NORA FLETCHER, Secretary, Lucky Heart Laboratory, Inc., 390 Mulberry Avenue, Memphis, furnished the following information:

She said that she left Lucky Labs at 5:25 p.m. on April 4, 1968, walked out from the Mulberry Street entrance, and started walking south on Mulberry Street to her car, which was parked in front of the swimming pool at the Lorraine Hotel. She estimated that she got into her car at 5:30 p.m., and started the car up immediately, and sat for two minutes waiting for the car to warm up. She said that during those two minutes she looked in the direction of the Lorraine Hotel on the balcony as she knew DR. MARTIN LUTHER KING was staying at the Lorraine Hotel. She said she saw two maids a few rooms north of DR. KING's room, which she knew to be Room 306, bending over folding linens and sheets. She also said she observed an elderly white male, who appeared to be walking south towards her on Mulberry Street. She described this elderly man as wearing white overalls and carrying a can, which she thought was a paint can, but could not describe as to the dimensions or color. She said that she had never seen this man before, and thought to herself at the time that he was an employee for the Lorraine Motel as he appeared to her to be a painter. She said that she could not estimate his age, except that he was an elderly man, more than likely in his late sixties or early seventies.

Mrs. FLETCHER said that she observed no automobiles driving up and down Mulberry or Huling Streets, and observed no one walking up and down the same streets. She stated that she heard no unusual noise, and described the neighborhood as being very quiet, as it usually is at this time of the day. She said she drove north on Mulberry at approximately 5:32 p.m., and could not recall observing anything else in that neighborhood at that particular time.

FRANK BREWER, 422 $\frac{1}{2}$ South Main, Room 2, furnished the following information:

He advised that numerous individuals from the news media have been coming into the rooming house located at 422 $\frac{1}{2}$ South Main taking pictures and knocking on doors looking for someone to interview during all hours of the day and night since the death of MARTIN LUTHER KING, JR. He stated that to prevent these individuals from harassing him and the other roomers in the house, he locked the door on the northwest corner of the building by driving several nails through the door into the door facing and propping a small stairway gate against the inside of the door. He further stated that he also placed a lock on the door at the top of the stairs of the south entry making it necessary for anyone entering the rooming house to ring the doorbell and to wait for someone inside the rooming house to let them in.

It was noted from personal observation that the outside door to the north entrance had been nailed shut and there was a small stairway gate propped against the inside of the door. Photographs of the inside and outside of this north door were taken.

Mr. WILLIAM CHARLES ANSCHUTZ, aged 57, who resides at Room 4, 422 $\frac{1}{2}$ South Main Street and is employed by Duval Transfer Company, furnished the following information:

On the afternoon of April 4, 1968, before dark, he was in his room at the above address and heard a loud noise which sounded like a shot, but came from the bathroom. He said he cannot fix the time, but he thought it might have been between 5:30 and 6:00 p.m.

Upon hearing this noise, he immediately got up and opening his door, looked out into the hallway. He saw one man then coming out of Room 5. The man had a package, approximately three to four feet long in his hands. The package was wrapped in what could have been an old piece of blanket or something like that. He said he thinks the man was carrying this package in his right hand, but he does not know.

He said that this was the first and only time that he ever saw that man. He did not see the man's face, but he did observe that the man had on good clothes. The man was moving fast and was going out toward the Main Street stairs. He observed him for only a second or two and he said he does not believe he will recognize the man's face, because he has the impression that the man was holding his arm up too high to his face. He furnished the following descriptive information, stating repeatedly that these are only estimates or gusses:

Race	White
Sex	Male
Age	20 to 35
Height	Approximately 6'
Build	Medium

Mrs. BESSIE BREWER, 422½ South Main Street,
Apartment 2, Memphis, Tennessee, furnished the following
information:

She advised that she is the manager of the boarding house at 422½ South Main Street, Memphis, and that she and her husband, FRANK BREWER, reside in Apartment 2 which also is the office for the boarding house. She stated that they have managed the boarding house since March 12, 1968, having succeeded a Mr. H. R. THOMPSON, who had been the manager for a short period of time prior to her. She also stated that the boarding house consists of 16 units which are single rooms and that all are located on the second floor level of 422½ South Main. She stated that 10 apartments are located on the south side of the building and 6 apartments are located on the north side and that both sides are joined by a corridor which extends from the south hallway to the north hallway along the west side or Main Street side of the apartment building.

