1Date April 18, 1968

DESOYA GILMORE, Financial Secretary-Treasurer, Hotel and Restaurant Employees and Bartenders Union, Local 347, 136 1/2 South Second Street, Memphis, Tennessee, advised that his union is comprised of hotel and restaurant employees throughout the city, and bartenders employed only at the Sheraton Peabody Hotel, 149 Union Avenue, Memphis. GILMORE knows of no other location that would list all the bartenders in the city.

GILMORE made available the records of the union, and an inspection of these records revealed no one identical to ERIC STARVO GALT or any of his known aliases who has been a member of the Hotel and Restaurant Employees and Bartenders Union.

Mrs. MARION CARNES, Senior Clerk, Alcohol Licensing Commission, Memphis, Tennessee, advised that all establishments in Memphis that serve alcoholic beverages must register with the Alcohol Licensing Commission. The person in charge of each of these establishments must apply for a bartender permit, and someone that has a permit must be at the establishment at all times. She stated, however, that a person who does perform the duties of a bartender would not necessarily be registered with the Commission if there were someone else at the establishment who did have a permit.

Each application that the Commission receives is taken over to the Memphis Police Department, Bureau of Identification, on a daily basis. These names are put into the files of the Bureau of Identification regardless of whether the permits are given or denied.

The files of the Alcohol Licensing Commission were made available by Mrs. CARNES, and an inspection of these records revealed no one identical to ERIC STARVO GALT or any of his known aliases who was employed as a bartender in Memphis.

Miss EDITH BRUNER, Clerk, William Len Hotel, advised she noticed two individuals in the lobby of her hotel during the early evening of April 4, 1968. She stated that she did not know the names of these individuals, but knew that they were registered at the hotel as VINCENT WALKER and LAWRENCE RAND; however, she did not know which of the individuals was WALKER and which was RAND. She said she first saw them in the lobby at approximately 7:30 p.m. They, according to Miss BRUNER, at that time just seemed to be killing time, and asked general questions about Memphis and the racial conditions which had existed and were existing in Memphis. Miss BRUNER stated that the taller of the two men advised her that they were from California, but they gave her no information as to why they were in Memphis or what they intended to do in Memphis.

Miss BRUNER advised that she could not furnish any details concerning the activities of these two individuals on the afternoon of April 4, 1968, nor could she furnish any details regarding their activities after 7:30 on April 4, 1968. She could not state whether or not either or both of them had left the hotel during the time they were staying at the hotel for any period of time. She said during the evening of April 4, 1968, she did not pay any particular attention to them, but just merely noted that they were around the lobby of the hotel on various occasions. Miss BRUNER furnished the following description of the two men:

A. Shorter Man

Race:	White
Age:	25 to 26
Height:	5'10"
Weight:	150 pounds
Hair:	Ash brown, parted on the side
Dress:	Grey suit and tie

She could furnish no further descriptive data on this individual.

B. Taller Man

Race:	White
Height:	6'2"
Weight:	200 pounds
Hair:	Blonde, short cut
Eyes:	Color unknown
Complexion:	Ruddy face
Dress:	White shirt, dark trousers, and carrying a coat in his arm, blue in color, which appeared to be too small for him.

Miss BRUNER could furnish no further descriptive data on this individual.

Miss EDITH BRUNER continued by advising that the two above-mentioned individuals checked out of the William Len Hotel at approximately 12:30 p.m., April 5, 1968. She said when they checked out, they seemed to be in an extreme hurry. She pointed out that they had put a deposit on their key when they checked in inasmuch as they did not have any baggage, but they checked out in such a hurry that they almost forgot to collect the money which they had put on the deposit. She said she had to remind them to collect their deposit on the key, but they seemed to be more interested in checking out and getting out of the hotel than they did collecting the money which they had on deposit. Miss BRUNER said she did not particularly note what the two men did after they left the hotel, and, therefore, could furnish no further information regarding their activities after this time.

Mr. KIRK BOWMAN, Night Manager, William Len Hotel, Memphis, Tennessee, advised that Folio Number 42754, which is a part of his official hotel records, dated April 4, 1968, reflects that VINCENT WALKER, 449 Steiner, San Francisco, California, registered in at his hotel at approximately 2:38 p.m., April 4, 1968. WALKER was assigned Room 205.

Mr. BOWMAN also advised that Folio Number 42761, dated April 4, 1968, reflects that LAWRENCE RAND or READ or REND, 2532 Polk, Kansas City, Kansas, checked into his hotel at approximately 2:38 p.m., April 4, 1968. Mr. BOWMAN advised that this individual was assigned Room 207.

Mr. BOWMAN advised that VINCENT WALKER and LAWRENCE RAND, READ, or REND checked out of the William Len Hotel at approximately 12:30 a.m., April 5, 1968. He said they had no baggage when they checked out, and departed from the hotel in a taxicab.

