Re Albany airtels 4/10/68 and 4/11/68, setting forth concerns who purchased Thermo-Seal marking machines, and Bureau teletype to Memphis, 4/12/68.

The FBI Laboratory advised that pillowcase and bed sheet were found in trunk of 1966 white Mustang registered to ERIC STARVO GALT, which was located at Atlanta 4/11/68. These items contain Thermo-Seal laundry tapes of approximately same size as tapes on items previously recovered, but are yellow in color and contain code, "20R-3." In opinion of Textile Marking Machine Company, Syracuse, New York, the tapes were produced by a different machine than previous tapes since the first three characters are 15 point type and the last two characters are 18 point type.

The Textile Marking Machine Company suggests the twenty in above code would be the lot number, the R may mean that this was a return of a batch of laundry, and the three is the bundle number.

At about 6 p.m. on 4/4/68, while standing on the second floor balcony outside Room 306 of the Lorraine Motel, 406 Mulberry Street, Memphis, Tennessee, Dr. MARTIN LUTHER KING, JR. was struck in the right side of the face by a single bullet fired from a 30-06 rifle. The bullet severed KING's spinal cord and death was almost instantaneous.

This investigation, predicated upon a specific request from the Attorney General of the United States, disclosed that the fatal shot had been fired from the bathroom of a cheap rooming house located at 422½ South Main Street, Memphis, which bathroom was located at the rear of the rooming house, and had a window overlooking the Lorraine Motel.

At about 3 p.m. on 4/4/68, an individual using the name JOHN WILLARD had rented Room 5-B in the rooming house at 422½ South Main Street and had paid one week's rent. After hearing the rifle shot at about 6 p.m. on that same day, other tenants in the rooming house observed a man presumably identical with WILLARD, fleeing from the rooming house carrying a large package which was subsequently abandoned by him on the sidewalk in front of the Canipe Amusement Co., 424 South Main Street, Memphis. A neighborhood investigation in the vicinity of 424 South Main Street disclosed that the subject had fled from the scene in a white Mustang.

Found abandoned in front of 424 South Main Street was a 30-06 Remington model 760 rifle which was determined to have been

sold to one HARVEY LOWMEYER on 3/30/68 by Aeromarine Supply Co., Birmingham, ~~Alabama~~.

Investigation at Memphis disclosed that an individual had purchased a set of binoculars at the York Arms Company in Memphis on 4/4/68. These binoculars were among the material abandoned with the rifle and recovered in Memphis. Also recovered was a brown and green herringbone bedspread. The items abandoned in Memphis were all wrapped in this bedspread. The blue bag which was inside the bedspread contained numerous items, among which were the binoculars and a set of underwear consisting of a T-shirt and shorts. The T-shirt and shorts are those on which appears the laundry mark which has been a matter of interest in this case.

A search of motel records in the Memphis area disclosed that an individual using the name ERIC S. GALT had spent the night of 4/3/68 at the Rebel Motel, Memphis, Tennessee, and was driving a 1966 white Mustang bearing Alabama License 1-38993. Investigation at Birmingham disclosed that this automobile had been purchased by ERIC S. GALT on August 30, 1968, from a private person in response to a newspaper ad. He paid a total of \$1995 cash. While in Birmingham he furnished the address of 2608 South Highland Avenue, Birmingham. This is also the address which appeared on a driver's license issued to him by the State of Alabama. The driver's license identifying data listed his birth date as [redacted], his height as 5'11", his weight as 170 and his eyes blue and hair brown.

The automobile in question, the white Mustang bearing the Alabama tags mentioned above, was recovered in Atlanta on 4/11/68 and determined to have been abandoned there prior to 9 a.m. on 4/5/68.

In connection with the evidence submitted by Atlanta, Birmingham, and Memphis, identifiable latent prints were recovered. It was on the basis of these latents that identification was made of JAMES EARL RAY. In handling future leads, all offices should be particularly interested in securing an identifying number, military, police, or FBI, in connection with suspects so that the necessary check can be made through the Identification Division.

