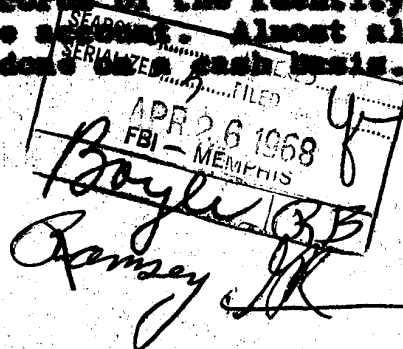

Enclosed for the Bureau are three pieces of cloth containing sample tapes from three Thermo-Seal machines.

On 4/24/68, WARREN TYSON, Manager, White Star Laundry and Dry Cleaners, 4535 Cole, Dallas, Texas, furnished the enclosed sample laundry marks from the three Thermo-Seal marking machines operated by his concern. He advised the "20" is a lot number, the "R" is the week, and the "3" is the customer invoice. He uses eight colors of Thermo-Seal tape each week and a light yellow color is therefore used 1/8 (approximately) of each week.

The enclosed samples are gold colored tape as opposed to the light yellow color he uses. Gold is used exclusively for one day specials. He stated he would put tape markers on sheets and pillow cases only when they are brought in for one day special service. He does not use any marker on normal flat work such as sheets and pillow cases, handling that by the bundle.

TYSON advised he makes records of the identity of customers only if they have a charge account. Almost all, if not all, of his one day service is done on a cash basis.

TYSON informed that he had two one-week periods within the last year during which the "K" symbol was in use. During each of these two weeks, the light yellow tape was used for one series of numerical lots. He advised a search of his records failed to disclose any record of identity for a customer #3, lot 20, yellow tape series and from this, he assumes the customer must have been a cash customer. The first week was in June, 1967 and the second week was from February 26 to March 3, 1968.

TYSON advised machines 2 and 3 are used constantly and the ink ribbons on them must be changed at least once every ten days. Machine #3 temporarily has the "K" symbol broken off. Machine #1 is used only for overflow work and would be used only a fraction of each week.

Request of the Bureau

The FBI Laboratory is requested to compare the enclosed samples with those found on the sheet and pillow case taken from the Mustang recovered at Atlanta, Georgia for possible identification.

The Bureau has designated Memphis as Office of Origin in connection with captioned case. Accordingly, the Memphis Office is setting forth certain instructions which it feels are absolutely necessary in order that this case can be appropriately administered and followed:

(1) Of importance in all investigation conducted herein is the prime goal of locating and apprehending the fugitive. This requires imagination, ingenuity, and logical investigation directed toward this goal.

(2) Major offices wherein the bulk of pertinent investigation has been or is being conducted should prepare and submit their own individual reports. These offices to date are Atlanta, Birmingham, Chicago, Houston, Jackson, Kansas City, Los Angeles, New Orleans, St. Louis, and Springfield.

(3) Each office originating leads shall insure that leads set out are appropriately handled. In the event leads are eliminated as non-productive within a given office, the Memphis Office does not need the negative results. These should be appropriately indexed and filed. A prime illustration of this type is, of course, the numerous look-alikes each office has been receiving and eliminating. Mr. J. Edgar Hoover

Dear Mr. Hoover:

I am attaching herewith a copy of a news item by Doug Stone, Associated Press Writer, in which he attributes certain statements to a ranking police officer and also to Assistant Chief Bill Price. I wish to assure you that these statements attributed to Assistant Chief Price are absolutely erroneous and he has categorically denied making any statements which could have been interpreted as set forth.

I also am enclosing a copy of a written statement which I made on April 10, 1968 and which has been the policy of the Memphis Police Department since the first day of this investigation. There are obviously certain members of the Press who would like nothing better than to cause discord between the Memphis Police Department and the Federal Bureau of Investigation. I assure you they will not be successful in such a venture. In addition to my "no comment" statement, the only other statement I have made is to praise the Special Agents of the F. B. I. as well as the members of the Memphis Police Department in their conduct in this investigation.