Mr. W. EUGENE SMITH, 3876 Bishop Ridge Road, Memphis, Tennessee, was interviewed in the presence of Lt. JAMES HAMBY, Homicide Bureau, Memphis Police Department, Memphis, Tennessee.

Mr. SMITH advised he believes he may have some information that would be of interest concerning a radio transmission on a citizen band unit during the early evening hours of April 4, 1968. Mr. SMITH advised he is referring to the transmission of an individual driving behind a white Mustang on Jackson Avenue in Memphis at a high rate of speed.

Mr. SMITH stated late in the evening on April 4, 1968, his wife received a telephone call from Mrs. E. HEWETT, 3440 Hardin Avenue, Memphis, Tennessee. He said that Mrs. HEWETT told his wife that her neighbor, WOODROW FRANKLIN, who resides at 3436 Hardin Avenue, Memphis, Tennessee, had come over to her house shortly after Dr. MARTIN LUTHER KING had been shot and told her that KING was killed. Mr. SMITH said Mrs. HEWETT commented that FRANKLIN was very elated over the shooting. He said that Mrs. HEWETT told his wife that FRANKLIN has a citizen band or ham radio in his garage.

Mr. SMITH stated that this information has bothered him since he has heard about the wild chase that occurred on Jackson Avenue, and he is of the opinion that it is possible FRANKLIN may have been the individual who made this broadcast.

Mr. SMITH advised he does not have any additional information and that he is merely furnishing this information on a confidential basis.

Mr. EDWARD L. MONTEDONICO, SR., 3776 Highland Park Place, Memphis, Tennessee, was contacted, July 15, 1968, at his place of business, the Van Court Rental Agency, Room 105, Commerce Title Building, 12 South Main Street, Memphis, Tennessee. Mr. MONTEDONICO was advised of the identity of the interviewing Agents and was advised the nature of the inquiry.

Mr. MONTEDONICO was advised that this inquiry relates to a citizens band (CB) radio transmission that occurred during the evening of April 4, 1968, at which time a Pontiac car with a CB unit alleged it was following a white Mustang that was involved in the murder of MARTIN LUTHER KING, JR., on that date. Mr. MONTEDONICO was further advised that investigation conducted in this matter indicates the type of equipment used in this transmission is the same type of CB equipment operated by his son, [REDACTED]. He was further advised that information developed during the investigation indicated the transmission did not come from a mobile unit but rather came from a stationary unit and came from the direction of his residence. He was also advised it was specifically indicated it was his son that made the above mentioned CB radio transmission. It was pointed out to Mr. MONTEDONICO that inasmuch as it is believed his son is [REDACTED] he was being contacted prior to contact of his son.

Mr. MONTEDONICO advised he is aware of the CB radio transmission since he recalls reading about this incident in the local newspapers and secondly his wife advised him some time ago that an officer of the Memphis Police Department contacted her and their son about the incident. Mr. MONTEDONICO advised that at that time after the officer had talked to his son, he discussed this incident with his son. He said he learned from his son that his son did not make the broadcast. Mr. MONTEDONICO said he believes his son and added he has never known his son to lie to him in the past and sees no reason for his son to lie to him about this incident since punishment for a transmission of this nature would be minor.

Mr. EDWARD LE MASTER MONTEDONICO, JR., 3776 Highland Park Place, Memphis, Tennessee, voluntarily appeared at the Memphis Office of the FBI. Mr. MONTEDONICO was advised of the identities of the interviewing Agents and the nature of the inquiry, which concerned a citizens band (CB) radio transmission during the evening of April 4, 1968, relaying information of a Pontiac automobile following a white Mustang that was alleged to have been involved in the shooting of MARTIN LUTHER KING, JR., on that date. Mr. MONTEDONICO was furnished a "Voluntary Appearance; Advice of Rights" form by SA HARLEY E. GYLFE. Mr. MONTEDONICO after reading this form signed same and stated he would gladly discuss this matter to the best of his ability.

Mr. MONTEDONICO stated during the evening of April 4, 1968, he was working on a term paper for school that was due the next day. He said he was in his room but was not listening to his CB unit or any other radio, nor did he have any radio turned on. He commented he has his CB radio and his "ham" radio in his room as well as a police monitor and a regular commercial radio. He said his first knowledge of MARTIN LUTHER KING, JR., being shot came from his mother who some few minutes after the shooting called up to him in his room and told him what she had heard on the radio. He said he believes he then turned on the police monitor to hear the events as they transpired. Mr. MONTEDONICO stated shortly after his mother told him about the shooting a friend (whose name he did not choose to reveal) called him on the telephone and told him about the shooting and then mentioned the CB transmission. He said since he believes he had the police monitor turned on he naturally did not turn on the CB unit.

Mr. MONTEDONICO advised he has read the local newspapers' account of the CB transmission but again commented he did not hear this particular transmission.

