Laundry
marks

Re Memphis airtel to all offices, 4/19/68

On 4/22/68, ROBIN DEANS, Marking Machine Operator, Naval Air Station Laundry, Bldg V-57, NF NAS advised the code number 20R-3 could not have come from any of the three Textile Marking Machines on the premises. She advised the codes used in that Laundry never include a dash in any part of the code. She also advised the three machines always print ^{the} ~~in~~ _{entire} code in large type only.

Deans explained the code used by the NAS Laundry is as follows:

- (a) Color of tape distinguishes one lot from another
- (b) One lot = 40 bundles
- (c) The first number or numbers in the code designates the # of the lot
- (d) The letter designates the week # of the year.
- (e) The last number or numbers designate the bundle # in the lot. (never higher than 40).

The following investigation was conducted by SA Gentry H. Lowe Jr.

AT NEWPORT NEWS, VA.

FRED E. WOOD, Manager, Warwick Laundry Inc., 124 24th. street, advised 4/15/68 that his laundry uses an invisible mark that can only be seen under an ultra violet light. He was shown a photograph of a T-shirt and pair of shorts bearing the marking 02B-6 and stated that the machine that produced this marking is a much newer model than is used by his laundry. He stated he did not know any laundry which uses such a marking device.

From: SA Robert W. Hunter

Title: MURKIN

CR

OO: Memphis

Re Albany airtel to Director 4/12/68

On 4/15/68, Mrs. Robenia Deane, operator in Charge of Marking Section, NF NAS Laundry Bldg. V-57 advised she is the operator of three Textile Marking Machines on the premises. She viewed the photograph of the laundry markings in question in this case and advised it was not possible for these markings to have come from any of the machines on her premises due to the small size of the ^{numbers} zero and two in the photo. All numbers and letters used by the machines at the NAS Laundry are large type.
