could be purchased in any of the Sears Roebuck retail automobile store outlets located in Eastern Missouri, Southern Illinois, all of the State of Indiana, all of the State of Ohio, all of the State of West Virginia, or all of the State of Kentucky. He stated that as of the present time, there are 133 retail Sears Roebuck automobile stores which stock and sell this battery.

With reference to the possibility of obtaining this battery through mail order, Mr. DARNELL stated that this could be possible but only upon referral of the mail order to the Louisville plant of Globe by Sears Roebuck in Chicago, Illinois, for delivery direct from the Louisville plant. It is to be noted that the central distributing point and warehouse of Sears Roebuck in Chicago would not stock a 22-F battery manufactured at the Louisville plant inasmuch as Chicago is served by the Milwaukee plant of Globe Union.

With reference to the possibility of purchase of the battery by mail order, Mr. DARNELL checked all mail orders filled by the Louisville plant upon such referral by Sears Roebuck in Chicago and stated that no mail order received was for a Model 22-F battery, thus eliminating the possibility of purchase of instant battery through mail order.

Pursuant to conversation held with Supervisor CHARLES HARDING of the Atlanta Office, Mr. DARNELL was requested to furnish and did furnish copies of the Sears Roebuck retail automobile store outlets in the area surrounding Memphis, consisting of stores in the Greater St. Louis, Missouri, area and Southeastern Missouri, as well as Southern Illinois as far North as Alton, Illinois, as well as stores in Western Kentucky. Next to the name and address of the Sears Roebuck stores so listed in parenthesis are listed the total number of the type 22-F battery furnished these various stores during the pertinent period from 2/22/68, to April 5, 1968. It is to be noted that while instant battery carries a date code of 3/68, Mr. DARNELL explained that the code date is effective on the 21st of each month indicating that this battery was distributed possibly as early as 2/22/68, as a March product.

For the information of offices not previously receiving correspondence regarding tracing of instant

LS 44-947

battery, this battery is described as an All-State high voltage, internal connector battery with the identifying Model 52 contained in white letters in a small circular plastic case on three sides of the battery. It also bears the marking "F-41 B E 8, square 48" located on the top of the lead shield washer on the negative post. The date code "C-8" indicating the battery was manufactured in March, 1968, is contained in a small white decal on the side of the battery.

Enclosed for the Bureau and each receiving office is a copy of the list of Sears Roebuck retail stores carrying this battery and through which retail outlet same may have been purchased during the above period from 2/22 to 4/4/68.

No leads are being set forth herewith by the Louisville Office relative to further tracing of this battery but same is being left to the descretion of the OO as indicated in referenced teletype of the Louisville Office dated 4/26/68.

Enclosed herewith for the Bureau are three copies and for Memphis and Birmingham two copies each of an FD-302 reflecting interview of JOHN HUBEART WILLARD on April 22, 1968.

JOHN HUBEART WILLARD, Pontotoc, Miss., who is employed by the Day-Brite Lighting Company, Tupelo, Mississippi, was interviewed by Special Agents and exhibited photographs of Subject JAMES EARL RAY. Background investigation has previously been conducted concerning WILLARD and his whereabouts during the pertinent period and he has been eliminated by witnesses. He was working during the pertinent period and this has been substantiated by active investigation. WILLARD was questioned concerning his associates and contacts over the past two years and indicated he can recall no incidents where he could have ever come in contact with the subject in this matter.

RE CARS STOLEN FROM STATE OF GEORGIA

Re Atlanta airtel to the Bureau, 4/22/68.

In connection with the leads set forth in referenced airtel the following investigation was conducted by the San Antonio Division:

On 4/23/68 GEORGE HETZEL, NCIC Section, and DON OVERSTREET, Modus Operandi Section, Texas Department of Public Safety, Austin, Texas, advised that no central index is maintained by Department of Public Safety that will reflect stolen cars recovered in Texas that were reported stolen in the State of Georgia.

HETZEL stated that a normal check on a recovered automobile with an out-of-state license would be with the Motor Vehicle Division or State Police of the state of registration. That agency should have records of all stolen vehicles recovered that were registered by that agency.
