TO : FILE (44-1242)

FROM : SAC, SAN ANTONIO

SUBJECT: MURKIN

DATE: April 11, 1968

Reference is made to recent Bureau teletype instructing that all financial institutions be contacted looking toward pertinent information involving suspect GALT in this matter. This investigation is currently under way.

In a discussion today with SAC SHANKLIN at Dallas, he advised he had been in touch with Inspector SULLIVAN at Memphis who informed the above instructions intended to cover banks, savings and loans and credit unions. It is not expected that all loan offices be contacted, it being noted in the City of San Antonio, itself, we have over 200.

I told SAC SHANKLIN that we would follow this procedure and that Memphis would be advised of any pertinent developments.

Re Bureau teletype, 4/9/68, and Albany airtel to Bureau, 4/10/68.

For the information of offices not previously advised, the following is set forth:

Search of premises believed occupied by Unsub who assassinated Dr. MARTIN LUTHER KING on 4/4/68, disclosed suitcase in which was located tee-shirt and undershorts bearing laundry mark on red tape with black lettering believed to be thermo-seal type, manufactured by Textile Marking Machine Co., Inc., Syracuse, N. Y. The tape is $\frac{1}{4}$ " wide and $1 \frac{1}{16}$ " long and bears letters and numbers 02B-6.

Experts at Textile Marking Machine Co. advise type on this machine is unusual in that the first two characters are 15 point type and the last three characters are 18 point type, with the middle character, the letter B, probably being narrow rather than regular type. The usual machine carries 15 point type for the first three characters and 18 point type for the last two characters.

Textile Marking Machine experts also stated this machine is defective in that it is producing a tape 1 1/16" long instead of 1 1/8" long and is not projecting the tape far enough resulting in cutting off a portion of the first letter. The code used in the Northeast part of the U. S. is as follows:

The first letter O stands for lot number; the first number 2 indicates the day of the week, two being Tuesday; the second letter indicates the first letter of the store name, this is the letter B; the last number is the bundle number, this is 6. Color coding of the tag may designate various things such as a different month or the identity of a store in a chain. Experts also state the use of this system on laundry items is unusual in that the system is normally used on garments being dry cleaned.

The Bureau has instructed that all textile machines using this type tape be located and machines using this code be identified.
