While she was living with PAYNE on Airport Hiway, Toledo, during 1958-59, one JAMES EARL HARRIS, white, male, about 29 or 30 years of age at the present time, visited Toledo, Ohio, from somewhere in Kentucky. PAYNE and she became friendly with HARRIS and he visited their home on a few occasions. HARRIS had come to Toledo to visit his aunt, MABEL HARRIS, 214 10th Street, 4th Floor.

Subject is unknown to her by name, photo, or descriptive data and is not related to her by blood or marriage. HARRIS does not resemble subject in any manner, however, she feels PAYNE is confused because HARRIS and subject have the same first and middle names.

RE: PAUL COBB

Information was received that PAUL COBB taught a course in Negro history at St. John's Episcopal Church, Berkeley, California. It was reported that at one of these sessions, he stated that he knew MARTIN LUTHER KING was going to be killed and that he would probably be killed near Memphis, Tennessee.

Efforts were made to contact Dr. ROBERT MC KENZIE at St. John's Episcopal Church and it was determined that he was associated with St. John's Presbyterian Church. However, inquiry at St. John's Presbyterian Church revealed that he would not be available until April 29, 1968. On April 29, 1968, it was determined that he would not be available until April 30, 1968.

On April 30, 1968, Dr. ROBERT MC KENZIE, St. John's Presbyterian Church, 2640 College Avenue, Berkeley, California, advised PAUL COBB gave a series of lectures on Negro history at St. John's Presbyterian Church ending on March 31, 1968. He stated COBB could be located at 2717 San Pablo Avenue, Oakland, California.

On April 30, 1968, inquiry was made at 2717 San Pablo Avenue, Oakland, California, the headquarters of the Oakland Economic Opportunity Center. Upon entering the large room at 2717 San Pablo Avenue, it was observed there were ten female Negroes and seven male Negroes in the room and one female advised PAUL COBB was "right there" and pointed to a young man about five

feet from her desk. COBB overheard the conversation but he continued a conversation with five females in a circle around the desk and completely ignored SA DONALD EDWIN JONES.

After more than five minutes COBB asked who the Agent wanted to see. It is noted there were numerous large posters, 12 x 18, pasted on the walls and desks in the office of BOBBY HUTTON and notices or lettering on the posters "Killed by racist Oakland pigs." A number of the persons in the room were attired in the customary dress of the Black Panthers and numerous material for the Black Panthers was observed. The Agent identified himself to COBB and stated he wanted to talk to COBB briefly. He offered a chair in the room with all the others and when SA JONES suggested some privacy he said, "Let's go on the street." In front of 2717 San Pablo Avenue, COBB again demanded the Agent's identification and he studiously observed the credentials, obviously aware of his audience within the building. SA JONES told COBB of his purpose in talking to COBB regarding the MARTIN LUTHER KING assassination in which he may be able to be of some help. COBB immediately said, "Let's go your car and sit down." At this point an individual stopped COBB and SA JONES on the street. This individual was dressed in a black leather jacket, a green beret, with Black Panther buttons on both beret and jacket. He stated to COBB, "Let me talk to you a minute brother." COBB told him he would be back in about five minutes.

In the Bureau automobile COBB stated he did not want to talk to the FBI and felt harassed by the FBI, stating he believed the FBI had been "following him for several weeks." SA JONES related to COBB that the FBI had received a complaint that he, COBB, had made a statement during a series of lectures at St. John's Presbyterian Church that MARTIN LUTHER KING would be killed soon and would be killed in Memphis, Tennessee. COBB replied, "I made that statement on Sunday night before KING was killed on Thursday. I did say KING would be killed in Memphis and I have good evidence to support my prediction." At this point COBB stated, "I want to take the Fifth Amendment and I won't give any further information to the FBI." When asked for the reason for this COBB stated, "The FBI already knows the white killer of KING and has him in custody." SA JONES then displayed a photograph of JAMES EARL RAY, aka ERIC STARVO GALT, to COBB and he viewed the photograph without comment.

At this point COBB stated, "The FBI knows my record and I am certain you are not here about KING but here to harass me." It was again explained to COBB that the FBI was pursuing every possible lead to locate the assassin of MARTIN LUTHER KING and had an interest in his statement that KING would be killed in Memphis, which according to COBB was made before the fact. COBB then stated the FBI knew he was a roommate of STOKELY CARMICHAEL at Howard University and he

SF 178-68

MTG/mas

stated, "I have been in Memphis and I have been in jail with MARTIN LUTHER KING." COBB would not say when he had been in Memphis or when or where he had been in jail with Dr. KING. COBB then stated, "You cats have my phone bugged so you know what I'm doing." He then made a comment that "since you know what I'm doing, I'm sure you'll see me on Thursday." When asked what this statement meant, he said, "Wait and see. I'm sure you'll be back to see me on Thursday."