Mrs. BREWER stated that on Thursday, April 4, 1968, between 3:00 and 3:30 P.M. in the afternoon a white male individual knocked on the door of her apartment which also serves as the office and inquired about renting a room. She recalls that he asked if she had a sleeping room but he did not ask for any particular room in the rooming house. She showed him Apartment 8 in the south wing, which is diagonally across from her apartment and which has a stove and a refrigerator in it. She stated that this room rented for \$10 and he stated he did not need this room, he just needed a sleeping room. She then went through the corridor to the north wing and showed him Apartment 5-B. After briefly looking at the room, he indicated it would be acceptable and they then walked back to the office.

She further stated that Apartment 5-B rented for \$8.50 per week in advance and that the individual who then identified himself as JOHN WILLARD pulled out a single \$20 bill from his right front pants pocket and then gave her \$.50

in change. She stated that the tenants do not sign any registration card or registration book and that she simply made out a receipt in the name of JOHN WILLARD and gave him the proper change for the \$20 bill.

Mrs. BREWER further stated that WILLARD had no luggage at all and, in fact, she does not recall his having anything in his hands. She further stated that he did not ask her any questions and they did not engage in any conversation other than that which was involved in showing him the two rooms. She stated that she really did not pay much attention to him and that she does not recall very much about his appearance and that she did not look at his face very much. She stated that she has a habit of not talking too much to the male tenants at the boarding house and that she really did not give him much attention. She did state that she believes CHARLIE STEPHENS in Apartment 6-B in the north wing was in the hallway when she showed WILLARD Apartment 5-B.

Mrs. BREWER stated that after WILLARD left her office across the hall, she did not see him and was unable to say in which direction he went. She stated he could have gone downstairs or walked through the corridor to the north wing or gone down the staircase in the north wing.

Mrs. BREWER furnished the following description of this individual but stated again that she really did not get a very good look at him:

Name	JOHN WILLARD
Sex	Male
Race	White
Age	30 to 35 years
Height	Maybe 6' tall
Weight	Approximately 190
Dress	Believes he looked neat but unable to recall if had a coat or jacket on. Does not believe he did because she does not recall his having to push aside a jacket when taking the \$20 bill from his right front pants pocket.

Speech

Manner of talk seemed usual
to Mrs. BREWER

Mrs. BREWER also stated that she had a feeling that perhaps the man was planning to or was already working in the area because he wanted a sleeping room and that perhaps he was from the area because his speech seemed usual to her but that he mentioned nothing in this regard, and she did not ask him.

Mrs. BREWER further stated that her husband got home from work at about 5:20 or 5:30 P.M. that afternoon and that after finishing supper they were watching television and she would estimate that about 6:00 P.M. they heard what sounded like a shot. She stated that they went to the door of their apartment and then entered the hallway. She also stated that she believes Mr. R. L. REEVES, who is in Apartment 3, also came out of his apartment at about the same time as she and her husband and that she does not recall anyone else having been in the hallway. She stated she and her husband went to the end of the hallway to the staircase where the porch is located on the east side of the south wing and that her husband then stepped out onto the porch. Someone then shouted up to get back into the house and shut the door, and she stated that they did this and locked the door. She believes it might have been a policeman or sheriff's officer who shouted up to her husband. She stated that she still really had no idea what had happened. She stated that she then went back into her apartment but that her husband remained in the hallway for a few minutes and that she later came out and joined him.

She further advised that Mr. WILLIS ANSCHUTZ, who is the occupant of Apartment 4-B in the north wing, then knocked on the door to the corridor which joins the north and south wings and came through the hallway and told them that the man who rented 5-B had just run out with something wrapped up like a gun. Mrs. BREWER was fairly certain that this was what ANSCHUTZ said.

Mrs. BREWER furnished the following list of tenants at the boarding house as of Thursday, April 14, 1968:

<u>Apartment No.</u>	<u>Occupant</u>
1	Vacant

Mrs. BREWER further stated that WILLARD had no luggage at all and, in fact, she does not recall his having anything in his hands. She further stated that he did not ask her any questions and they did not engage in any conversation other than that which was involved in showing him the two rooms. She stated that she really did not pay much attention to him and that she does not recall very much about his appearance and that she did not look at his face very much. She stated that she has a habit of not talking too much to the male tenants at the boarding house and that she really did not give him much attention. She did state that she believes CHARLIE STEPHENS in Apartment 6-B in the north wing was in the hallway when she showed WILLARD Apartment 5-B.