I again want to express to you personally my appreciation for the close cooperation and coordination that we have between the Memphis Police Department and the Federal Bureau of Investigation and for the assistance which the Memphis office of the F. B. I. has rendered in this case.

With kindest personal regards and all best wishes, I am

Sincerely,

King Assassin Bjt 350

By DOUG STONE

Associated Press Writer

MEMPHIS, Tenn. AP - A ranking Memphis police officer acknowledges there are "a whole lot of discrepancies" in official descriptions of the man sought as the sniper slayer of Dr. Martin Luther King Jr.

Asst. Chief Bill Price referred to statements that James Earl Ray, 40, an escaped Missouri convict, and Eric Starvo Galt, first sought for King's April 4 assassination in Memphis, are the same person.

"You don't know what to look for," Price said Sunday as officers here and elsewhere continued their investigation of the slaying. The nationwide manhunt continues.

The FBI issued a conspiracy warrant Wednesday for Galt, then updated their case Friday by saying a fingerprint comparison showed Galt was really Ray.

The naming of Ray in the case caused confusion, primarily because earlier official statements indicate that Galt and Ray were in different places at the same time.

When Galt was charged as a conspirator in King's death by rifle bullet, the FBI said the man had taken dancing lessons in New Orleans in 1964-65. The FBI said later the earlier description should have said Galt reportedly took dancing lessons rather than stating it flatly.

During that time, Ray was in the Missouri State Prison at Jefferson City, serving a 20-year sentence for a 1959 supermarket robbery.

The age of the man also was in conflict.

Witnesses who saw a man in a Memphis rooming house from where the fatal bullet was fired estimated his age as in the late 20s. The FBI, in issuing its warrant for Galt, said he had given his birthdate [redacted] That would make him 36. The FBI said Friday Ray is 40.

The personalities of the two men are sometimes at odds. A prison pal described Ray as virtually a nondrinker. The FBI describes Galt as a fanciver of beer and vodka.

There were other differences:

Galt: neat appearance. Ray: careless appearance.

Galt: Southern accent. Ray: born in Alton, Ill.

No Southern accent.

Atty. Gen. Ramsey Clark, who came to Memphis after King was slain, at first ruled out a conspiracy, but then the FBI issued its warrant for Galt on a conspiracy charge.

Police here have their own investigation of the slaying under way, and officials say detectives are working hard on the case.

One theory within the Memphis department is that Eric Starvo Galt is a myth, painstakingly created by the conspirators as a smoke screen.

"Somebody has muddled the waters," Price said.

RE: CHESTER C. BARFIELD, JR.

On April 15, 1968, CHESTER BARFIELD appeared at the Charlotte Office of the FBI and advised that he resided in Anniston, Alabama, and he had an appointment to meet his attorney, JAMES HUBBARD at the Charlotte Office at 11 A. M. on April 15, 1968. He advised he represented the Baptist Citizens Committee which was endeavoring to block the parole of one "FATS" HARDY, who had previously been convicted of murder in Atlanta, Georgia. He could not explain why he would contact his attorney at the FBI Office in Charlotte when this contact concerned a State parole in Georgia.

His attorney, JAMES HUBBARD, was telephonically contacted and advised, after reviewing his files, that he represented one CHESTER BARFIELD of Anniston, Alabama, in 1967 in connection with filing a debtor's petition but had not heard from BARFIELD since that time. He advised he had no appointment with BARFIELD and was unfamiliar with any murder matter concerning "FATS" HARDY.

At the time the call was placed to the attorney, BARFIELD stated it was necessary for him to place another coin in the parking meter and left the office. He did not return to the office.

On April 15, 1968, SAMUEL GARRARD, an employee of the All Right Parking Lot, Jefferson Standard Building, Charlotte, North Carolina, advised he met CHESTER BARFIELD on the night of April 14, 1968, at room 109, Howard Johnson Motel. BARFIELD displayed a receipt for \$1,000 showing he had that amount deposited in the motel safe. He advised that BARFIELD told him he received the \$1,000 for killing MARTIN LUTHER KING.

