Lecture By FBI Agent Angers Ray's Attorney

By CHARLES EDMUNDSON

Arthur J. Hanes Sr., attorney for James Earl Ray, accused in the killing of Dr. Martin Luther King Jr., complained yesterday that a court order to limit pre-trial reporting in the case "protects the prosecution and only muzzles the defense."

"I am going to represent my client to the limit of my abilities, according to the law, and I am not going to be stopped," Mr. Hanes said.

He flew here from Birmingham yesterday to continue his examination of items of evidence the attorney general's office has been ordered to make available to him.

In an interview Mr. Hanes declared that prosecution witnesses have been making public statements "convicting my client and we have had no chance to counter them."

He cited a lecture by George Bonebrake, an FBI fingerprint specialist, in Wichita, Kan., Sept. 11 and quoted on Page One of the Wichita Beacon.

The Beacon identified Mr. Bonebrake as the man who "led the search through thousands of fingerprints on file with the FBI headquarters in Washington seeking identification of the killer." Mr. Bonebrake also testified at the extradition hearing for Ray in London in July.

"I was able to testify," Mr. Bonebrake was quoted as say-

ing in Wichita, "that the latent fingerprints we found in Memphis matched those taken of the man arrested in London, and that the same prints matched those taken of James Earl Ray while he was at the Missouri Penitentiary."

Using a chart to compare "latent fingerprints" with "ink fingerprints," Mr. Bonebrake added, "This is what I did in London. I was able to show that the latent prints obtained in Memphis, the ones taken in London and the ones taken of Ray at the Missouri prison were all the same."

Mr. Bonebrake was addressing a Wichita area police seminar on fingerprint identification. In Washington yesterday the FBI said Mr. Bonebrake was out of town and not available for comment.

Frank Garofolo, assistant city editor of the Wichita Beacon, said yesterday that newsmen were permitted to attend the lecture and nothing was put off the record at the police seminar. A major in the Wichita Police Department objected the next day, Mr. Garofolo said, that the speech had been quoted too much in detail.

Judge W. Preston Battle has acknowledged earlier that his power to limit publicity applied only in the boundaries of his judicial district (Shelby County).

MURKIN.

The "Commercial Appeal," a Memphis, Tennessee, morning newspaper, on Friday, October 25, on Page 1, carries an article captioned "FBI Tries to Tag Voices in Ray Case." This article written by ART PETACQUE under dateline of Chicago, October 24. Two Xerox copies attached for assistance and guidance of Chicago Office, and two copies are being furnished for the Bureau's information.

Of particular interest in this article is a statement attributed to HARVEY KLINGEMAN, who operated the Indian Trail Restaurant in Winnetka, Illinois. JAMES EARL RAY did work at this restaurant for the period May 3 through June 24, 1967.

KLINGEMAN reportedly said that the United States Justice Department is using tape recordings of voices of JAMES EARL RAY's acquaintances to determine whether they contacted RAY by telephone or other means while he worked at a Winnetka, Illinois, restaurant. KLINGEMAN also reportedly says FBI Agents did not disclose the identity of the voices on the tapes. KLINGEMAN speculated that the voices were those of relatives or others who might be involved with JAMES EARL RAY at some time prior to the murder of MARTIN LUTHER KING at Memphis on April 4. The Memphis Division, which is origin in instant case, has no knowledge of any tapes of this type being used or any tapes of this type being available in instant case. It appears to the Memphis Division that this may be a complete fabrication on the part of either KLINGEMAN or the reporter involved.

It is suggested that since this information emanated in the Chicago area, the Chicago Office furnish its comments in this matter.
