

told us that on the advise of his attorneys he had given every scrap of paper in Ray's handwriting to Percy Foreman shortly after Foreman came into the case. I asked Mr. Huie if as he had stated earlier that his only interest in this matter was helping to effect the apprehension and exposure of co-conspirators, how he felt that his turning notes of Ray's over to Foreman was fair and consistent with that statement. I also asked Mr. Huie if General Canale hadn't on many occasions asked to confer with him and he had put General Canale off until this date. I reiterated that I couldn't see how his acts in delivering Ray's notes to Foreman was compatible with his statement that his only interest in the case was the exposure and apprehension of co-conspirators. Mr. Huie stated he would have to reflect on that for a while in view of what I had said. He related after reflection that if any time during the trial that we needed to verify something Ray is supposed to have said that that we thought would be beneficial, he would be available and would co-operate with us to that extent. I asked Mr. Huie if he had not made a statement that he had copies of all of these notes and would deliver them upon request to the State of Tennessee. He stated he might have made such a statement but he didn't have any material in his possession that he could copy. Mr. Huie related examples of Ray's lying to him as follows: The version of the escape from the Missouri Penitentiary as published in LOOK magazine was found to be a lie upon subsequent checking by Mr. Huie. The information as published in reference to the hold up of the house of prostitution in Montreal was later admitted to be a lie by Ray and in truth and in fact he held up a food center in Montreal along in early August of 1967 but when questioned about this by Mr. Huie, Ray said it was a half truth because in 1959 he did rob a house of prostitution in the same manner that he described to Mr. Huie. Mr. Huie related that he tried to verify Ray's hold up in Alton, Illinois, a bank and obtaining in the neighborhood of \$20,000 and Mr. Huie stated that he never could verify that he held up the bank in Alton, Illinois. Mr. Huie further related that he had working with him on verifying Ray's story a investigator by the name of Groovich (phoenetic). He then related that Oswald had lived in Exchange Alley in back of the Monte Leon Hotel and that

Conversation with Huie

at that time the Monte Leon family had as their guests, pilots who had been ransomed from Cuba who had participated in the invasion of the Bay of Pigs. Huie related that Ray on his trip to New Orleans with Stein had met unknown, unnamed parties in a bar from which diagrams made by Ray, Huie concluded was across the street from the Monte Leon. Huie started relating about John F. Kennedy not supporting the invasion of Cuba and that because of that there was much resentment for the Kennedy family among the rescued participants of the invasion of Cuba. He further related that Garrison didn't have anything in his opinion other than a conspiracy that began and ended in the atmosphere of New Orleans. We asked Mr. Huie pointed questions about prior statements made by him in different localities as to him making the assertion that there are other co-conspirators. He stated he might have made statements of that kind. We asked Mr. Huie that if he had any facts or evidence or proof in his possession from any source that would indicate to him from his knowledge of this matter if there were and if there are any co-conspirators. He said that he did not have any proof and that his statements were based on suppositions and inferences that he had drawn from checking Ray's story. We informed Mr. Huie that in view of the fact that he had made these statements about the country and in particular Shelby County that we were handing him a subpoena for his appearance before the Shelby County Grand Jury on Friday, February 7. Mr. Huie accepted his subpoena and said he was not and would not try to avoid it and would be here and would testify. Mr. Huie also added that from his interviewing witnesses he had found that the FBI in showing mug shots to different witnesses for identification purposes that there had been in a group of pictures shown two or three pictures of the same individuals. Mr. Huie stated that the green spread that was used by James Earl Ray to wrap the bundle with the rifle that he dropped on Main Street had come from California. Mr. Huie state that he had purchased an identical rifle that Ray used from Donald Wood at Aeromarine Supply and that he had gone to the rooming house and re-enacted the assassination and that he was convinced that anyone could have made a shot of that kind. It did not take a marksman. Mr. Huie

Memorandum
Conversation with Huie

Mr. Huie further related that it struck him as peculiar that Ray did make trips to Aeromarine Supply which is in the vicinity of the airport in Birmingham and that also in that location was the headquarters of General Doster. He stated that Doster assembled the pilots that participated in the Bay of Pigs Invasion. He also stated that it was a known fact that people could come and go there in General Doster's headquarters who were of like character as Ray. Mr. Huie further related that Ray and his brothers were 100 per cent convinced that Wallace was going to be elected president of the United States and that we knew that Ray was politically motivated toward Wallace because of his activities in Los Angeles. He further related that Ray is very disappointed at this time in that Wallace was not elected and that he didn't receive the support from the people that he thought he was going to receive by killing King. Mr. Huie felt that Jerry Ray knew prior to the killing what James Earl was going to do and that he knew after the killing and that he assisted James Earl Ray.

Re ~~ME~~airtel to the Bureau dated 1-30-69.

Review of this matter discloses that Legat, Mexico, received information that Negro males from a cruise ship "Italia" sailing from the Los Angeles, California, area and docking at Puerto Vallarta, Mexico, on or about 10-29-67, were involved in an altercation with James Earl Ray while Ray was drinking in a cafe with a Mexican prostitute.

This information was provided to Mr. Phil M. Canale, Jr. State Attorney General, Shelby County, Memphis, Tennessee, who is prosecuting the state's case against James Earl Ray. Mr. Canale indicated that it would be helpful in his case if the crew members from the cruise ship "Italia" could be located and interviewed, as this would possibly establish Ray's prior anti-Negro sentiments.

Los Angeles ascertained that the "Princess Italia" did not arrive at Puerto Vallarta until 12-19-67, and it was further determined that other cruise ships sailing from the Los Angeles area did not stop at Puerto Vallarta during the pertinent period of the altercation.

In view of the fact that Los Angeles conducted extensive investigation to determine identity of any ship that was docked at Puerto Vallarta with negative results; it is possible that the Negro crew members could have been from a yacht or private boat, and in view of the time that the altercation took place, it does not seem feasible that further investigation should be conducted in this matter.