Mrs. BREWER stated that after WILLARD left her office across the hall, she did not see him and was unable to say in which direction he went. She stated he could have gone downstairs or walked through the corridor to the north wing or gone down the staircase in the north wing.

Mrs. BREWER furnished the following description of this individual but stated again that she really did not get a very good look at him:

Name	JOHN WILLARD
Sex	Male
Race	White
Age	30 to 35 years
Height	Maybe 6' tall
Weight	Approximately 190
Dress	Believes he looked neat but unable to recall if had a coat or jacket on. Does not believe he did because she does not recall his having to push aside a jacket when taking the \$20 bill from his right front pants pocket.

Speech

Manner of talk seemed usual
to Mrs. BREWER

Mrs. BREWER also stated that she had a feeling that perhaps the man was planning to or was already working in the area because he wanted a sleeping room and that perhaps he was from the area because his speech seemed usual to her but that he mentioned nothing in this regard, and she did not ask him.

Mrs. BREWER further stated that her husband got home from work at about 5:20 or 5:30 P.M. that afternoon and that after finishing supper they were watching television and she would estimate that about 6:00 P.M. they heard what sounded like a shot. She stated that they went to the door of their apartment and then entered the hallway. She also stated that she believes Mr. R. L. REEVES, who is in Apartment 3, also came out of his apartment at about the same time as she and her husband and that she does not recall anyone else having been in the hallway. She stated she and her husband went to the end of the hallway to the staircase where the porch is located on the east side of the south wing and that her husband then stepped out onto the porch. Someone then shouted up to get back into the house and shut the door, and she stated that they did this and locked the door. She believes it might have been a policeman or sheriff's officer who shouted up to her husband. She stated that she still really had no idea what had happened. She stated that she then went back into her apartment but that her husband remained in the hallway for a few minutes and that she later came out and joined him.

She further advised that Mr. WILLIS ANSCHUTZ, who is the occupant of Apartment 4-B in the north wing, then knocked on the door to the corridor which joins the north and south wings and came through the hallway and told them that the man who rented 5-B had just run out with something wrapped up like a gun. Mrs. BREWER was fairly certain that this was what ANSCHUTZ said.

Mrs. BREWER furnished the following list of tenants at the boarding house as of Thursday, April 14, 1968:

Mrs. BREWER stated that she had never seen JOHN WILLARD before and that the only time she did see him was on Thursday afternoon, April 4, 1968, when she rented Apartment 5-B to him. She stated that she did not believe she would be able to recognize this individual if she saw him again.

Mr. FRANK BREWER, Room 2, Second Floor, south wing of a rooming house, 422½ S. Main Street, Memphis, furnished the following information to Lt. J. D. HAMBY, Homicide Bureau, Memphis Police Department, and SA FRANKLIN L. JOHNSON:

He is employed as a steamfitter at the Valco Chemical Company located at Warford and Jackson in Memphis, and his wife Mrs. BESSIE BREWER operates a rooming house, the address of which is 422½ S. Main Street, but this rooming house actually occupies the second floor of 2 separate buildings. Toward the front of the 2 buildings on the second floor there is an enclosed walkway connecting the buildings. There are on the second floor ten rooms in the south building and six rooms in the north building. Mr. W. L. SHORT of the Gordon Transfer Company in Memphis, telephone 948-7611; leases this space and Mrs. BREWER handles the rental of the rooms for Mr. SHORT. He does not know the actual owner of the premises.

Around 6:00 PM on 4/4/68, Mr. and Mrs. BREWER were in their room eating and watching television. As he recalls he was watching Rawhide. At this time he heard a noise which sounded like a shot. He and his wife immediately came out of their room into the large hallway or lobby in the south building. At about the same time, Mr. BERTIE REEVES, who occupies room 3 in the south wing of rooming house, also came out into the large hallway. Mr. BREWER, Mrs. BREWER, and Mr. REEVES all walked toward the rear (east) of the lobby where there is an outside door and outside stairway leading into the yard below. Their attention had been attracted in this direction due to the screaming which they heard and which they learned was coming from the area of the Lorraine Hotel located across the street to the east of this rooming house. As Mr. BREWER ran out onto the back porch some police officers told him to get back inside and lock the door. He immediately turned around and went inside.