COBB made other comments during the conversation which are worthy of note. COBB stated all whites should go to Alaska and turn the other 48 states over to the Negroes who have "sweat and died" for the United States. He stated he is not a citizen of the United States and when asked where he was born said in the United States but that "I am not a citizen of the United States." He said he planned to go home to Africa and should have gone long ago. He stated he "should have known better than to enroll in a Ph.D. program at the University of California, Berkeley."

Upon leaving the area, COBB was observed entering the door to an apartment area immediately next door to the Economic Opportunity Center and since he was using a key to admit himself, it is presumed this is his residence.

San Francisco is opening a 157 case on PAUL COBB. All background information regarding COBB will be obtained and investigation will be conducted to determine COBB's relationship, if any, with the Oakland Economic Center.

WACE, San Francisco will not reinterview PAUL COBB regarding the remarks he was alleged to have made in view of the fact that he stated, "I want to take the Fifth Amendment and I won't give any further information to the FBI." In view of the present situation involving Black Panther members who are presently awaiting criminal trials in Oakland, California, it is believed that COBB could and might use the Bureau's effort to recontact him as a source of embarrassment to the Bureau and unfair publicity.

EDUCATION: Billings states that he attended the Kenneth Square Grade School in Kenneth Square Penn., from 1938 to 1947. He completed the eighth grade and had average grades. Billings said that his most interesting subjects were history and math and that English was his worse subject. He had no problems in adjusting to school and states that he enjoyed school very much. After completing the eight grade, he ran away from home and joined the Army in 1948. He received an honorable discharge in 1952 and then entered the United States Marine Corps. After serving in the U.S.M.C. for a period of about six months, he received a General Discharge under Honorable Conditions. While in the Army, he served as a drill instructor at Ft. Bliss, Texas, Ft. Bragg, N.C. and Ft. Benning, Ga. Billings stated that he has never attended any vocational school.

WORK HISTORY: Billings primary source of legitimate income was through a used car lot and auto parts store that he owned by the name of "Sonny's Used Cars and Auto Parts". He also stated that he owned a produce company that required the constant use of two trucks to make pickups and deliveries.

CASEWORKER'S ANALYSIS

Carlos Lee Billings is a 35-year old, married, white male, who was committed to the U.S. Medical Center for Federal Prisoners in Springfield, Missouri on June 1, 1967, from the U.S. District Court for the Eastern District of Arkansas, Little Rock; under a Title 18, Section 4246. Billings was previously incarcerated (March 16, 1967) at the Medical Center

[REDACTED]

Billings is being charged with violation of the NMVTA. Billings claims that all he knows about his present offense is what the FBI and police officials told him. He has had difficulty over the years in remembering events that have taken place in his life. The psychiatric staff exam on April 27, 1967, did indicate that Billings was also suffering from a severe fainting disorder.

Official records indicate that Billings escaped from prison in Westchester, Pa. on March 27, 1965. He is accused of transporting interstate, a motor vehicle from Pampas, Texas to Forest City, Arkansas. Since Billings' escape, he has been involved in at least fifty cases of taking cars by theft or false pretenses. Eight of the above mentioned cars are in the process of being transferred to the Eastern District of Arkansas for a plea of guilty; apparently with Billings' consent. The U.S. Attorney; Eastern District of Arkansas, also indicated that Billings is probably guilty of numerous other violations involving bad checks and fraud. He has managed to avoid arrest by constantly keeping on the move, trading cars, and passing bad checks. When Billings was apprehended, he was sitting in the front seat of his car, intoxicated, and had a loaded pistol in his lap. No pre-sentence investigation has been done on the above named patient.

PRIOR RECORD

According to the FBI report, Billings has an extensive prior record which dates back to 1949 (age 17) when he was arrested in Bristol, Virginia and given a 12 month suspended jail sentence for Attempting to Pass Worthless Checks. Billings has been arrested over 20 times for Forgery, Grand Larceny, Parole Violation, Deserter (the Army), Concealed Weapons, Worthless Checks, Embezzlement from I/S Shipments, etc. Billings had previously been committed to the USP, Atlanta and the USP, Lewisburg, in addition to this he has also served time at "the Pen" in Richmond, Virginia-on two different occasions. Billings has also been committed to several state, local hospitals and Army hospitals for psychiatric observation and treatment.

SOCIAL STUDY

Carlos Lee Billings (called "Rocky" and various other aliases), was born in Piney Creek, N.C. on [REDACTED]. He is the youngest of three children and was raised by his parents until the age of 15, when he ran away from home and fraudulently enlisted in the Army. He was raised by his parents in an urban environment, fair economic conditions and adequate supervision. Billings' father, Pard B. Billings, was born in Piney Creek, N.C. and has lived there most of his life until recently moving to Pennsylvania. Father is literate, in good health and does not have a police record. He is self-employed, he operates a

furniture and grocery store. Billings mother, Virginia, was born in West Jefferson, N.C. Prior to moving to Pa., she helped her husband at the grocery store and most of her duties were that of a house wife. Both parents attend the Baptist Church regularly.

