PRISON NO. A17232H

On September 19, 1968, the file concerning PUTT at the Medical Center for Federal Prisoners, Springfield, Missouri, was reviewed.

The file contains a psychiatric report dated June 10, 1968, which describes PUTT as a 39-year-old divorced white male serving a 5-year sentence for Interstate Transportation of Stolen Motor Vehicle, and was transferred from U. S. Penitentiary, Atlanta, Georgia, to the Medical Center on April 4, 1968, for psychiatric treatment.

His case was reviewed and certified under Title 18, Section 4241, and Title 18, Section 4247.

PUTT refused to leave the cell for interview and it was necessary for three doctors to go to his cell. He looked threatening and an officer had to stand in his way to prevent him from attacking a doctor.

PUTT complained of being unjustly persecuted. It was recommended he be certified psychotic under Section 4241 and to be held until his full sentence expires, July 31, 1969. This certification was approved by the Bureau of Prisons, Washington, D. C., July 25, 1968.

The file reflects he has a long history of behavioral problems and has had trouble adjusting since his incarceration December 30, 1964. At Terre Haute, he threatened to kill a case worker. At Atlanta, he was involved in multiple offenses, disobeying orders, out of bounds, illegal possession of lethal material, cursing officer, and a need to be segregated. He was diagnosed at Atlanta as suffering from schizophrenic reaction, paranoid type, chronic, severe.

Psychiatric report dated December 2, 1964 reflects he had personality trait disturbances manifested by passive-aggressive trends, with compulsive trends and an individual with sociopathic trends. He was involved in a good deal of litigious activity for himself and others. He tends to see himself has a

champion of the underdog. He dropped out of high school in the second year. At the age of 22, while in the Navy, he was referred for psychiatric examination because of hostile behavior while serving a sentence in the brig. He was described as sullen, insolent, and the combative type on the slightest provocation.

He has been married four times and is presently divorced. He has a history of molesting minor females and has poor controls over his sadistic impulses. He is in need of long-term institutional care which can best be provided in a hospital for the criminally insane, which would provide controls to prevent him from hurting others or himself. He is considered a dangerous individual.

PUTT is described as a white male American, born [redacted] Corinth, Mississippi. He is 5 ft. 7 inches in height, weighs 119 pounds, has brown hair and eyes. His FBI Number is 243793 C.

His mother is MABLE PUTT, 2211 Vine Hill Road, Nashville, Tennessee. He has a brother, ROYCE PUTT, 311 Centinell Drive, Nashville, Tennessee.

The file is full of numerous letters written by PUTT to various individuals complaining about his treatment and also letters to Senator EDWARD BROOKE.

In the event the Prosecuting Attorney desires to correspond with an official of the Medical Center, he should direct his correspondence to: Dr. P. J. CICCONE, Director, Medical Center For Federal Prisoners, Springfield, Missouri.

RE: MORTON, Wilbur O.  
KSP No. 17326

I interviewed Morton, an inmate of this institution on Tuesday, December 31, 1968 (p.m.). Morton's interview consisted of information concerning the killing of Martin Luther King by suspect (Missouri Penitentiary Escapee, Ray). Morton states to me that he has received his information from numerous conversations he has had with an unnamed inmate of this institution. This inmate X was a friend of Ray's in Jefferson City Penitentiary, as good a friend as Ray had. (As my informant understands Ray did not have many close friends). This inmate X was supposed to have been separated from Ray in the Missouri Penitentiary yard several times by a Custodial Lieutenant by the name of Holt who is now employed at the United States Penitentiary at Leavenworth as Custodial Officer. As inmate X stated, Ray had an escape record and so did he from Illinois and the institution watched them. My informant stated that Ray stated to inmate X he was figuring on trying to escape and inmate X agreed to go with him. Their play was to saw the bars in I Building basement and some way go through to a water main or sewer outside the walls and during the process of making arrangement, inmate X wanted to know what they were going to do after they got out, where they were going to get money and hole up. Ray didn't tell him at first and later on he told inmate X that they wouldn't have to worry about a thing especially money as they would have a world of money and would be taken care of. Then I understand Ray told inmate X that he was going to kill Martin Luther King and everything was taken care of. Upon learning this, inmate X stated he did not want anything to do with this and then backed out escaping with Ray. Although Ray did not use the method that they were going to use. Inmate X is fairly certain he knows how he escaped. My informant stated that the bars in the basement of I Building are supposed to be cut and water or sewer line is supposed to run along the outside wall, also, a circle band saw-blade was supposed to be stolen and that was what was used to saw the bars of basement of I Building. Ray's brother came to visit him just about a week before he escaped. These were just some points to check to see how much truth in the story. My informant stated he would talk to a FBI Agent but doesn't want to be drawn into the deal but will talk to an agent under the pretext of something to do with his federal time, legal action in court or anything to throw off suspicion and wants any information that might point to inmate X to show up from in-