The following investigation was conducted by SA EMANUEL R. JOHNSON:

AT CHARLOTTE, NORTH CAROLINA

On April 15, 1968, Mrs. JEAN PARKS, Manager, Howard Johnson Motel, Statesville Avenue, Charlotte, advised that CHESTER C. BARFIELD registered at the motel on April 13, 1968, and was assigned to room 109. He listed a residence address of

429 East 23rd Street, Anniston, Alabama. On the registration card, he indicated he was representing "Linen Thread, Lenoir."

Mrs. PARKS advised that BARFIELD was in Charlotte to attend the Leeson School located on Interstate 85 near the motel.

On April 14, 1968, he appeared at the motel in either a drunken condition or was under the influence of some kind of drugs. On the night of April 14, 1968, he and at least one other individual was in his room causing considerable disturbance. On the morning of April 15, 1968, he did not go to class.

The following investigation was conducted by
SA EDWARD G. SHERIDAN:

AT LENOIR, NORTH CAROLINA

On April 16, 1968, a review of the current Lenoir, North Carolina, Telephone and City Directories failed to reveal a listing for Linen or Lenoir Thread Company or CHESTER C. BARFIELD. Identification records of the Caldwell County and Lenoir City Police Department failed to reveal any record of CHESTER C. BARFIELD.

Miss SUSIE GREEN, Lenoir Credit Bureau, advised her records filed in this office failed to list a Linen Thread Company, Lenoir Thread Company, of a CHESTER C. BARFIELD.

The following investigation was conducted by
SA EMANUEL R. JOHNSON:

AT CHARLOTTE, NORTH CAROLINA

On April 16, 1968, Mrs. JEAN PARKS, Manager, Howard Johnson Motel, advised that due to the behavior of BARFIELD, she determined that he is employed by the Linen Thread Company, Blue Mountain, Alabama. She stated she had been in touch with his company. She advised that BARFIELD had checked out of the motel and his whereabouts were unknown to her. She stated that when he checked into the motel, he deposited \$75 cash in the motel safe and that he received this amount on April 15, 1968, after indicating he was going to Atlanta, Georgia, in view of the fact that his aunt there died.

By communication dated April 17, 1968, the Birmingham Office advised as follows:

JAMES M. COLLINS, Personnel Manager, Linen Thread Company, Blue Mountain, Alabama, advised April 17, 1968, that CHESTER C. BARFIELD, JR., had been employed by that firm since July 20, 1967. He was born [REDACTED] His normal hours are from 6 A. M. to 2 P. M., Monday through Saturday. Time and attendance records showed that BARFIELD worked from 6 A. M. to 2:06 P. M. on April 4, 1968.

CLAUDE BLACK, BARFIELD's immediate supervisor, advised that BARFIELD had not missed a day of work since January 4 and 5, 1968, when he was ill with the flu. He said BARFIELD is presently attending a special aschool in Charlotte, North Carolina, which is being given by the Unicorner Winding Company, Charlotte, North Carolina. This school was to begin April 15, 1968, and to run for two weeks. BARFIELD left work on Friday, in the afternoon, April 12, 1968, en route to Charlotte via Atlanta, Georgia, where he was going to leave his mother at a friend's house. BARFIELD was given \$200 advance for expenses when he left.

The following investigation was conducted by SA EMANUEL R. JOHNSON:

AT CHARLOTTE, NORTH CAROLINA

On April 18, 1968, Mr. C. WILLIAMS, Leesona Corporation, Charlotte, North Carolina, advised CHESTER C. BARFIELD was to be a student at a two-week school being held at that plant. He advised BARFIELD registered and never put in an appearance. He said BARFIELD's whereabouts are unknown but he believed he was recalled to Alabama by his employer.