Birth and early development were normal. At three years of age, Billings had a severe attack of influenza and since that time he has suffered from headaches and nose bleeds. Billings started school at the age of 7, but did poorly. His father states that he attend-

from the ages of 10 to 12. His mother stated that he was very hard to control in comparison to his brothers and sisters and that he seemed to keep a distance from the rest of the members of the family. During his school years he had difficulty getting along with the teachers and other students. He would get involved in various fights. Billings would not obey the teachers. His mother did state that he liked various sports (football and baseball) and intended on becoming a boxer or lawyer when he was older. As was indicated, at the age of fifteen Billings ran away from home and enlisted. His first enlistment was in September, 1948. Billings was discharged for minority reasons in March, 1949. Billings again enlisted in the Army in August, 1949, and was discharged again in January 28, 1952, this time under honorable conditions. In October, 1953, he again enlisted and was discharged on August 18, 1954, under other than honorable conditions-- Billings was discharged on this occasion because he enlisted under fraudulent name. In his re-enlistment in 1949, Billings was involved in a Jeep accident. According to the story there was a period of time, almost a year, that he was amnesiac. He states he woke up in 1950 and found himself on a chain gang. He claims he was arrested riding in a stolen car. Apparently he "woke up" after having been hit in the head with a pick. At that time neither he, nor the authorities, realized that he was in the Army and he was [REDACTED] It was later determined that he was military personnel and he was sent to Camp Pickett Hospital. Billings was there for [REDACTED]

[REDACTED]

In 1954, Billings married. He had known his wife several years before the marriage. Recently Billings was worried that his wife was planning to divorce him, but apparently this has been true only insofar as Billings has been concerned. Billings was never able to hold down a job for any real length of time. Most of his jobs that he did hold were those of truck driver.

CURRENT SITUATION

Billings' adjustment at the Medical Center has been marginal. He already has refused to work as a ward orderly and has one memorandum written on him for violating our policy on typing legal papers. He has been working for the Sanitation Department, receiving below average work reports. His work supervisor says that this man is not very dependable and has to be shown continuously what has to be done. He was also described as "just a sorry character". One of Billings' main goals is to return to court as competent to stand trial.

Recently we received a phone call that Billings' mother was very ill. Immediately we tried to return the call trying to find out the nature of the patient's mother's illness. After several attempts it was discovered that Billings' mother was in satisfactory health as well as the rest of the members of his family. The only conclusion that can be made

REPORT OF PSYCHIATRIC STAFF EXAMINATION - 8-17-67

Carlos Lee Billings is a 35-year-old White male committed to the Medical Center as incompetent to stand trial under Section 4246, USC. He is charged with violation of NMVTA. The staffing is to evaluate the patient's competency.

In the interview itself, the patient presented in a cooperative manner and seemed somewhat more alert than at the past examination. He understood that he was charged with auto theft and had been arrested in Little Rock. He related that he had escaped from a Pennsylvania jail before he had started flights across the country. The patient showed an understanding of the court proceedings and what basically goes on. Further, he had some idea of the seriousness of the penalties possible against him. Further, he had some idea of strategy and stated that he would plead not guilty with the idea of possibly being found so on the basis of insanity. Generally, the patient seemed better motivated in terms of doing the best thing for himself than he did at the last staffing. However, there still remains some superficiality in his thinking and the patient required some help in that the Staff had to be specific in its questions and pinning him down to responding to specific things.

EDUCATIONAL AND VOCATIONAL ANALYSIS

EDUCATIONAL BACKGROUND EVALUATION:

This 34 year old male was somewhat confused at the time of the interview. Contrary to former information, we have discovered that Billings passed a G.E.D. test at the 10th grade level in Fort Dix, New Jersey, while serving in the Army. He was in the Army and Marines a total of 14 years. He was formerly here as 0-1187-H and when returned to court returned under the present status. He denies any alcoholic problem. He states that he is presently suffering from loss of memory and headaches.

OCCUPATIONAL EXPERIENCE EVALUATION:

Billings has some experience as an auto salesman. He has also worked with heavy equipment. Institutionally he has worked as a ward orderly and in the laundry. He does not appear to have a vocation upon which he can rely upon release.

TEST RESULTS:

SAT grade equivalency 9.1

EVALUATION OF EDUCATIONAL AND VOCATIONAL NEEDS:

This inmate is seriously in need of counseling and assistance, especially in choosing a vocation and in entering vocational training in some area. He is interested and states that he would like to have a responsible job when his condition permits. It was the opinion of the interviewer that this inmate could not profit either from counseling or study at this time.

PROGRAM RECOMMENDATIONS:

1. Assign Sanitation
2. Counseling when patient is capable of assisting