As he walked out onto the porch, however, he had seen the body of a Negro man lying on the second floor ledge or porch of the Lorraine Motel.

Mr. BREWER did not see anyone running around this time and neither saw nor heard anything at the time which caused him to suspect anyone in connection with the shooting.

Soon thereafter Mr. WILLIS ANCHULTZ (phonetic) who occupies 4-B in this rooming house his room being located on the north wing of the rooming house, told Mr. BREWER that he (ANCHULTZ) had seen the "new tenant" running down the stairs carrying a bundle and it looked like he had a gun.

As to the new tenant referred to by Mr. ANCHULTZ, Mr. BREWER advised that Mrs. BREWER had told him that a new tenant had checked in that afternoon paying her \$8.50 for a week's rent in advance for room 5-B in the north wing of the rooming house. He stated that he had never seen this new tenant.

Mr. BREWER, who had observed Lt. HAMBY and SA JOHNSON, attempting to interview Mr. FRANK MILLARD MARLEY in room 7, advised that he knew personally that Mr. MARLEY was drunk and passed out in room as of the time of the above mentioned incident and he knows that Mr. MARLEY was not in a position to observe anything in connection with this incident. He stated that MARLEY is very elderly and is a chronic alcoholic.

FEDERAL BUREAU OF INVESTIGATION

Date 5/27/681

Inspector N. E. ZACHARY, Homicide Squad, Memphis Police Department, Memphis, Tennessee, advised his squad has done as much investigation as possible concerning a citizens band (CB) radio transmission on April 4, 1968, that appears to be a hoax. He commented this broadcast concerned the CB transmission at about 6:30 P.M. on April 4, 1968, by an individual allegedly in a 1966 blue Pontiac that was chasing a white Mustang east and north on Jackson Avenue, Memphis, Tennessee, at a high rate of speed. Inspector ZACHARY said that according to this transmission, two cars were traveling at 95 miles an hour through the intersection of Stage Road and Austin Peay Highway (extension of Jackson Avenue) in Raleigh, a suburb of Memphis, and shortly thereafter it was alleged, according to the radio transmission that the white Mustang was shooting at the blue Pontiac. Inspector ZACHARY advised the Shelby County Sheriff's Office had two patrol cars at this intersection at the time of the alleged chase and they did not observe any cars pass this intersection at a high rate of speed.

Inspector ZACHARY advised their investigation indicates one EDDIE MONTEDONICO, age 17, son of Mr. and Mrs. E. L. MONTEDONICO, 3776 Highland Park Place, Memphis, Tennessee, may possibly have made the above mentioned CB radio transmission. He said when EDDIE MONTEDONICO was contacted, he did not specifically indicate he would not cooperate but commented if anyone knew anything about CB radios, it would be impossible to catch anyone making an illegal broadcast.

Inspector ZACHARY advised, therefore, no further investigation has been conducted by his squad due to the lack of specific information that EDDIE MONTEDONICO made the transmission and due to EDDIE MONTEDONICO's apparent lack of cooperation.

**WILLIAM J. WILSON, General Truck Sales, 535
Harrifreeshore Road, Nashville, Tennessee** advised as follows:

During May of 1968 he attended a conference of the National Automobile Dealers Association in Miami Beach, Florida, which was attended by a number of truck dealers throughout the United States. On one evening during this series of meetings he was with a group of individuals including "BUDDY" JENKIN of Fairfield, Connecticut and ARTHUR JENKIN of Lima, Ohio. Everyone in this group of some twenty to twenty-five men had been drinking heavily and conversations could only be described as extremely "alcoholic."

On one occasion, "BUDDY" JENKIN made some remark to the effect that ROBERT KENNEDY would never live to become President, if he were nominated and elected, that someone would probably shoot him. JENKIN did not say that he had attended any meeting where this was discussed, nor was any conversation recalled with reference to MARTIN LUTHER KING.

He does not recall any other remarks of JENKIN and does not recall discussing JENKIN'S remarks on a subsequent trip to Jamaica, which he made accompanied by other men at the conference.

He paid absolutely no attention to JENKIN'S remark regarding KENNEDY, since he was drinking heavily, as were most of the men at the conference.

He described JENKIN as an "ultra conservative", a loyal American, and one who would have no part in the death of KENNEDY or KING.