vestigation on the outside as he stated inmate X said the reason he has not said anything before now, was because he was afraid of getting his throat cut. My informant stated he is afraid of something happening to him if information indicated my informant put inmate X on the spot. Re report of SA RAYMOND E. HOWE, 12/13/68 at  
Kansas City.

Attached hereto is a memo from S. H. CROUSE,  
Warden, Kansas State Penitentiary, Lansing, Kansas, dated  
12/31/68.

On 1/10/69 Warden CROUSE furnished the attached  
self-explanatory memo that he prepared regarding interview  
with inmate WILBUR O. MORTON. Warden CROUSE stated that he  
was sure that MORTON does not know any additional information  
other than that which he already related to him. However,  
he felt MORTON may possibly identify "Inmate X". Warden  
CROUSE stated he is attempting through prison records, to  
identify "Inmate X" in the event that MORTON is unwilling  
to identify himself. Warden CROUSE stated that on 1/5/69  
WILBUR O. MORTON, MSP #17326, was returned to Wichita, Kansas,  
for trial.

The following interview was conducted by SAs  
ELMER R. FLETCHER and JAMES B. KELLY:

in connection with a local armed robbery charge, volunteered on 1/14/68 he was previously confined in Missouri State Penitentiary Jefferson City, Missouri, at the same time an inmate -- he declined to name -- was a guest of the State of Missouri. The unidentified inmate, according to MORTON, was very friendly with JAMES EARL RAY, accused killer of MARTIN LUTHER KING. During time MORTON and the unidentified convict were in MSP, MORTON was able to learn from this convict that RAY had planned an escape for some time and confided to the convict that RAY had made arrangements for lots of money after the escape and inferred he would get it in return for killing KING. MORTON acknowledged he had no first hand information concerning the threats of RAY or his plan for escape. He was hesitant to identify his convict friend in MSP claiming he feared for his life if an Agent approached the convict with the allegation MORTON had put the "con" on the spot.

When bluntly asked what MORTON wanted for the information he possessed, he agreed he was interested in a trade, and would reveal the name of the convict who reportedly had first hand information of these pertinent developments if Agent would approach the local judge in Wichita who is about to hear MORTON's charge of Armed Robbery, and arrange to have these charges dismissed. He explained this would preclude his having to return to the pen and thus decrease his chances of being harmed for furnishing information about his buddy.

MORTON was informed his proposal would be reported to Agent's supervisor and if additional facts were desired, he would be contacted.

On February 3, 1969, JAMES DALE MALLOY California State Prison Number B-11646, an inmate in the Sierra Conservation Center, Jamestown, California, advised that he served in the Missouri State Prison with JAMES EARL RAY, for a period of about nine years. He advised that from his contacts with RAY he was very surprised to hear that he had committed a murder.

He further advised that he saw a newspaper article in the paper a few weeks ago, which related to the shooting of two men in Kansas City. He advised that the last names of the two men who were killed were MILLER and JOHNSON. He advised that MILLER was the owner of a car rental agency, and that MILLER was an ex-con who also served time with JAMES EARL RAY. He advised that MILLER and RAY were rather close while in prison.

MALLOY advised that he has no specific information linking RAY and MILLER, but, that he desired to have the information made available to the local authorities in Kansas City, in the event they were not aware of the relationship between the two.