Mr. MONTEDONICO was advised considerable investigation has been conducted to establish the identity of the individual or individuals that caused this CB transmission to be made. It was pointed out to Mr. MONTEDONICO that it has been suggested he is the individual who made this transmission in question.

Mr. MONTEDONICO after swallowing hard and with a break in his voice said he did not make the CB radio transmission in question and after wiping a tear that had welled up in his eye added he does not know or have any idea who made that transmission. He said he could not understand why anyone would accuse him of this act. He said that whoever accused him of this does not know what they are talking about.

Mr. MONTEDONICO said that he did not think there were many CB operators in Memphis who had knowledge of these units that would be knowledgeable enough to pinpoint anyone making a CB transmission of this type. He went on to add that anyone with knowledge of CB radios could disguise their voices and cause distortions in the transmission so as to be unable to be identified. He said anyone with any knowledge of CB radios and transmissions of this type knows no one can positively identify the source of the transmission unless the guilty person admitted it.

Mr. MONTEDONICO reluctantly but voluntarily mentioned that he heard from a friend who was a patient in the Methodist Hospital on April 4, 1968, that he had his CB unit in the hospital room and heard the above mentioned CB transmission. He reluctantly added that J. E. STANTON, 5009 Barfield Road, Memphis, Tennessee, a friend of his father, was visiting in the hospital and heard the above mentioned CB radio transmission but had no idea who did the broadcasting.

Mr. MONTEDONICO stated emphatically that he did not make the CB radio transmission in question and does not have any knowledge as to the source of the transmission.

Mr. CORDA YORK, SR., is the owner of York Arms Company, 162 South Main Street, Memphis, Tennessee.

Through a review of his records, he was able to locate invoice # B33065 dated October 31, 1967, wherein York Arms Company received from D. P. Bushnell and Company, Inc., Pasadena, California, a shipment of 7x35 Banner binoculars. Mr. YORK advised that he ordered on October 20, 1967, six pairs of these binoculars to be placed in snap-top cases. These were shipped on October 30, 1967, according to the invoice, and the billing date of the invoice was listed as October 31, 1967.

Mr. YORK further stated that he received other 7x35 Banner binoculars in January 1968 and in April 1968, but these particular types received at a later date were wide angle binoculars and came in a zipper type case and also retailed for a higher price. The 7x35 Banner binoculars in the snap-top case retailed for \$39.95.

He further stated that if the salesman, Mr. RALPH CARPENTER, had to go to the window showcase to remove this pair of binoculars, they were in all probability the last pair in stock. He further advised that they reorder periodically from D. P. Bushnell and Company, Inc., as their supply diminishes but there is no record kept by them, nor is any record received from Bushnell, identifying the binoculars by serial number.

Through a review of his records, he could locate no subsequent invoice to reflect a purchase of 7x35 Banner binoculars in snap-top cases since the invoice dated October 31, 1967, mentioned above.

Through a review of his stock on hand, he was able to locate, however, one pair of the 7x35 binoculars which would retail at \$39.95 and contained in a zipper type case. He has no knowledge of when this particular pair of binoculars was received and can only state it is the only pair in the store.

Mr. CORDRA YORK, SR. advised that the binoculars he had on hand which retail for \$39.95 are identical with the binoculars which had been sold by his salesman, RALPH CARPENTER. YORK said the fact that these binoculars were in a zipper type case might be due to the fact that many of his customers prefer binoculars in a snap top case rather than a zipper case. He said the possibility existed that an exchange of binocular cases had been made in his store to satisfy a customer and it was for this reason the one set of binoculars he had on hand was in a zipper type case.

She was at work on April 4, 1968, but the warehouse closes at 4:30 p.m., and she went home shortly after 4:30 p.m. She did not notice anyone who appeared to be carrying a suitcase or anything which could have contained a rifle; however, she does not pay too much attention to the people on the street. She did not see a white Mustang nor did she see anything out of the ordinary.

To the best of her knowledge, all of the employees of Crosstown Storage Company left immediately after 4:30 p.m. on April 4, 1968. Other employees who were at work yesterday are:

ROBERT ACUFF, warehouseman.

J. C. LYONS, packer and wrapper.

FRED BROOKS, helper.

BRAD ACUFF owns the warehouse, but he was not there on April 4, 1968. There is no night watchman on duty at the warehouse.

Miss WALLACE said that on March 28, 1968, she and ROBERT ACUFF were on the roof of 417 South Main watching the march in Memphis on that day. They had a pair of binoculars. Two police officers came up on the roof, and questioned WALLACE and ACUFF. There had been a report from one of the police helicopters that someone was on the roof of 417 South Main, and they appeared to have a gun with them. When the police checked and found just binoculars, they said it was okay for WALLACE and ACUFF to remain on the roof.

WALLACE has not heard or seen anything that might provide any assistance in solving this case.