On 4/17/68, AUSA R. MACEY TAYLOR, Birmingham, authorized the filing of a complaint charging ERIC STARVO GALT with a conspiracy to violate Section 241, Title 18, U. S. Code, and

ME 44-1987

recommended bond in the amount \$50,000. On that same date, SAC JOSEPH H. GAMBLE filed a complaint before USC MILDRED F. SPRAGUE, Birmingham, and warrant was issued that same date.

For further information re JAMES EARL RAY, all offices are directed to press release furnished them by the Bureau on 4/19/68. *done*

Dear Sirs,

Telet to me sent

This is probably of no importance
what so ever, but I feel I should
report it. It is in connection
with the hunt for the killer of
Martin Luther King.

on april 5th my husband
and I were driving to ST. Louis. we
were leaving Haplan'sville Ky
when I saw out of the corner of

my eye a man in a white car
drive rapidly up to the office of
a Holiday Inn. He had heavy black
hair and was in a great rush so much
so that it was noticeable.

As we were driving along
the road to Madisonville he
passed us going very fast - He cut
in front of us for a time and
I noticed that he had a black
coat hanging on the back beside
him and wore a white shirt. I
took down his licence no. It was
a Tennessee Licence JH-6578-
When we crossed the Madisonville
cut off he had turned off and was headed

Toward Madisonville. This was
around 10 or 11 A.M.

I didn't report this sooner
as the account of the man's age
was late twenties and also that
he was probably in Mexico.

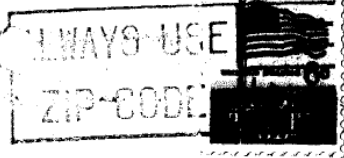

This man was older and
heavier so when I saw his picture
and read that he was now 40
and heavier and had longer
hair I decided that it could possibly

have been (him and if so (may be
this letter type would be better late

Re laundry checks, Mexico Resident Agency.

On 4/9/68, Mr. E. WARNER WILLIAMS, President, Crown Laundry and Dry Cleaning, Mexico, Mo., advised that his company uses a thermoseal marking machine. He stated that the laundry marks are made in indelible ink directly on to the garment and they utilize the first letters of the name in order that they can be associated with a name. He stated that they do not use any numbers at all and they are put directly on the garment.

Mr. WILLIAMS advised that the laundry number 02B6 as he understands the laundry marking system would have to do a lot number. He stated that 02 would indicate that it is probably the second lot started during a particular week and B6 would either indicate B for the initial of the customer or bundle 6 of lot 2. He went on to state that during a 40 hour week there would be 40 lot numbers starting with 01 through 40 or 40 lots and a number of bundles for each lot would be identified by a letter on a laundry ticket. He said it would be virtually impossible to determine who had such a laundry number as each week the same number would be given again.

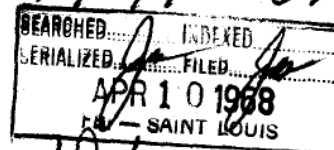

The above is being set forth for information only inasmuch as it is not used by the Crown Laundry.

Mr. WILLIAMS advised that the only laundries that would possibly use the thermoseal marking machine in this area would be the laundries in St. Louis, the laundry at Columbia, Mo., possibly the laundry at Moberly, Mo., and one at Hannibal.

On 4/9/68, Mr. JIM HOLMAN, SR., owner of the Puritan Laundry, 224 N. William St., Moberly, Mo., advised that his company does not use the thermoseal marking machine and is not familiar with their type of marking.

SUBJECT: MURKIN

Supervisor JOHN O'BEIRNE telephoned from the Bureau at 4:35 p.m. today and furnished the following information.

CLARA PRINGLE NEEL, 128 South Main Street, Henderson, Kentucky, telephoned the Bureau today. She stated that on April 10, 1968, she was delayed between planes at St. Louis Airport. Between the hours of 2:00 and 3:00 p.m., she noticed a white-uniformed male who apparently was an employee of Eastern Airlines and he was engaged in putting food into Eastern Airlines planes, obviously an employee of EAL or one of the concessions. She noticed particularly that he answered the general height and weight qualifications of ERIC GALT but noticed specifically that he had an out-turned ear similar to the photograph released to the press yesterday.

Bureau requests that we rationalize this situation and thereafter advise the Bureau by airtel of the results.

Reference Bureau phone call to St. Louis 4/18/68.
